# Message from Shoalhaven City Council

## Mayor, Amanda Findley

We have achieved a lot since we adopted our first Disability Inclusion Action Plan for 2017-2021. This Disability Inclusion Action Plan 2022-2026 builds on our achievements to improve inclusion for people with disability.

To develop this second Disability Inclusion Action Plan, Council undertook extensive community consultation with more than 300 participants. I would like to thank the individuals, services and community groups who spoke with us about how we can make Shoalhaven more accessible and inclusive.

Our conversations with the community highlighted that Shoalhaven is a diverse city with people of many abilities. The Disability Inclusion Action Plan demonstrates Council's pride and commitment to building an inclusive and accessible community, ensuring that people of all abilities enjoy the same rights, opportunities, and benefits of living and working in Shoalhaven. People living with disability are an important part of our community and make a valuable contribution to life in the Shoalhaven, and we recognise the right to have fair access to opportunities and services.

I look forward to working with Council, services, and the community to build on our achievements to date and to improve inclusion for people with disability.

# Introduction and Summary

Inclusion in the Shoalhaven means all people have equal access in our community and that they feel they belong. Our actions matter and true inclusion is only possible when we work together to remove barriers, improve equitable access, independence, and provide those in our community with dignity, respect, and equal opportunity to participate in a safe and welcoming way.

This is Council's second Disability Inclusion Plan 2022-2026 (The Plan). The Plan is a four-year framework to highlight how Shoalhaven Council will continue to improve access, service, activities, employment, and information for people living with a disability, their families, and carers.

Council is committed to improving opportunities for people of all ages with a disability, to access the full range of services and activities available. The priorities within this document are based on the lived experience of people who live, work, play and visit the Shoalhaven.

Over 300 people, disability service providers, families and carers contributed to the Plan and shared their thoughts and experiences about how Council can improve the accessibility and inclusivity of the Shoalhaven.

Council used the feedback from community to develop actions under the four key community themes. These themes are required under the NSW Disability Inclusion Act 2014 and show what Council will do to ensure people who have a disability can participate fully in life in the Shoalhaven.

## The four community themes are:

The Plan's strategies and their measures fall within our integrated planning framework.

These strategies guide Council's priorities and sets out how we aim to achieve these priorities and actions each year.

Each year Council will update community on the progress of the Plan through our annual report.

## The Case for Inclusion

- The responsibility for changing attitudes and behaviours towards disability belongs to everyone. Attitudes towards people with disability are often a symptom of ignorance, fear, or the lack of opportunities to interact. Developing positive attitudes involves increasing awareness and changing perceptions over time.
- Accessible infrastructure benefits everyone. It is necessary for social and economic participation.
- Employment provides new connections, skills and leads to an improved quality of life. A job can give new opportunities to be part of a team and can provide independence to expand skills often leading to greater self-confidence.
- When the economy is inclusive it provides everyone with better access to goods and services. With 1 in 5 Australians living with a disability it is important to consider whether businesses are missing 20% of potential customers.

# Developing the Plan

## Research

Before we started to review the Plan, Council conducted research and looked at demographic data from the Shoalhaven and across Australia. We also reviewed our Disability Inclusion Action Plan 2017-2021 to see what we had achieved and where there were areas for improvement.

## Community Engagement

Council engaged The Flagstaff Group, a local disability service provider to support the review of the Plan. A range of methods was used to engage with over 300 people living with a disability, local disability providers, families, friends, and carers who shared their thoughts and experiences about how we can continue to improve the accessibility and inclusivity of our city. We hosted community workshops, online surveys, one-on-one meetings and targeted workshops with service providers and Aboriginal service providers.

## Outcomes, Priorities & Actions

To ensure the best results for community, Council set clear outcomes under each Focus Area of the Plan. Priorities and actions describe how outcomes will be achieved, and the actions for each priority. Each action includes its own measure and outlines which department in Council is responsible for the action, a time for when it will be completed and a budget for the cost. A full action table can be found in Appendix 1 of the Plan.

## Exhibition and Endorsement

The Draft Plan was reported to Council and put out to public exhibition for the community to provide feedback. This was then reviewed and considered prior to reporting back to Council and the Plan was endorsed.

