This means sprinklers, drip irrigation and topping up of swimming pools can be used, but hoses must be connected to a timer.

There is a ban on washing down of hard surfaces and you may still use a hand-held hose at any time for gardening, lawn watering, washing down vehicles and boats.

Village Pools Open

Looking for a place to cool off in the summer season? Council's village and seapools are open for the summer season.

Enjoy the benefits of salt water swimming in the safety of an enclosed sea pool. Use of the sea pools is free, but no staff or lifeguard service is provided, so all swimmers and parents are responsible for their own safety and the safety of their own children.

The sea pools are inspected daily by Council staff prior to opening.

See www.shoalhavenswimandfitness.com.au for details of each pool's opening hours.
