PRICING POLICY

Pricing Method	Definition
Market Rate	Price of the service determined by investigating alternative prices of surrounding service providers. Pricing may or not recover full costs
Full Cost Recovery	Recovery of all labour, direct and overhead costs associated with providing a service. This includes labour, direct and overhead expenses.
Partial Cost Recovery	Council recovers less than the full cost (the reasons may be community obligation or legislation limits on charging). This can be any % of the Full cost recovery depending upon the subsidy required
Fully Subsidised	Some services may be provided free of charge and the whole cost determined as a community obligation or may be classified as a public good.
Set by Act/Regulation	Price of the service is determined by legislation. Price may or may not recover full cost.
Refundable	A Fee which is refundable to the payee after the prescribed condition is met

Arts Centre

Please contact the facility's Booking Officer for a copy of Council's Terms and Conditions of Hire.

All prices listed are the maximum rate that can be levied.

GENERAL SECURITY BONDS

A bond of is required for all bookings and is determined by the type of booking. The bond is payable in advance, at the time of booking the facility. A refund of the bond will not be forwarded until the Booking Officer has attended at the facility and carried out a site inspection (as appropriate). Where the facility has been left untidy (ie, furniture not reconfigured, kitchen, cutlery, crockery, appliances and/or glassware not cleaned, etc) or the facility has been damaged, the Booking Officer will contact the hirer and make arrangements for cleaning/repairs to be carried out. Any cost incurred by the Booking Officer will be deducted from the bond monies (GST then applies in this instance). The hirer is responsible for any additional cleaning costs necessary to reinstate the facility to its condition prior to the hiring and for any costs/fees incurred for the repair or replacement or any loss or damage to Council property, furniture, fittings and equipment. Where the inspection of the facility proves satisfactory, a cheque for the refund of the bond monies will be forwarded to the hirer within ten (10) working days from the inspection date. The minimum bond payable will be determined by information obtained from the Party Safe Kit form endorsed by NSW Police.

CANCELLATIONS

Should you decide not to use the facility for your event, you must advise the Booking Officer at least one (1) month prior to the booked event date otherwise you will be responsible for full payment. Where payment for the event has been made prior to cancellation, a cheque in refund of the fees and bond will be forwarded by post within fourteen (14) working days from the date of cancellation.

DEFINITION OF HIRERS:

COMMERCIAL HIRERS:

Commercial hirers are hirers that require Development Consent and/or charge for activities at the facility and are required to have their own Public Liability Insurance.

CASUAL HIRERS:

Casual Hirers are hirers of any facilities owned by Shoalhaven City Council (other than incorporated bodies, sporting clubs or associations of any kind, commercial or profit-making activities) and who hire the facility on less than ten (10) days in any twelve (12) month period.

REGULAR HIRERS:

Regular Hirers are hirers of any facility owned by Shoalhaven City Council (other than incorporated bodies, sporting clubs or associations of any kind, commercial or profit-making activities) and who hire the facility on more than ten (10) days in any twelve (12) month period.

Public Buildings and Facilities

Please view Council's Terms and Conditions of Hire at <https://shoalhaven.nsw.gov.au/My-Community/Community-facilities>.

All prices listed are the maximum rate that can be levied.

GENERAL SECURITY BONDS

A bond is required for all bookings other than low-risk meetings and is determined by the type of booking. A refund of the bond will not be forwarded until the Booking Officer has attended at the facility and carried out a site inspection (as appropriate). Where the facility has been left untidy (ie, garbage not removed, kitchen, cutlery, crockery, appliances, and/or glassware not cleaned, etc) or the facility has been damaged, any cost incurred to rectify will be deducted from the bond monies (GST will apply). The hirer is responsible for any additional cleaning costs necessary to reinstate the facility to its condition prior to the hiring and for any costs/fees incurred for the repair or replacement or any loss or damage to Council Property, furniture, fittings and equipment.

Any bond monies refunded will be paid by cheque, by post, within fifteen (15) working days from the inspection date.

