Depot staff determine trailer load sizes on the basis that one full load is 1m³ which is considered equivalent to a level standard trailer load.

Note

For recycling & waste depots without weighbridges:

- Load classification / size is determined by the Depot operator
- Tonnage of trucks will be calculated by subtracting tare vehicle weight from gvm as displayed on side of truck
- Single axle trailers with sides greater than 450mm high will be charged at the <4 tonne truck/trailer rate

For all Recycling & Waste depots:

- Waste containing more than 15% of recyclables may not be accepted
- All charges are subject to the Depot(s) ability to accept the load(s)
- Separated unpainted/untreated timber will be treated as green waste
- Liquid waste and hazardous waste not accepted due to State Government licence restrictions
- Large materials not suitable for reuse must be broken down e.g. wardrobes, beds, cupboards
- **Any load suspected of containing asbestos material will not be accepted unless presented at the West Nowra or Ulladulla recycling & waste depots in accordance with Council procedures.**

For details about the new optional rural waste collection service please contact HOTLINE on 4429 3374

Bin Repairs

All bin repairs are performed by Council's contractor SITA at no cost to the resident. **Contact SITA 1800 441 341**

Stolen Bins

Stolen bins will be replaced free of charge. Contact SITA to obtain a statutory declaration.

Missed Services

Bins placed on the kerbside after the truck has serviced the street will not be collected. However, if your bins have been missed for other reasons, please contact SITA direct or phone Council's hotline.

New Services

Any request made for the start of a new waste & recycling service MUST be made by the owner of the property. Once the bin size has been selected, Council will then instruct SITA (*Council's collection contractor*) to organise the delivery of the bins. This occurs within 5 working days.
