

Our Coast, River and Estuaries Questionnaire

Thank you for taking the time to complete this questionnaire about the coast, river and estuaries of Shoalhaven. Your responses will help us understand the important issues that should be considered in Shoalhaven's Coastal Management Plan (CMP).

The questionnaire responses will inform a single Scoping Study which covers all of Shoalhaven's coastline and estuaries. Council will then use this Study to develop multiple CMPs each with their own specific mix of values, threats and opportunities.

Currently Council has funding to prepare CMPs for

- **St Georges Basin, Sussex Inlet and the Open Coast**
- **Lower Shoalhaven River Estuary**
- **Lake Conjola**

More CMPs will be developed in the future and, together with the three listed above, will form the Shoalhaven Coastal Management Program.

The Scoping Study is just Stage 1 of a 5 stage process and there will be further opportunities to be involved as we move through the stages.

Because this Study is the starting point for all of Shoalhaven's CMPs, it's very important that Council receive information from a broad cross section of the community and from as many locations as possible. The survey is a way for residents and visitors to comment on all the places that are special to them.

The questionnaire is anticipated to take approximately 25 minutes to complete and all responses will remain confidential.

We appreciate your time in helping to manage these remarkable coastal areas.

You can complete the questionnaire online (this is preferred as all information will be compiled and results shared electronically). However, where online completion is not possible a paper version can be provided on request.

If you have any queries about filling in this questionnaire, please e-mail the team at coastal.management@shoalhaven.nsw.gov.au so we can help. Answers to common queries about the questionnaire will be put on Coastal Management [Get Involved Web Link].

Staying in touch

28. Are you happy if we contact you to discuss your responses?

- Yes
- No (go to question 31)

29. Email address:

30. The best contact number:

31. How would you prefer to receive further information regarding coastal management activities and projects in Shoalhaven? Tick any that apply.

- Via Council's Get Involved website
- By emailing the Coastal Management Project Team
- Attend a Council convened community meeting reporting on the outcomes from the Scoping Study.
- Have the Coastal Management Project Officer personally attend and update your existing Community Group/Organisation meeting on the outcomes from the scoping study
- Receive Frontline News – a newsletter about coastal management in Shoalhaven City Council
- Via a new CMP quarterly update letter sent directly to my personal e-mail account
- I'd prefer not to receive further information
- Other (please specify)

32. What are your preferences for further community engagement opportunities in regard to coastal management activities and projects in Shoalhaven? Tick any that apply.

- Establish a working group for each coastal system when a CMP is being prepared.
- Be invited to comment on the draft CMP (beginning of Stage 4) when it is publicly advertised
- Be invited to make a written submission at the beginning of Stages 2,3 & 4 of the CMP development
- I'd prefer not to contribute further
- Other (please specify)

33. And finally, is there any other information you wish to provide to the study team? Please send any attachments or files to the project team. (Contact e-mail address provided below).
