## Shoalhaven Set to Begin Water Restrictions

Shoalhaven residents will be on Level 1 Water Restrictions from **3 September 2018**. Level 1 restrictions ban the washing down of hard surfaces such as paths and driveways and allows use of a hand-held hose at any time for gardening and lawn watering and washing of vehicles and boats. Sprinklers, drip irrigation and topping up of existing swimming pools can be used, but hoses must be connected to a timer.

Mayor Amanda Findley said the Level 1 water restrictions are the first step to ensure we keep our water levels as steady as possible as well as prepare us for the summer months ahead.