Upon implementation of Council's online booking system (expected implementation December 2018):

A bond is required for all bookings other than low-risk meetings and is determined by the type of booking. A refund of the bond will not be forwarded until the Booking Officer has attended at the facility and carried out a site inspection (as appropriate). Where the facility has been left untidy (ie, garbage not removed, kitchen, cutlery, crockery, appliances, and/or glassware not cleaned, etc) or the facility has been damaged, any cost incurred to rectify will be deducted from the bond monies (GST will apply). The hirer is responsible for any additional cleaning costs necessary to reinstate the facility to its condition prior to the hiring and for any costs/fees incurred for the repair or replacement or any loss or damage to Council Property, furniture, fittings and equipment.

Any bond monies refunded will be paid via:

- credited to the credit/debit card used for payment of the fees/bond, or
- by special arrangement, paid by cheque, by post, within fifteen (15) working days from the date of cancellation/bond inspection.

CANCELLATIONS

Should you decide not to use the facility for your event, you must cancel the booking at least 7 days prior to the booking date, otherwise you will be responsible for full payment.

DEFINITION OF HIRERS:

COMMERCIAL HIRERS:

Commercial Hirers are entities registered with the Australian Tax Office, and hold an ABN (e.g. sole-traders, organisations or businesses) that make profit or exist for the purpose of making profit.

Non-profit organisations applying for Casual/Regular hire rates are required to provide evidence as following:

- registration with Australian Charities and Not-for-Profits Commission (ACNC), or
- incorporated as Association with Department of Fair Trading, or
- endorsed by the ATO as Deductible Gift Recipient on Australian Business Register.

CASUAL HIRERS:

Casual Hirers are hirers of any facilities managed by Shoalhaven City Council (other than Commercial Hirers), and who hire the facility on less than ten (10) days in any twelve (12) month period.

REGULAR HIRERS:

Regular Hirers are hirers of any facility owned by Shoalhaven City Council (other than Commercial Hirers), and who hire and book at the same time the facility, on more than (10) days in any twelve (12) month period.

GENERAL

All fees, charges and bonds for the hire of public facilities are payable in advance, a minimum of 7 days prior to the booking date. After this time full fees are payable at the time of booking, and no refunds of fees, charges or bonds will be given for cancellations (exceptions may be made upon written application, and at the discretion of Group Director).

Upon implementation of an online booking system:

A deposit will be payable at the time of booking (\$50 or 10% of hire fee, whichever is the higher).

All remaining fees and bond will be due 7 days prior to booking date.

No refunds will be given for cancellations after 7 days prior to booking date (exceptions may be made upon written application, and at the discretion of Group Director).

Full fee + bond will be payable for bookings made within 7 days of booking date.

Non Profit Organisations

Policy Note: EXEMPTION FROM PAYMENT OF FEES

Council's policy exempts certain organisations from the payment of fees associated with Development Applications and Sewage Management Facilities subject to the following exemption criteria –

(a) The applicant is a non-profit organisation which is either -

- Registered charity and evidence of registration as a charity has been provided to Council;
- A local community or sporting group which is recorded in Council's Community Services Directory; or
- Schools and Council projects of a "Community" nature.

(b) The Development proposal does not involve an ongoing commercial or business type venture such as a nursing home or childcare centre.

(c) The sum of all of the fees associated with either a development application or construction certificate application does not exceed \$1,500 or, in the case of a proposal requiring both development consent and construction certificate, the total of all fees does not exceed \$2,000.

Organisations who meet the exemption criteria are required to pay upfront any amount above the fee waiver thresholds above. The organisation can apply for reimbursement of the amount paid. The application should include a written request outlining the grounds for waiving the fees and will be referred to Council's Works & Finance Committee for consideration on merit.

Organisations which do NOT meet the exemption criteria must pay the scheduled fees upon lodgement of an application. If a refund of the fees is sought, a written request outlining the grounds for waiving the fees must be referred to Council's Works & Finance Committee for consideration on merit. Any donations determined by the Committee will be paid out of the 'unallocated donations' budget.

