1. PURPOSE

The objectives of the Alcohol and Other Drugs Policy and the associated Alcohol and Other Drugs Procedure are to:

- create a safe and healthy work environment for all workers and other persons at the workplace, which is free from the hazards associated with the use of alcohol and/or other drugs;
- create a supportive workplace culture that acknowledges and encourages workers to accept individual responsibility for workplace health and safety and to acknowledge that participating in the nominating of workers who may be regarded as a risk to other workers is appropriate, encouraged by legislative obligations in the WHS Act and is supported by the Council and the unions.
- provide support for Council employees who seek help in addressing alcohol or other drug related issues;
- foster an attitude and culture amongst all workers that it is not acceptable to come to work under the influence or at risk of impairment from alcohol and/or other drugs that could prevent them from performing their duties in a safe manner;
- meet Council's legal obligations to ensure, so far as is reasonably practicable, the health and safety of workers, and other persons at the workplace;
- assist workers to comply with their work, health and safety obligations;
- foster an attitude and culture amongst all workers that it is not acceptable to come to work under the influence or at risk of impairment from alcohol and/or other drugs that may result in bringing themselves or Council into disrepute, not treating others with respect, not carrying out their duties in a professional and diligent manner, or impacting on the efficiency in which they undertake their duties or is detrimental to the level of customer service provided.
- ensure all disciplinary processes are consistently managed in accordance with relevant Council policies and procedures, and the State Government (Local) Award or any subsequent Award or Agreement.

- A worker taking, or in possession of, a prescription drug must immediately notify management if the drug could impact or impair their work;

5.1 Person Conducting a Business or Undertaking (PCBU)

As a PCBU, Council has a duty of care to ensure the health and safety of workers and other persons at the workplace (Section 19, Work Health and Safety Act 2011).

5.2 Managers & Supervisors

If a Supervisor or Manager is concerned that a worker (including contractor or volunteer) appears to be potentially affected by alcohol and/or other drugs they should not allow the worker to commence or continue their duties and should contact the HR and Organisational Development Unit or the WHS and Risk Unit and request that a Fitness for Work Assessment is undertaken of the worker who is suspected of being potentially affected or impaired.

5.3 Workers

Workers have a duty to:

- take reasonable care for their own health and safety;
- take reasonable care that what they do or don't do, does not harm the health and safety of other persons;
- comply with any reasonable instruction given by Council to allow it to comply with WHS legislation; and
- co-operate with any reasonable Council policy or procedure relating to health and safety that has been notified to them (Section 28, Work Health and Safety Act 2011).

Workers are obliged to present themselves for work free from the influence or without risk of impairment from alcohol and drugs.

If a worker is concerned that another worker on Council premises, or worksites, may be potentially affected by alcohol, illegal or legal drugs or other substances, they should immediately report their concern to the relevant Supervisor or Manager. Council's Code of Conduct establishes the minimum requirements of conduct for Council officials in carrying out their functions. It is a requirement of the Code of Conduct that Council officials must not conduct themselves, when carrying out their functions, in a manner that is likely to bring the Council or holders of civic office into disrepute (clause 3.1 of the Code of Conduct).

A worker may be in breach of their general conduct obligations under the Code of Conduct if they:
