**REPORT OF GENERAL MANAGER**

**STRATEGY & ASSETS COMMITTEE**

**TUESDAY, 12 APRIL 2016**

**CORPORATE AND COMMUNITY SERVICES**

***ITEMS TO BE DEALT WITH UNDER DELEGATED AUTHORITY***

**1. Naming of Shoalhaven Entertainment Centre Auditorium**

**File 36592E**

---

**SECTION MANAGER: Jane Lewis**

**PURPOSE:**

To provide information to Council following public submissions regarding naming the Shoalhaven Entertainment Centre auditorium the “Greg Watson Auditorium” as recognition of Clr Watson’s contribution to the community and towards the planning, construction and establishment of the Shoalhaven Entertainment Centre.

**RECOMMENDED, in accordance with the Committee’s delegated authority from Council, that the auditorium at the Shoalhaven Entertainment Centre not be named the Greg Watson Auditorium.**

**OPTIONS**

1. Adopt the recommendation as stated above (preferred option)
2. Form a sub-committee to consider other options to recognise Clr Watson’s contribution to the community.
3. Find an alternative for providing recognition to Clr Watson for his contribution to the community.

**DETAILS**

Following a Councillor briefing on 9 February 2016 a report was submitted to the Strategy and Assets Committee on the naming of the SEC Auditorium.

*Council adopted MIN16.93.*

- a) *The Auditorium at the Shoalhaven Entertainment Centre be named the Greg Watson Auditorium and that this proposal be placed on Public Exhibition for a period of 28 days*
  - b) *That the proposal be adopted if no objections are received*
-

c) *A further report be submitted to Council if there are objections received*

The proposal was placed on public exhibition for 28 days with submissions closing on Friday 18 March at close of business. Some submissions were received after the close off time.

# Submissions are attached to this report. In total there were 34 submissions received by the close off date and four (4) after the close off date (See Attachment 1). At the request of the author, one submission against the proposed name has not been included.

The submissions provided varied responses to the proposal including those that opposed the proposal, those that supported the proposal and those that offered alternative options. Quite a few submissions did not respond to the actual proposal i.e. to name the auditorium but made submission to name the entire Shoalhaven Entertainment Centre or that other residents should be recognised.

As the initial recommendation was to adopt the proposal if no objections were received, and subsequently there were a number of objections received, this report does not recommend that the proposal to name the auditorium the Greg Watson Auditorium be adopted.

While the majority of submissions supported the naming as proposed or the entire Shoalhaven Entertainment Centre there were a significant number that opposed the proposal for varying reasons. There was also a negative reaction in Social Media as referred to below.

The objections are primarily from the Aboriginal community who make reference to Clr Watson's actions against their people in 1982. Council has developed a strong relationship with the local Aboriginal Community and the strong feelings expressed in the submissions clearly indicate that to provide recognition to Councillor Watson for his contribution to the city in the way proposed will cause damage to that relationship.

It is therefore being recommended that Council does not proceed with the proposal as it has potential to create division within the community. Council does have the option (whilst being against the staff recommendation) of proceeding with the proposal or it could form a committee of interested Councillor's to consider other options as set out in Option 2 above.

#### **FINANCIAL IMPLICATIONS:**

There are no financial implications for adopting this recommendation.

#### **COMMUNITY ENGAGEMENT:**

Community engagement consisted of a public notice being placed on exhibition for 28 days in the South Coast Register. This notice generated activity on social media sites which then led to further discussion on social media channels. These discussions while not formally received or counted as part of submissions, did see an overwhelming

majority of negative comments and opposition to the proposal. The proposal was also on Council's website.

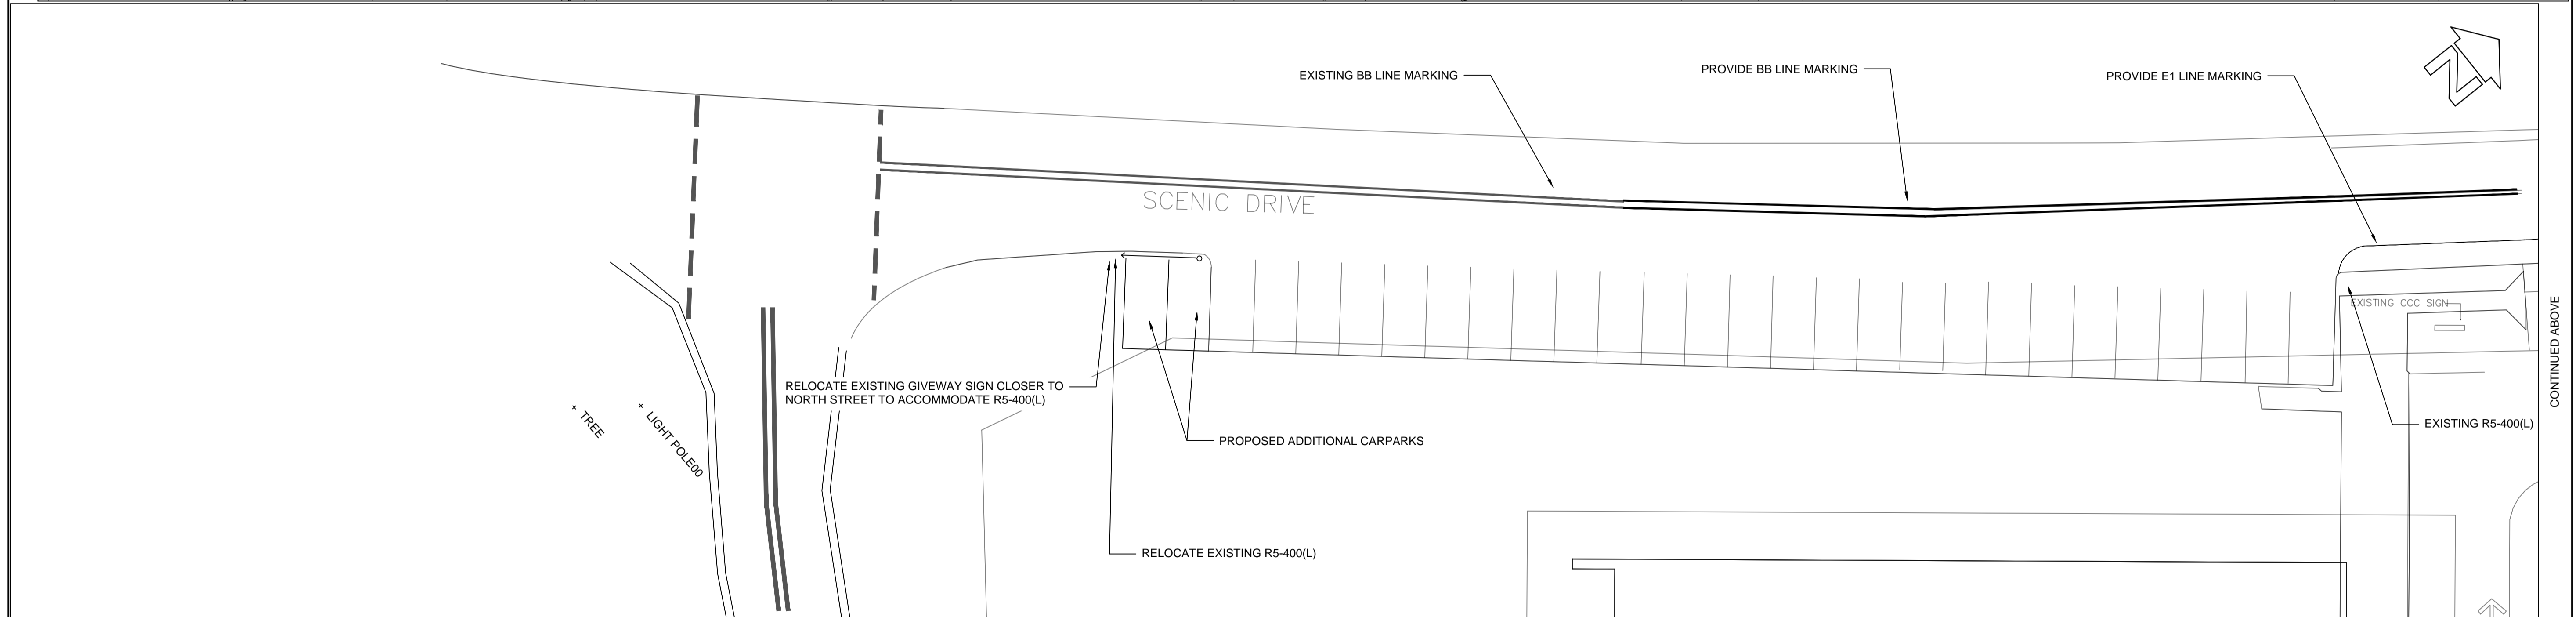

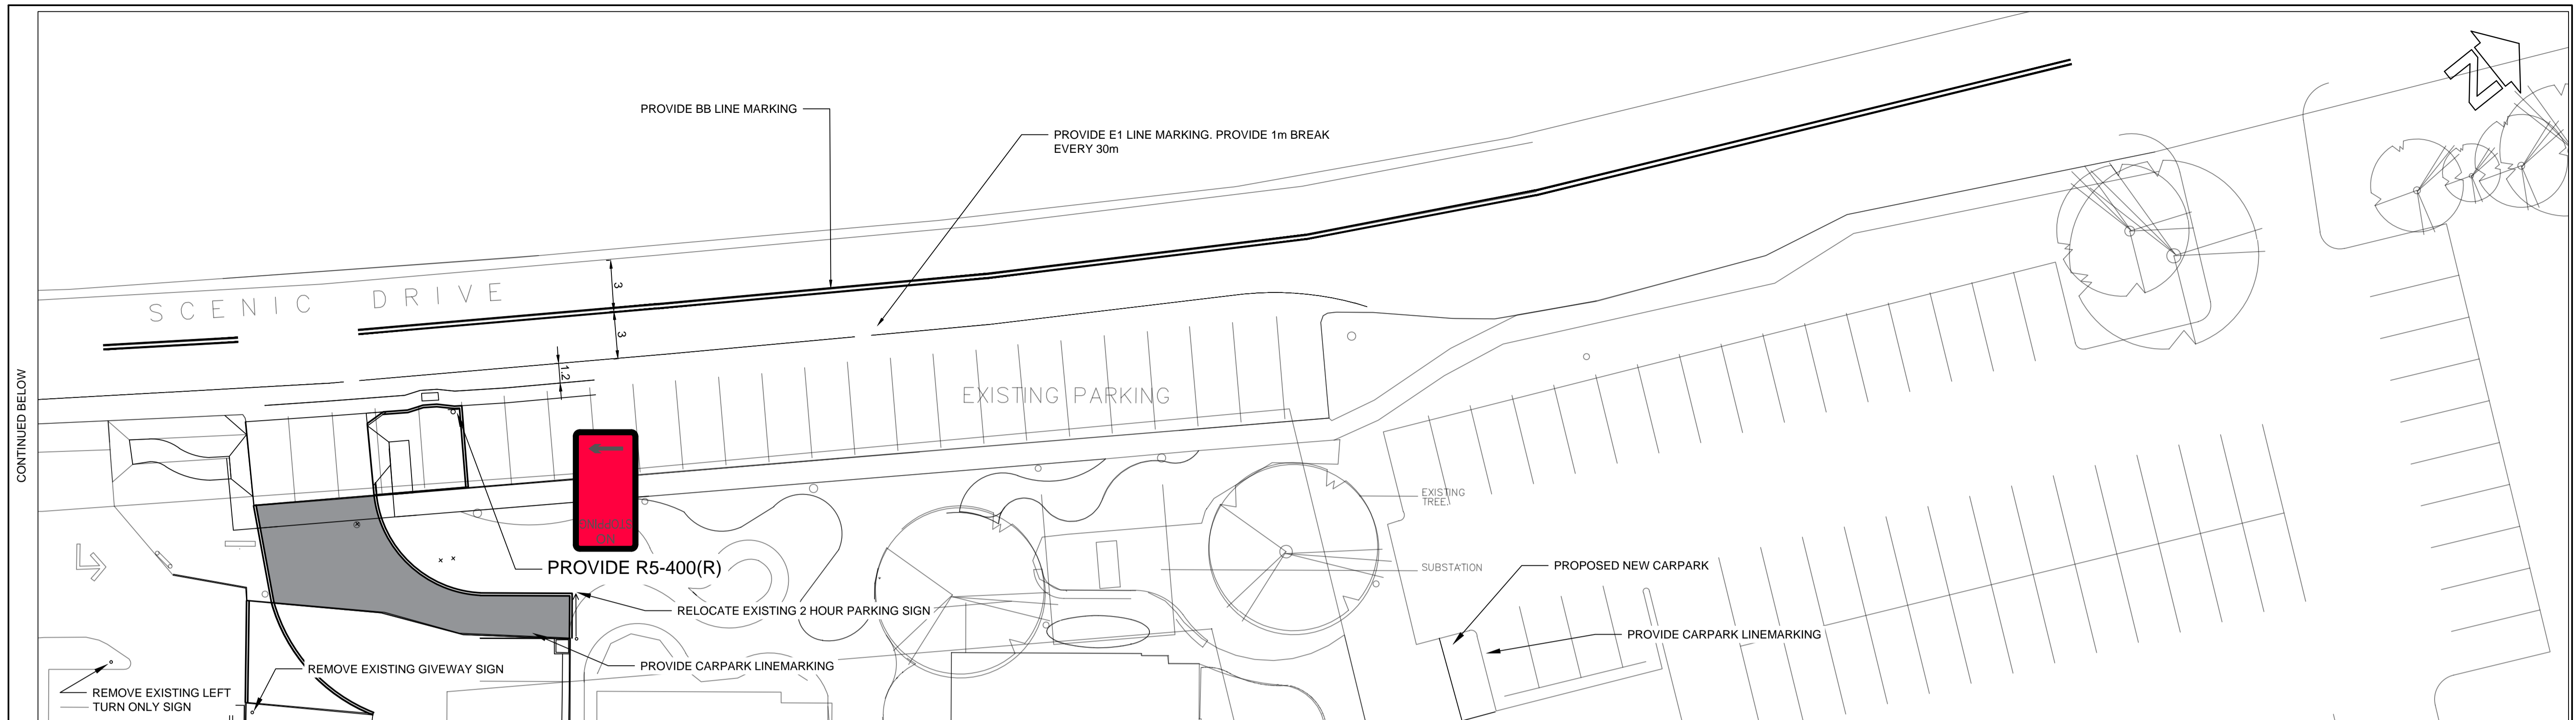

**Notes:**

1. Remark existing E1, BB & BS linemarking on The Wool Road for a distance of 100m east and west of the intersection
2. Install centreline and edgeline RRPM's for a distance of 100m east and west of the intersection, as well as 30m north of the intersection in Grange Rd at 12m spacings

Existing turn warning sign and 35km/h supp plate to be duplicated

**Linemarking amendments  
Intersection of The Wool Rd and Grange Rd, St Georges Basin**

**LINEMARKING & SIGNAGE NOTES**

1. ALL LINEMARKING TO BE IN ACCORDANCE WITH SHOALHAVEN CITY COUNCIL REQUIREMENTS, RMS GUIDELINES & AS 1742.
2. ALL SIGNAGE TO BE IN ACCORDANCE WITH SHOALHAVEN CITY COUNCIL REQUIREMENTS, RMS GUIDELINES & AS 1742.
3. ALL WARNING SIGNAGE TO BE "B" SIZE AND GRADE 1 REFLECTIVE.