Activities under the EP&A Act

DEVELOPMENT APPLICATIONS

General Development

Additional fee if referred to a Design Review Panel	Maximum set by EP&A Regulations	Set by Act/Regulation	100%	N	\$3,000.00
Council assessment of DA's for SEPP (Sydney Drinking Water Catchment) on behalf of Sydney Catchment Authority (Kangaroo Valley and Sassafras areas only). Module 1 (Single dwelling and ancillary structures – sewerer site)		Full cost recovery	100%	N	\$156.00 per application
Council assessment of DA's for SEPP (Sydney Drinking Water Catchment) on behalf of Sydney Catchment Authority (Kangaroo Valley and Sassafras areas only). Module 2 (Single dwelling and ancillary structures – unsewered site)		Full cost recovery	100%	N	\$286.00 per application
Council assessment of DA's for SEPP (Sydney Drinking Water Catchment) on behalf of Sydney Catchment Authority (Kangaroo Valley and Sassafras areas only). Module 3 (Multi-unit residential – sewerer site)		Full cost recovery	100%	N	\$156.00 per application

Fee Description	Purpose	Pricing Policy	Recovery	GST Incl.	2018/2019 Amount
Stand pipe water sales					
To recover the cost and administration of standpipe hire and bulk water filling stations.					
Availability hire charges for a 25mm standpipe - quarterly	To recover the cost of purchase, maintenance and administration through the Water Account quarterly.	Full cost recovery	100%	N	\$56.00 per quarter
Availability hire charges for a 65mm standpipe - quarterly	To recover the cost of purchase, maintenance and administration through the Water Account quarterly.	Full cost recovery	100%	N	\$105.00 per quarter
Usage charge per kilolitre - for all water usage recorded through stand pipes.	To recover the cost of providing water	Full cost recovery	100%	N	\$1.70 per kilolitre
Usage charge per kilolitre - for all water usage recorded through Bulk Water Filling Stations	To recover a component of the cost of providing water whilst encouraging this use of fixed bulk water fillings stations in the mitigation of water mains disruptions.	Partial cost recovery	50%	N	\$0.85 per kilolitre
Security deposit (refundable) for 25mm standpipe hire	To ensure 25mm standpipes are returned and usage of water from standpipes is controlled and regularised	Refundable	N/A	N	\$180.00 per 25mm standpipe
Security Deposit (refundable) for 65mm standpipe hire	To ensure 65mm standpipes are returned and usage of water from standpipes is controlled and regularised	Refundable	N/A	N	\$460.00 per standpipe
Failure to present standpipe for annual reading of metered water use.	To recover the reasonable cost of providing a supply and capturing volumes of water used through a metered standpipe.	Full cost recovery	100%	N	Fee calculated on the average standpipe water usage in that F/Y
Purchase of bulk water filling station operators key.	To recover the cost of purchasing the key and administration of the ongoing access	Full cost recovery	100%	N	\$20.00 per key

WATER METER AND WATER SERVICE INSTALLATIONS

Installation of a Single Water Meter and Service

Where water availability is an entitlement on a single unmetered lot: these charges represent the recovery of costs for installing at the property boundary the first single water meter in the size as applicable.

20mm short or long	To recover the cost of pipework upstream of water meter for a single lot	Full cost recovery	92%	N	\$120.00 per service
25mm short	To recover the cost of upsizing from std 20mm	Full cost recovery	100%	N	\$210.00 per service

SHOALHAVEN WATER

Fee Description	Purpose	Pricing Policy	Recovery	GST Incl.	2018/2019 Amount
25mm long	To recover the cost of upsizing from std 20mm	Full cost recovery	100%	N	\$985.00 per service
32mm short	To recover the cost of upsizing from std 20mm	Full cost recovery	100%	N	\$565.00 per service
32mm long	To recover the cost of upsizing from std 20mm	Full cost recovery	100%	N	\$1,700.00 per service
40mm short	To recover the cost of upsizing from std 20mm	Full cost recovery	100%	N	\$970.00 per service
40mm long	To recover the cost of upsizing from std 20mm	Full cost recovery	100%	N	\$2,185.00 per service
50mm/15mm Combination short	To recover the cost of upsizing from std 20mm	Full cost recovery	93%	N	\$2,625.00 per service
50mm/15mm Combination long	To recover the cost of upsizing from std 20mm	Full cost recovery	95%	N	\$3,865.00 per service
Installation of meter to unit/community title on private mains with bridging piece in place - one meter	To recover cost of installing first meter	Full cost recovery	100%	N	\$145.00 per meter

