Owned by breeder and trainer Steven White, Paua To Burn (Tina) was born at Nowra Hill in 2002 after being bred from Awesome Assassin and Alice Dooley.

Paua To Burn showed potential in early trials prior to racing, entering Australia’s richest maiden event in her first start. Winning her heat and semi-final she took a fall in the final and returned empty-handed. Despite the mixed start, Paua to Burn quickly bounced back to win her next three starts, including a record run at her local Pinebowl track.

The dog then went on to win four Group One races and produced the ‘race of the century’ to win the Group One 2005 Golden Easter Egg Final. After being strongly challenged and clearly headed by another Group-winning Shoalhaven dog Eiffella, Paua to Burn showed true grit to rail up again and forge clear to win by 3/4 of a length in 29.98 seconds, the 2nd fastest recorded final time in history.

Tina made only limited appearances at her home track, but when she did her gentle nature made her a favourite with the crowd and especially all the kids, who lined the fence for a pat.
