

ISSUE 4 • JUNE 2016 Catch up on previous editions [here](#)

Council's citywide community engagement project about Our Coast, & managing the risk of coastal erosion, is well underway.

Have you filled in the on-line survey?

We'd love to hear from you and it only takes about 5 minutes. Find the link on the homepage of the website.

Did you get a survey phone call?

400 Shoalhaven residents from every postcode were contacted and asked to participate in the survey. 80% agreed to participate in a follow up survey after being sent the factsheets to read. This is a fantastic response and a big thank you to all who took part.

Did you attend a focus group?

Those people who agreed to the second survey were also asked if they'd like to attend a focus group. Five focus groups were held during April; one in Berry and two each in Nowra and Ulladulla.

Will you attend a community meeting?

Three stakeholder/community meetings will be held in late June. Information will be in the media and invitations have been sent to over 400 community organisations.

You can also register your interest direct by emailing coast@shoalhaven.nsw.gov.au

Would you like to run a 'Kitchen Table Discussion'?

Make your point of view known. If you would like to run a discussion group for a few friends you can find the instructions on the website.

Coastal Management 101 with Angus Gordon, chair of the NSW Coastal Panel

Have you seen the YouTube videos?

Hear what four well known residents say about Our Coast.

And, the chair of the NSW Coastal Panel, Angus Gordon, provides an overview of the basics of coastal management.

And have you read the coastal fact sheets?

There are four fact sheets on the website providing background on Our Coast including coastal processes and options for managing coastal erosion.