Installation of additional Water Meters and Services

These charges represent the recovery of costs for metered services installed upon a single lot, with a water availability entitlement over and above a single metered connection. (Note: multiple water and sewer availability charges will be applicable following the connection)

Base fee for additional metered service	To recover cost of installing additional water services (main tapping & service) to property boundary (up to 20m road reserve & 300mm main).	Full cost recovery	100%	N	\$732.00 per service plus the applicable single installation fee above based on the size and length of service required.
---	--	--------------------	------	---	--

Installation of Water Meters or Services on New Developments

Recovery of costs for main tapping, service to the property boundary and meter installation.

Base Fee for a water meter service at a new Development.	To recover cost of installing additional water services (main tapping & service) to property boundary (up to 20m road reserve & 300mm main).	Full cost recovery	100%	N	\$732.00 per service plus the applicable single installation fee above based on the size and length of service required.
Installation of meter to unit/community title on private mains - additional meters (each)	To recover cost of installing subsequent meters	Full cost recovery	96%	N	\$120.00 per meter
Contribution towards installation/connection of 20mm metered service where service line has been installed by Developer during the construction stage of the new development.	To recover cost of installing/connecting a 20mm metered service where service line installed by developer in accordance with Shoalhaven Water approval.	Full cost recovery	100%	N	\$185.00 Cost to extend service above ground and connect meter/stdpipe etc.

Category 3A - High Risk/Industrial/Large Dischargers (less complex pre-treatment equipment)	To recover cost of re-inspection	Full cost recovery	100%	N	\$107.00 per re-inspection
Category 3B - High Risk/Industrial/Large Dischargers (Complex or specialised pre-treatment equipment).	To recover cost of re-inspection	Full cost recovery	100%	N	\$166.00 per re-inspection
Groundwater (contaminated groundwater/stormwater where approved by Department of Primary Industries-Water and Council)	To recover cost of re-inspection	Full cost recovery	100%	N	per re-inspection. Fee charge dependant on complexity of pre-treatment equipment or processes, as for Category 3A and 3B.

Usage Charges

To recover the additional cost of transporting and processing liquid trade waste.

Category 1A/1B - Low Risk Dischargers		Set by Act/Regulation	100%	N	no charge applicable
Non-compliance Category 1A/1B - Low Risk Dischargers	To recover costs associated with treating liquid trade waste at Sewerage Treatment Plants. Discharger is not meeting requirements.	Set by Act/Regulation	N/A	N	\$1.74 per kilolitre
Category 2A discharger - Medium Risk Dischargers with prescribed pre-treatment	To recover costs associated with treating liquid trade waste at Sewerage Treatment Plants	Set by Act/Regulation	N/A	N	\$1.74 per kilolitre
Category 2B - Medium Risk Dischargers without prescribed pre-treatment	To recover costs associated with treating liquid trade waste at Sewerage Treatment Plants. Discharger has exception approval or does not have appropriate pre-treatment equipment.	Set by Act/Regulation	N/A	N	\$16.29 per kilolitre
Non-compliance Category 2A - Medium Risk Dischargers	To recover costs associated with treating liquid trade waste at Sewerage Treatment Plants. Discharger is not meeting requirements.	Set by Act/Regulation	N/A	N	\$16.29 per kilolitre
Category 2S - Chemical Toilet Waste	To recover costs associated with treating liquid trade waste at Sewerage Treatment Plants.	Set by Act/Regulation	100%	N	\$17.52 per kilolitre
Ground water (contaminated groundwater/stormwater where approved by Department of Primary Industries-Water and Council)	To cover the costs associated with treating groundwater/ stormwater in Sewerage Treatment Plants	Set by Act/Regulation	N/A	N	\$16.60 per kilolitre