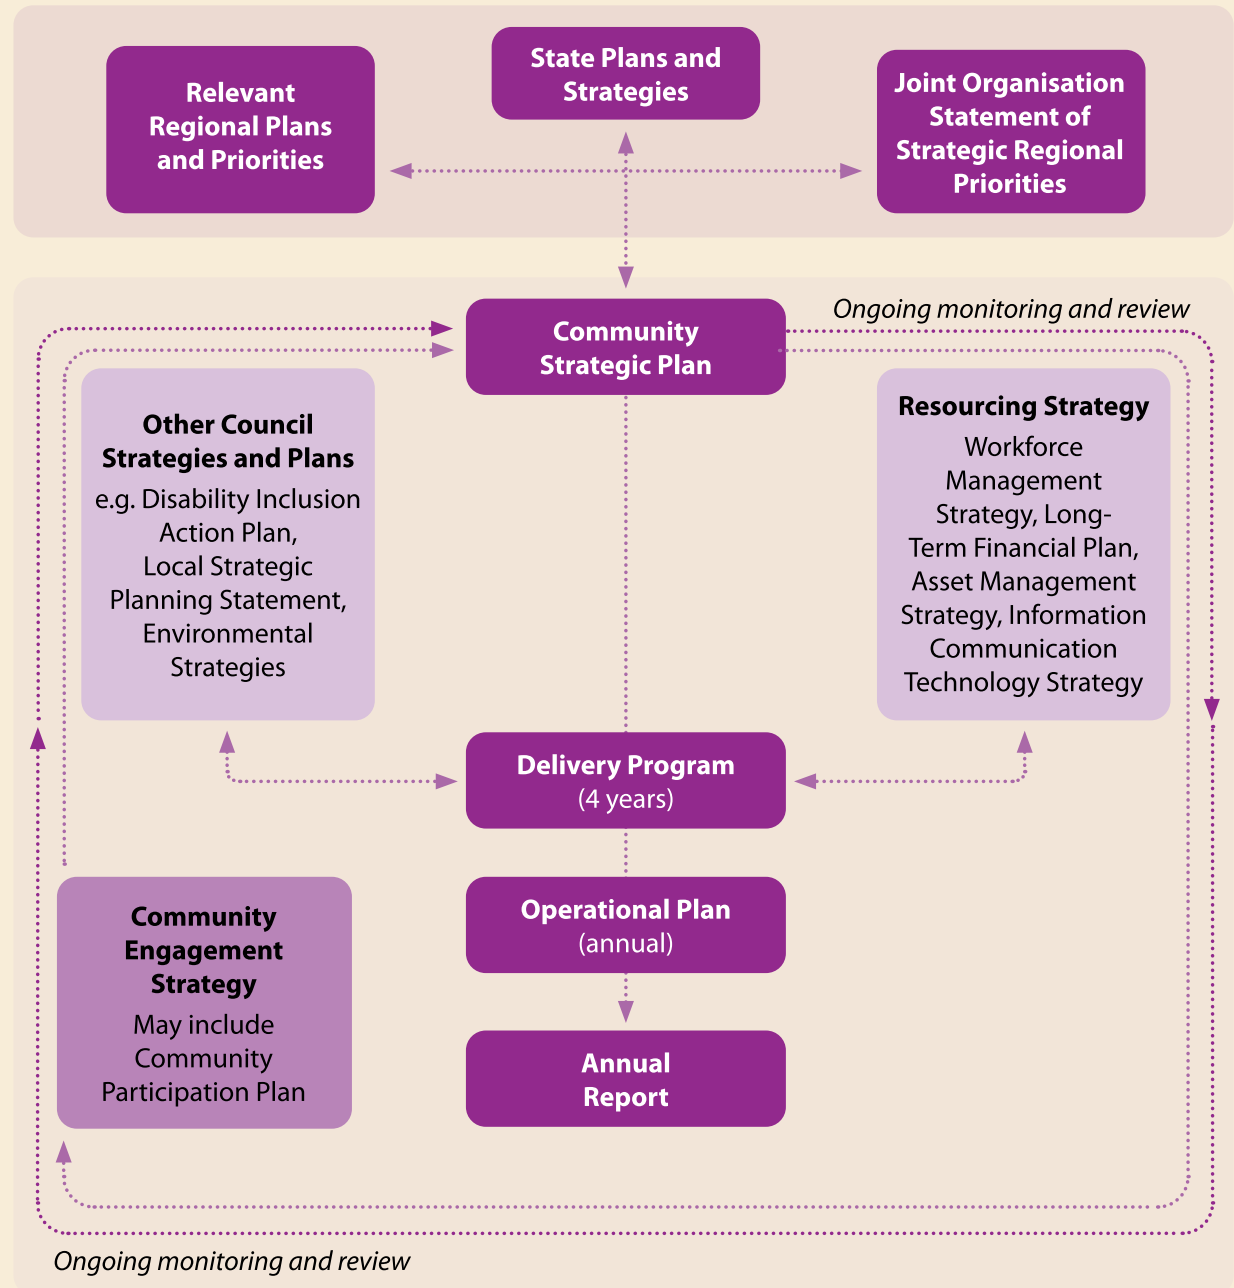

## Lodgement

The endorsed Plan will be lodged with the Disability Council of NSW.

# Council's Planning

All local Councils are required to develop a Disability Inclusion Action Plan. Shoalhaven City Council (SCC) works within a framework of a wide range of legal and policy requirements, which have informed the development of this plan.

Council's Disability Inclusion Action Plan falls within our integrated planning framework, along with other supporting plans. These strategies and plans guide Council's priorities from across the city and Council's Delivery Program and Operational Plan sets out how we aim to achieve these priorities and actions each year.

## Delivering the Plan

### Governance

The Disability Inclusion Action Plan is owned by all Councillors, Executive Team, and staff. A project control group will oversee Council's ongoing implementation of this plan.

