Overview

Shoalhaven Development Control Plan 2014

The draft Amendment to Shoalhaven Development Control Plan (DCP) 2014, Chapter N23: St Georges Basin Village Centre seeks to implement Council resolutions MIN19.287 and MIN19.615 as follows:

- Remove Section 5.1.3 Service Lanes from DCP Chapter N23 and update Supporting Map 1 accordingly.
- Rename remaining relevant 'service lane' references to 'private road' and redistribute to other sections of the Chapter.

The draft DCP Amendment also proposes minor 'housekeeping' changes throughout the Chapter that improve its function, but do not alter the overall intent. Some of the changes include;

- Updating Lot and DP references.
- Deleting specific performance criteria and acceptable solutions relating to development applications that have previously been undertaken (i.e. IGA development).
- Provide updated numbering following the deletion of provisions.
- Minor changes to punctuation, spelling, grammar, structure, formatting, acronyms.
- Plain English review.
- Highlighting DCP and LEP dictionary terms.
- Removing duplicated or redundant content.

Shoalhaven Contributions Plan 2019

The draft Amendment to the Contributions Plan also seeks to implement Council resolutions MIN19.287 and MIN19.615 and delete project [03ROAD2113](#). The decision to delete this project has arisen from ongoing discussions regarding the future of the service lane and the applicable development contributions which represent a substantial cost to landowners/developers.