SHOALHAVEN WATER

Fee Description	Purpose	Pricing Policy	Recovery	GST Incl.	2018/2019 Amount
Food Waste Disposal Unit Dischargers	To recover cost for treating additional waste introduced to the wastewater system. New installations of food waste disposal units are not permitted. This charge is for existing units that have Council approval.	Set by Act/Regulation	100%	N	\$26.21 per bed per year

Excess Mass Charge

To recover the additional cost of transporting and processing liquid trade waste for category 3A & 3B discharges

Category 3A & 3B Discharger - High Risk/Industrial/Large Dischargers	To recover costs associated with treating liquid trade waste at Sewerage Treatment Plants	Set by Act/Regulation	N/A	N	Charging rate as per the list below. Refer also to Council's Liquid Trade Waste Policy for calculation of total charge.
Non-compliance Category 3A & 3B Discharger - High Risk/Industrial/Large Dischargers	To recover costs associated with treating liquid trade waste at Sewerage Treatment Plants. Discharger is not meeting requirements.	Set by Act/Regulation	N/A	N	Charging rate as per the list below. Refer also to Council's Liquid Trade Waste Policy for calculation of total charge.
Aluminium		Set by Act/Regulation	N/A	N	\$0.79 per kilogram
Ammonia (as Nitrogen)		Set by Act/Regulation	N/A	N	\$2.35 per kilogram
Arsenic		Set by Act/Regulation	N/A	N	\$79.24 per kilogram
Barium		Set by Act/Regulation	100%	N	\$39.63 per kilogram
Biochemical Oxygen Demand (5 day test)		Set by Act/Regulation	N/A	N	\$0.79 per kilogram
Boron		Set by Act/Regulation	N/A	N	\$0.79 per kilogram
Bromine		Set by Act/Regulation	N/A	N	\$15.85 per kilogram
Cadmium		Set by Act/Regulation	N/A	N	\$366.00 per kilogram
Chlorinated Hydrocarbons		Set by Act/Regulation	N/A	N	\$39.63 per kilogram
Chlorinated Phenolics		Set by Act/Regulation	N/A	N	\$1,585.00 per kilogram
Chlorine		Set by Act/Regulation	N/A	N	\$1.64 per kilogram
Chromium		Set by Act/Regulation	N/A	N	\$26.41 per kilogram

SANITARY EFFLUENT REMOVAL CHARGES

Effluent Removal Charges (first 2,500 litres levied in Access Charge)

Properties with Bi-Weekly service	Annual cost of providing service to all commercial and residential properties	Full cost recovery	100%	N	\$6,789.00 per annum
Properties with a Weekly service	Annual cost of providing service to all commercial and residential properties	Full cost recovery	100%	N	\$3,394.00 per annum
Properties with a 2 Weekly service	Annual cost of providing service to all commercial and residential properties	Full cost recovery	100%	N	\$1,697.00 per annum
Properties with a 3 Weekly service	Annual cost of providing service to all commercial and residential properties	Full cost recovery	100%	N	\$1,109.00 per annum
Properties with a 4 Weekly service	Annual cost of providing service to all commercial and residential properties	Full cost recovery	100%	N	\$848.00 per annum
Properties with a 5 Weekly service	Annual cost of providing service to all commercial and residential properties	Full cost recovery	100%	N	\$652.00 per annum
Properties with a 6 Weekly service	Annual cost of providing service to all commercial and residential properties	Full cost recovery	100%	N	\$522.00 per annum
Properties with a 7 Weekly service	Annual cost of providing service to all commercial and residential properties	Full cost recovery	100%	N	\$457.00 per annum
Properties with a 8 Weekly service	Annual cost of providing service to all commercial and residential properties	Full cost recovery	100%	N	\$391.00 per annum

Charges for each additional 100 litres extracted over 2,500 litres

Residential Properties	To recover and treat residential quality effluent	Full cost recovery	100%	N	\$2.06 per 100 litres
Commercial Properties	To recover and treat commercially higher standard effluent	Full cost recovery	100%	N	\$2.19 per 100 litres

