

Plans on Exhibition

Council is currently seeking feedback on the draft Integrated Strategic Plan 2018/19 which includes the Delivery Program and Operational Plan (DPOP), Budget, Fees, Charges and Services.

The Integrated Strategic Plan 2018/19 outlines the community's aspirations and long-term vision for the City. It is prepared by Council in collaboration with and on behalf of residents, businesses, all levels of government and local agencies, to help build and maintain a vibrant and sustainable future for the local community.

Each year, as part of the planning for the future financial year, Council reviews the Integrated Strategic Planning documents (DPOP, Budget, Fees and Charges, Financial) and sets the budget for the new financial year. The Operational Plan Actions are reviewed as part of this process, to set out the proposed actions that will be undertaken over the 2018/19 financial year, in accordance with the proposed budget.

This review is now complete and is provided to the public for comment. Feedback closes 22 June 2018. For more information visit the [webpage](#).
