

Recycling & Waste Depots Buy-Back Centres

Rehome your unwanted household items and help the environment

It's time to turn back the clock on our throw away society and rethink the 'junk' sitting in your home or garage.

What you consider trash could be someone else's treasure and Buy-Back Centres are a great way to rehome your unwanted household items, for FREE.

Our staff are committed to diverting unwanted items away from landfill. They will take items where possible, that are in good working condition AND considered worthy of re-sale.

Items that may be accepted include:*

- furniture
- sporting equipment
- garden tools
- doors
- window frames
- bric-a-brac
- toys
- crockery

*Due to safety reasons we can not accept lighting, power tools or other electronic items

ALL BUY-BACK CENTRES & DEPOTS ARE CLOSED ON ALL PUBLIC HOLIDAYS

except Easter Monday for those depots with Monday opening hours.

What to know when shopping with us

Buy-Back Centres offer an amazing range of used, good quality items at very reasonable prices.

By shopping at a Buy-Back Centre, you help to reduce our landfill through reuse and repurposing of unwanted items.

Just like an Op-Shop there is no certainty about what stock is available, but that's all part of the fun when shopping with us!

Please note

- Buy-Back Centres operate on a first come first serve basis.
- Staff can not assist customers via the phone.
- We accept CASH ONLY. You will be issued with a receipt of your purchase.

Buy-Back Centres can be found at these Recycling & Waste Depots