SHOALHAVEN WATER

Fee Description	Purpose	Pricing Policy	Recovery	GST Incl.	2018/2019 Amount
Effluent Removal Charges - Extra Pumpout Service (first 2,500 litres levied in Charge)					
Extra effluent pumpout service (first 2,500 litres)		Full cost recovery	100%	N	\$90.00 per service
Charges for each additional 100 litres extracted over 2,500 litres - Extra Pumpout Service					
Residential Properties		Full cost recovery	100%	N	\$2.06 per 100 litres
Commercial Properties		Full cost recovery	100%	N	\$2.19 per 100 litres
Septic Tank and Aerated System Cleanouts					
Includes cleanout services for all on-site sewerage management systems and effluent tanks for customers not on Councils effluent pumpout program.					
Septic tank cleanout up to 6,000 litres	Cleanout of a residential standard size tank	Full cost recovery	100%	N	\$446.00 pre-paid per tank
Septic tank cleanout >6,000 litres but <8,000 litres		Full cost recovery	100%	N	\$593.00 pre paid per tank
Weekday cleanout large non standard treatment system, private pump stations, Water NSW sites or tanks	Contracted cleanout of large commercial designed systems and disposal of waste to Bomaderry plus the volumetric charge per 1,000 litres as shown for approved dischargers within Miscellaneous below.	Full cost recovery	100%	N	\$222.00 per hour yard to yard
Weekend cleanout large non standard treatment system, private pump stations, Water NSW sites or tanks	Contracted cleanout of large commercial designed systems and disposal of waste to Bomaderry plus the volumetric charge per 1,000 litres as shown for approved dischargers within Miscellaneous below.	Full cost recovery	100%	N	\$286.00 per hour yard to yard
Cleanout of Aerated System up to 8,000 litres		Full cost recovery	100%	N	\$589.00 pre paid per tank
Cleanout of a Aerated System >8,000 litres		Full cost recovery	100%	N	\$864.00 pre-paid per tank
Miscellaneous					
Approved dischargers, non standard treatment systems, private pump stations & Water NSW sites disposal of effluent waste to Sewerage Treatment Plants	To recover the costs of access, administration, treatment and disposal of effluent waste at the Bomaderry, Callala, Sussex Inlet and Ulladulla Sewerage Treatment Plants only.	Full cost recovery	100%	N	\$2.50 On the size of the tank per 1000 litres
Approved dischargers, non standard treatment systems, private pump stations, Water NSW sites and tanks > 8000 litres disposal of septic sludge waste to Bomaderry or Sussex Sewerage Treatment Plants	To recover costs of access and/or administration, disposal and treatment of septic sludge waste or at the Bomaderry and Sussex Sewerage Treatment Plants.	Full cost recovery	100%	N	\$7.50 On the size of the tank per 1000 litres

SHOALHAVEN WATER

Fee Description	Purpose	Pricing Policy	Recovery	GST Incl.	2018/2019 Amount
Call out fee for the disposal of effluent or septic sludge waste outside of the hours 0730 to 1500 Monday to Friday and public holidays or where one day prior notice has not been provided. Plus the applicable charge per 1000 litres.	To recover the costs of access to the applicable Sewerage Treatment Plant after hours.	Full cost recovery	100%	N	\$125.00 per visit
Emergency Service Septic/Swimming Pool Cleanout, Effluent/Swimming Pool Pumpout (within 24 hours)	To recover the costs of providing a priority service to access, administer, treat and dispose of waste.	Full cost recovery	100%	N	\$198.00 per service plus the effluent removal extra and applicable litres or the cleanout charges as applicable.
Pumpout of swimming pools at residential properties in non sewerer areas by effluent tanker	To recover the costs of providing a service to access, administer, treat and dispose of swimming pool waste.	Full cost recovery	100%	N	\$3.10 per 100 litres plus the extra effluent charge (nil 2,500 litre allowance)
Pumpout of swimming pools at properties in non sewerer areas by cleanout tanker	To recover the costs of providing a service to access, administer, treat and dispose of swimming pool waste to Bomaderry STP from difficult to reach or commercial properties	Full cost recovery	100%	N	per hour as quoted

Water Supply and Sewerage

WATER SUPPLY AND SEWERAGE WORKS - FOR NEW DEVELOPMENT

All Chargeable Works:- on costs to be calculated for:

