

Charlie Landsborough LIVE Shoalhaven Entertainment Centre

If you like warmth, honesty and credibility you'll love Charlie Landsborough.

Well known for keeping concertgoers enthralled with his heartfelt and telling lyrics and his very human anecdotes, Charlie Landsborough is set to perform to sell-out audiences throughout Australia.

His music ranges from inspirational to country, from ballad to anthem, and he truly is as entertaining on stage as he is melodic.

Charlie's personal song writing blends easy on the ear, folk, country, inspirational, ballads and blues with a strong and often personal lyric content and this mixed with his wit and repartee has led to a winning formula, which has made an impact on so many professionals and fans alike.

One thing for sure, Charlie is a prolific songwriter inspiring such names as Jack Jones, Pat Boone, Foster and Allen, George Hamilton IV, Daniel O'Donnell and others to cover his songs.

One song in particular was to transform his life. Charlie wrote 'What Colour is the Wind', which tells the story of a young blind child's attempts to envision the world. The song received a huge response and the album release of the same name was suddenly at number one in the Irish charts, removing Garth Brooks from the top spot and fighting off fierce competition from Celine Dion and The Chieftains.

After a nomination as Best Global Country Artist in the Country Music Association Awards in Nashville and with many of his albums having topped the country charts, Charlie is a true and immensely talented star having sold well over a million albums.

Don't miss Charlie Landsborough in Concert. Proudly presented by Gordon & Stahl Touring.