### Delivery and implementation

The actions of the Plan will be included in the Integrated Planning and Reporting Framework by including them in Council's Delivery Program & Operational Plan. Progress on the Plan will be monitored by managers across Council.

### Monitoring and evaluation

An evaluation framework has been developed to measure change. Council will collect and report on the implementation of the Plan.

### Reporting

Each year Council will update the community on the progress of the Plan through our annual report. Council will provide a copy of this report to the NSW Disability Council.

### Ongoing engagement and review

Council will continue to engage with community to ensure we are working towards an inclusive Shoalhaven and will review the Plan in 2026 to continue to guide Council into the future.

## Funding the Plan

Several actions in the Plan focus on improving the way we do things, these actions will not cost additional money, as the attention will be on Council working in more inclusive ways. Some actions within the Plan will require additional funds to implement, these relate to upgrading existing facilities and building more inclusive infrastructure. The funds to deliver these actions will be allocated through the annual budget process where possible and may require Council to apply for external grant funding to achieve.

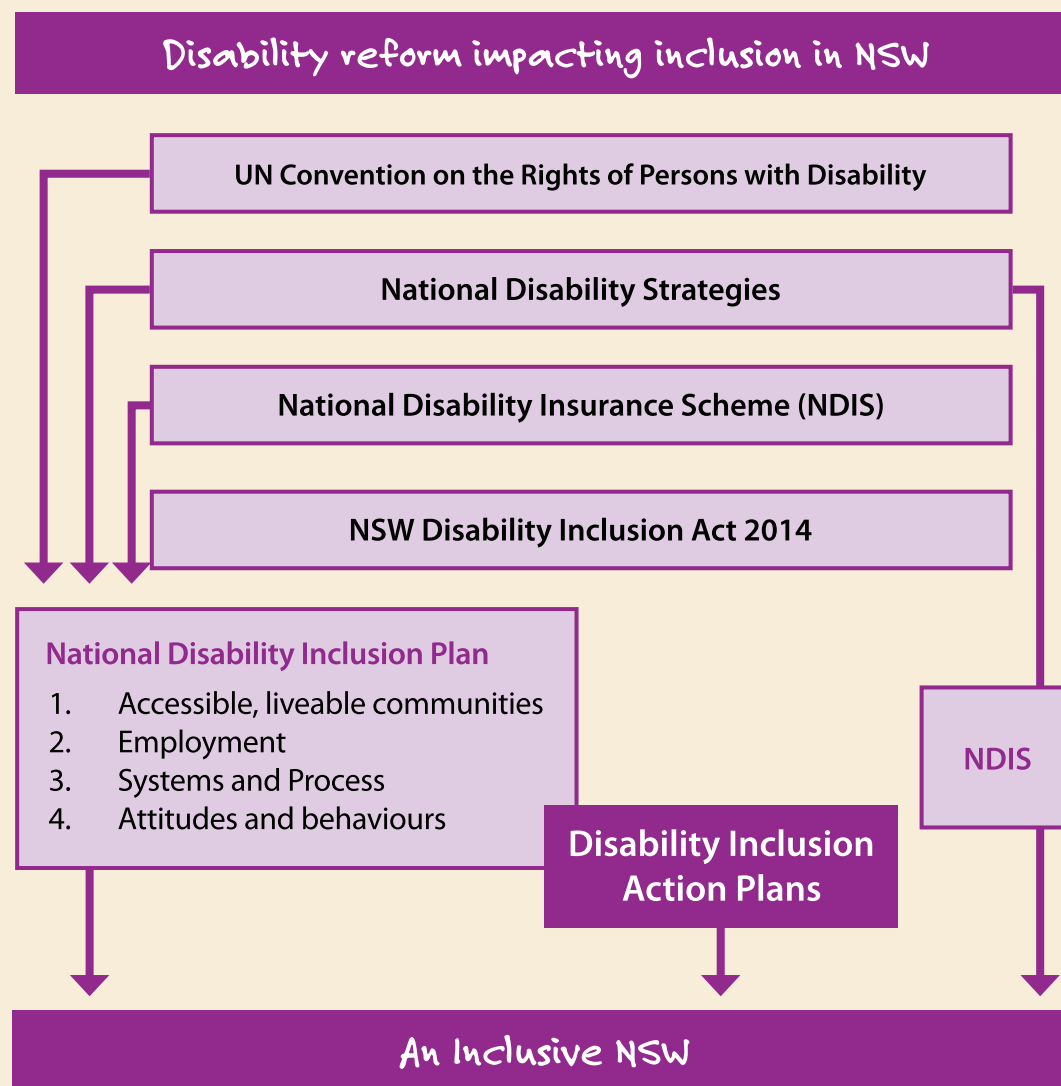

## Legislative & policy

People living with a disability, their families, carers, and those who support them have a legal right to access service, and facilities. These rights are part of State and Commonwealth policy and legislation which makes it illegal to discriminate against a person with a disability.