Labour and normal on costs as per ledger - percentage total cost project	To recover costs	Full cost recovery	78%	N	39% of total cost
Other charges to funds - Plant	To recover costs	Full cost recovery	100%	N	20% of total cost
Other charges to funds - Materials	To recover costs	Full cost recovery	100%	N	15% of total cost

Inspection of works, eg. subdivisions, developments

For administration of water and sewerage works	To recover cost of administration required by Council for works carried out by external party	Full cost recovery	100%	N	\$85.00 per hour + \$0.78/km (travel)
For inspection of water and sewer infrastructure	To recover the cost of inspections required by Council for works carried out by external party	Full cost recovery	100%	N	\$85.00 per hour + \$0.78 per km (travel)

Investigation of water & sewerage systems,

Water Pressure Certificates	To recover the cost of providing water pressure information	Full cost recovery	77%	N	\$230.00 minimum charge for up to 3 hours + \$100 per hour thereafter

Fee Description	Purpose	Pricing Policy	Recovery	GST Incl.	2018/2019 Amount
Maintenance Bond (Water and sewerage works)					
Bond for works > \$72,000	A bond is to be lodged with Council to cover defects in construction works which may arise within the maintenance period and/or for any other outstanding matters relating to the delivery of assets to Council per the design approval or contract.	Refundable	N/A	N	5% cost of works or per asset type
Minimum Bond - Works less than \$10,000	A bond is to be lodged with Council to cover defects in construction works which may arise within the maintenance period and/or for any other outstanding matters relating to the delivery of assets to Council per the design approval or contract.	Refundable	N/A	N	\$2,350.00 per asset type
Minimum Bond - Works greater than \$10,000 and less than \$72,000	A bond is to be lodged with Council to cover defects in construction works which may arise within the maintenance period and/or for any other outstanding matters relating to the delivery of assets to Council per the design approval or contract.	Refundable	N/A	N	\$3,600.00 per asset type
Major construction works, involving an in service water main, and which must be undertaken by Council and will result in interruptions to supply					
Works undertaken by Council.	To recover costs	Full cost recovery	100%	N	actual cost including overheads
Cut in Sewer Junction to existing sewer main to service new lot	To recover cost of works	Full cost recovery	100%	N	actual cost including overheads
Miscellaneous					
Developer charge for installation of pressure sewer systems to residential properties	To recover the cost of administration & installation of pressure sewer units and associated works on individual properties	Full cost recovery	100%	N	\$9,622.00 per single simplex unit plus additional estimated cost for sites which require design and/or difficult terrain and/or rock conditions and/or non-residential properties (where approved). Additional costs for other types of Pressure Sewer Units.
Research Information for Development Application (DA and/or CDC and/or SF) release and/or progress and/or issue of Certificate of Compliance	Research information/data/receipts /etc for DA and/or CDC and/or SF release/progression/certificate of compliance where such information is not provided by applicant/developer	Full cost recovery	100%	N	\$85.00 per hour

