Make Waste Your Business

Council is working in conjunction with the state government to help local businesses reduce their waste. Bin Trim is a program to provide free help and support to businesses to maximise their recycling and minimise their waste to landfill.

[Find Out More](#)

On average 70% of waste produced by businesses can be reused or recycled. There are many advantages to participating in this program including saving money while caring for the environment.

For more information about how your business can take part in this program visit [Council's website](#).
