Subject: RE: Referral - Planning Proposal - Additional Permitted Use - Willinga Park Equestrian Centre [SEC=OFFICIAL]

Hi Molly,

I can't see this being an issue for us. Events, with large gatherings of people, have not been issue for us at any stage. They are well managed and catered for. I can only see this being a welcome addition to the Shoalhaven.

In regards to the works, obviously increased traffic both during the construction and afterwards, will be an issue. The entrance is quite a way off Murramarang road through Bawley Point, so impact on north south traffic would be minimal I'd imagine. I think as long as traffic issues are attended to during construction, I don't see any issues.

Thanks
Kind Regards

Greg Churchill
