## 1 Explanatory Notes

Once installed, all metered services will be levied water and wastewater availability charges based on the size and number of water meter service connections. Sewer and trade waste usage charges may also apply.

**Please note** incorrect or insufficient information will result in delayed installation.

By clicking this box I acknowledge that I have read the information contained on both pages of this form and as applicant I have notified the owner of impending ongoing charges.

Payment is required prior to service - payment options are available on the next page.

### SAVE & RETURN OPTION

For your convenience, save this form to your computer, enter the information, then email saved document to: [water@shoalhaven.nsw.gov.au](mailto:water@shoalhaven.nsw.gov.au)

## 6 Payment details

### Payment is required prior to service.

#### Payment Options:

Council Cashiers or Cheque Payment submitted by mail or in person (payment will only be accepted with a completed application form)

Electronic Lodgement & Payment - you will receive an email response which will contain online payment details.

#### Email saved application to:

water@shoalhaven.nsw.gov.au

## Water Service Location Information

- To avoid disappointment, it is recommended to submit your application at least **one month** prior to needing water connected.
- If you have selected to place a peg in your preferred location the following conditions apply:
  - It is the property owner's responsibility to ensure the peg is positioned within the correct surveyed boundary.
  - **The peg must be placed along the front boundary of the property with placement being outside of any construction or security fencing.**
  - Please phone 4429 3214 to confirm peg placement.
- In some subdivisions where the water main is on the opposite side to the property a conduit may already be in place which means the service will be located in that position. If you wish to place the service in a new location you will incur the full cost of another underbore.
- Council reserves the right to alter the position of the service if necessary.

Plans and DA information  
are not required  
with this application  
unless requested by  
Shoalhaven Water.

## Water Design Specifications

The following table is to be used as a guide for connection to Shoalhaven Water mains. A full version of the Water Supply Supplement - Design Specifications is available on [www.shoalwater.nsw.gov.au](http://www.shoalwater.nsw.gov.au)

Shoalhaven Water supplement to the WSA Water supply code.

### 5.11.2 Connections to Water Mains - TABLE 5.4

Development Type	Nominal Service Line & Meter Size	Comments
Single Lot/Single Dwelling <sup>4</sup>	20mm	In low pressure area's sizes may be upsized to 25mm subject to approval by Shoalhaven Water
Single Lot/Dwelling + Granny Flat <sup>4</sup> or Dual Occupancy <sup>4</sup> (attached or detached)	Individual 20mm or 1 x 25mm <sup>5</sup>	Granny flats approved under state planning policies etc.
Medium Density <sup>4</sup>	Individual 20mm meters on a manifold.	20mm meter per dwelling/unit/ premise. Additional meters may be provided for common property areas where approved. Manifold subject to sizing in accordance with AS3500 <sup>1</sup>
High Rise/Complex Development	Individual 20mm meters on a manifold.	Alternatively smart metering may be utilised subject to approval.
Commercial or Industrial	As per Hydraulic calculations <sup>3</sup>	

#### Notes:

1. Shoalhaven Water has standard sizing for manifold assemblies.
2. If the water meter and service size is not stipulated sizing shall be undertaken in accordance with Plumbing code of Australia (PCA) and AS/NZS 3500.
  - For 16 units or less a licenced plumber or a qualified hydraulic consultant.
  - For more than 16 units a qualified hydraulic consultant.
3. For Non Residential development the water meter and service size (if greater than 20mm) and fire service (if applicable) shall be determined by a qualified hydraulic consultant.
4. Conditions/requirement are based on Local Government (General) Regulation 2005 – REG 152.
5. Refer to Council Policy - "Determining Residential & Commercial Properties for the Purpose of Levying Water & Sewer Charges".
