

**APPLICATION TO DISCHARGE LIQUID TRADE WASTE TO COUNCIL SEWERAGE SYSTEM
(FORM A12 – LABORATORIES)**

Local Government (General) Regulation 2005

**IMPORTANT
READ THESE
INSTRUCTIONS
BEFORE
COMPLETING
THIS FORM**

- (a) Use a **black** or **blue ink pen** and except for signatures **print** responses in **block letters**.
- (b) Unless otherwise indicated a response **must** be entered in each space provided. Should the information requested not be relevant to your circumstances print 'N/A' for Not Applicable.
- (c) If the space allocated for any response is insufficient attach additional page(s) with this information. Each page of such attachments should be titled with the number and name of the section about which it provides information (eg. 4. DESCRIPTION OF OPERATIONS) and signed and dated by the applicant.

Privacy Notification

The information requested on this form is being collected by Shoalhaven City Council for Council and Department of Primary Industries, Water (DPI Water) for purposes associated with the discharge of Liquid Trade Waste. This information is required under the NSW Government's Liquid Trade Waste Management Guidelines for the administration of the Local Government Act, 1993. The information will be used by Council or DPI Water officials for the purpose mentioned or a directly related purpose. The information may be forwarded to current or new, owners or applicants. You may apply to Council for access or amendment of the information at any time.

PART A

(To be completed by the applicant seeking approval to discharge liquid trade waste to Council's sewerage system).

1. NAME OF LABORATORY By what name is the laboratory making this application formally known?

2. LOCATION OF PREMISES What is the address of the premises where the laboratory operates and from which liquid trade waste will be discharged to Council's sewerage system?

Street No. Street Name

Town or Locality Post Code

3. CONTACT AT PREMISES Person at above premises to be contacted in regard to liquid trade waste matters?

Name of Contact Position

Phone No. (Business Hours) Phone No. (After Hours)

Fax No. Mobile Phone No.

----- Council Use Only -----

Application Fee Paid \$ Receipt No. Date Paid Application No.

4. Liquid Trade Waste Discharge Status

IMPORTANT - Read the following information before proceeding with this application.

4.1 Substances prohibited from being discharged to the sewerage system

It is important that this section be read and understood, as discharging prohibited substances to the sewerage system, other than in accordance with the conditions of a liquid trade waste approval is an offence.

The following substances shall not be included in the liquid trade waste:

- Organochlorine weedicides, fungicides, pesticides, herbicides and substances of similar
- nature and/or wastes arising from the preparation of these substances;
- Organophosphorus pesticides and/or waste arising from the preparation of these substances;
- any substance liable to produce noxious or poisonous vapours in the sewerage system;
- organic solvents or mineral oils;
- any flammable or explosive substances;
- discharges from 'Bulk Fuel Depots';
- chromate from cooling towers;
- natural or synthetic resins, plastic monomers, synthetic adhesives and rubber or plastic emulsions;
- roof, rain, surface, seepage or ground water unless specifically permitted (clause 137A of the Local Government (General) Regulation 2005);
- solid matter;
- any substance assessed as not suitable to be discharged to the sewerage system;
- waste liquids that contain pollutants at concentrations which inhibit the sewerage treatment process - refer Australian Sewage Quality Management Guidelines, June 2012, WSAA;
- any other substances listed in a relevant regulation.

Trade waste is defined in Section 3 of the Local Government (General) Regulation 2005 as "all liquid waste other than sewage of a domestic nature." Sewage of a domestic nature is as stated in the Local Government (General) Regulation "human faecal matter and urine and waste water associated with ordinary kitchen, laundry and ablution activities of a household, but does not include waste in or from a sewerage management facility."

The term "liquid trade waste" is now used by regulatory authorities to explicitly differentiate "trade waste" as defined above, from other wastes also generated by industry and commerce. For the purposes of this application the term "liquid trade waste" shall have the same meaning as "trade waste".