SHOALHAVEN WATER

Fee Description	Purpose	Pricing Policy	Recovery	GST Incl.	2018/2019 Amount
Engineering survey for water or sewer construction	To recover full cost of survey	Full cost recovery	100%	N	\$85.00 per hour + \$72.00 per hour for survey assistant + vehicle per Council charge out rate
Supervision of Water Supply and/or Sewerage Construction	To recover full cost of supervision	Full cost recovery	100%	N	\$85.00 + vehicle cost per Council charge out rate
Plan checking					
Water design checking - Water design plans	To recover the cost of checking water supply design for a development prepared by external consultants	Full cost recovery	100%	N	\$85.00 per hour
Sewer design checking - Water design plans	To recover the cost of checking sewer designs for a development prepared by external consultants	Full cost recovery	100%	N	\$85.00 per hour
Sewer pumping station design (with design calculations & report supplied)	To recover the cost of checking sewer design for a development prepared by external consultant	Full cost recovery	100%	N	\$100.00 per hour
Building Over Sewer Plan Checking	To recover the cost of checking building over sewer designs prepared by others	Full cost recovery	82%	N	\$175.00 minimum charge for up to 2.5 hours + \$85.00 per hour thereafter
MISCELLANEOUS					
General					
Backlog Sewerage Schemes - Connection of Properties Offer of Assistance	Connection costs including plumbing, drainage fee, cleanout and decommission of onsite waste system	Full cost recovery	100%	N	actual cost on production of valid invoice and application
Installation of sewer junction to serve a property	To recover the cost of the installation of a sewer junction to serve a property (including investigation, survey, preparation of plan/s & documentation, etc)	Full cost recovery	100%	N	Actual cost plus overheads
Miscellaneous works undertaken by Shoalhaven Water. Labour and oncosts as per the ledger plus this per hour fee.	To ensure costs are recovered for works undertaken for third parties	Full cost recovery	100%	Y	\$55.00 per hour
Standard Sewage Pumping Station (SPS) Design Drawings	Use of Standard Sewage Pumping Station Drawings as specified in agreement (These drawings are general and will require modification for the specific site. Additional drawings will need to be prepared by the applicant for the specific site.)	Full cost recovery	100%	Y	\$843.70 minimum per application

Section 64 Contributions or Separate System Connection Fee

Compliance Certificates - Contributions/Charges required from developers under Section 64 of Local Government Act 1993 and Section 307 of Division 5 of Part 2 of Chapter 6 of the Water Management Act 2000.

Separate system connection fee is applied to approved development outside of the Development Servicing Plan/s process.

These charges/fees do not presuppose that water supply and sewerage services can be made available.

In November 2005, Council adopted new Development Servicing Plans (DSP's) for Water Supply and Sewerage Services for the Shoalhaven Local Government area.

Where Project No.'s

Communication Charges

Fees and charges shown in this section are provided as a reference and indicate the maximum amount that may be levied for commercial use on Council's prime sites.

Council has a range of communication sites that provides coverage over different geographic and demographic areas of the Shoalhaven, each with its own set of site use fees. Discounted rates may apply for non-profit groups.

Due to the various types of equipment used and the range of Council's fees and charges that may be applied, potential clients are required to write to Council with details of their communication site requirements including: desired coverage area, equipment specifications, commercial or concessional application, antennae and power requirements. A quotation will then be prepared by Council's Radio Administrator.

Council reviews the Fees and Charges annually and usually obtains an independent Market Evaluation each five years.

TOWERS AND HUTS

Administration and Site Setup

Initial Site Set-Up (tower analysis required and provided by client)	Fee for processing application, includes new equipment schedule	Full cost recovery	100%	Y	\$2,614.04 per application
Initial Site Set-Up (tower analysis not required)	Fee for processing application, includes new equipment schedule	Full cost recovery	100%	Y	\$1,742.70 per application
Amended Site Set-Up (tower analysis required and provided by client)	Fee for processing application, includes amended equipment schedule	Full cost recovery	100%	Y	\$1,742.70 per application
Amended Site Set-Up (tower analysis not required)	Fee for processing application, includes amended equipment schedule	Full cost recovery	100%	Y	\$896.60 per application
Standard Site Lease or License (not including legal fees)	Fee for processing Lease or License, as required	Full cost recovery	100%	Y	\$1,742.70 per application
Standard Site Agreement (not including legal fees)	Fee for processing Agreement, as required	Full cost recovery	100%	Y	\$896.60 per application
Mains Power use per kW hour	Recoup energy costs	Full cost recovery	100%	Y	\$0.37 kWh
Generator Access - (When available) Commercial rate	Rental for access to Council's back up power unit.	Market Rate	100%	Y	\$2,677.18 per annum
Communication Site Consultancy Service	All work will be carried out on an hourly basis and estimates should first be obtained from Shoalhaven Water.	Full cost recovery	100%	Y	\$202.05 per hour

Communication Sites

Daily rental (use of existing infrastructure on tower)	To recover cost of short-term users of tower	Full cost recovery	100%	Y	\$37.90 per day
Ground rental for equipment hut inside tower compound	Ground rental for equipment hut inside tower compound	Market Rate	N/A	Y	\$40,195.60 per annum
