To avoid delays in installation it is best to submit your application prior to issue of construction certificate or as per Shoalhaven Water Development Application Notice. Upon formal acceptance of application the location of all pressure sewer components will be constructed as indicated. Any changes to the proposed layout design for pressure sewer pump unit installation must be submitted prior to installation by Shoalhaven Water. Any relocation costs after installation is complete will require a new application at the full cost to the owner and/or applicant.
