

Community Infrastructure Audit 2024

Acknowledgement of Country

Walawaani (welcome),

Shoalhaven City Council recognises the First Peoples of the Shoalhaven and their ongoing connection to culture and country. We acknowledge Aboriginal people as the Traditional Owners, Custodians and Lore Keepers of the world's oldest living culture and pay respects to their Elders past, present and emerging.

Walawaani njindiwan (safe journey to you all)

This acknowledgment includes Dhurga language. We recognise and understand that there are many diverse languages spoken within the Shoalhaven.

2. INTRODUCTION

2.1 Background

The *Shoalhaven City Council Community Infrastructure Audit 2024* (Audit) collates and synthesises data on the existing provision, distribution, condition and use of Council owned and / or managed open space and community facilities across the Shoalhaven Local Government Area (LGA).

Open space and community facilities are defined as buildings and land which have been designed and / or designated for recreational activities. This includes:

- Parks and play spaces
- Sportsgrounds and sports courts
- Showgrounds and equestrian facilities
- Aquatic, leisure, and indoor sports centres
- Skate parks and BMX tracks / pump tracks
- Public halls / Community centres
- Cultural buildings (libraries, galleries, museums, arts and craft buildings)
- Tourism Information Centres
- Community gardens
- Specialised community buildings (such as scouts / girl guides clubs, youth clubs, men's sheds)
- Foreshore and marine facilities (such as surf clubs, sailing clubs, jetties, boat ramps, fishing infrastructure and beach access)
- Tracks, trails, and boardwalks
- Commercial / business / professional facilities (such as the Shoalhaven Entertainment Centre and the Shoalhaven City Turf Club).

The Audit was prepared by Xypher Sport + Leisure in collaboration with Shoalhaven City Council (Council), with funding allocated under the *Delivery Program & Operational Plan 2023/24* (DPOP 2023/24).

2.2 Purpose

The purpose of the Audit is to provide an evidence base for the review of Council's *Community Infrastructure Strategic Plan 2017-2036* (CISP).

The [CISP](#) provides a framework to guide the planning and strategic management of open space and community facilities owned and / or managed by Council. The CISP considers current provision, condition and use of open space and community facilities against forecast future demand, changing demographics, and emerging trends in sport and recreation.

The current CISP was adopted in 2017 and is due for review. It is important that the CISP is reviewed regularly to ensure that the recommendations in the CISP are based on up-to-date data and informed by contemporary best practice.

The CISP Review is an action in Council's DPOP 2024/25 and is being led by the Open Space and Recreation Planning team within the City Lifestyles directorate.

2.3 Scope

The Community Infrastructure Audit includes a comprehensive register of Council owned and / or managed open space and community facilities.

A total of 637 parent facilities are captured in the Audit. Parent facilities are primary facilities such as leisure centres, sporting complexes, parks, cultural buildings or community buildings. Parent facilities may have multiple component assets (or child assets) which are considered secondary.

The 637 in-scope parent facilities are grouped under five **Themes** aligned to the asset typology. The five Themes are:

- Aquatics & Indoor Sports
- Sports Fields & Courts
- Open Space
- Cultural & Entertainment Facilities, and
- Community Buildings

Parent facilities have been allocated a **Hierarchy** based on their primary function, from the following list:

- Arts & Craft
- Civic Centre
- Coastal Headland
- Community Building
- District Aquatic Centre
- District Recreation Park
- District Sports Park
- Entertainment
- Equestrian
- Foreshore
- Golf Course
- Library
- Local Aquatic Centre
- Local Recreation Park
- Men's Shed
- Museum
- Natural Area
- Non-Council Asset
- Off-Leash Dog Area
- Public Amenity
- Racing
- Regional Aquatic Centre
- Regional Entertainment

- Regional Gallery
- Regional Recreation Park
- Regional Sports Park
- Sailing Club
- Sea Pool
- Showground
- Social Group Facility
- Surf Life Saving Club
- Tourist Park
- Urban Park
- Walking Track
- Youth Centre

2.3.1 Towns, Villages & Planning Areas

Community Infrastructure is also considered from a geographical-location point of view with 50 towns and villages grouped into 22 **Districts**.

The 22 planning Districts were developed by Council's Strategic Planning section in collaboration with a 3rd party forecasting services provider and are provided in **Figure 1** below.

The Audit also references 5 **"Planning Areas"** provided in **Figure 2** below. The 5 Planning Areas are legacy groupings used by Council.

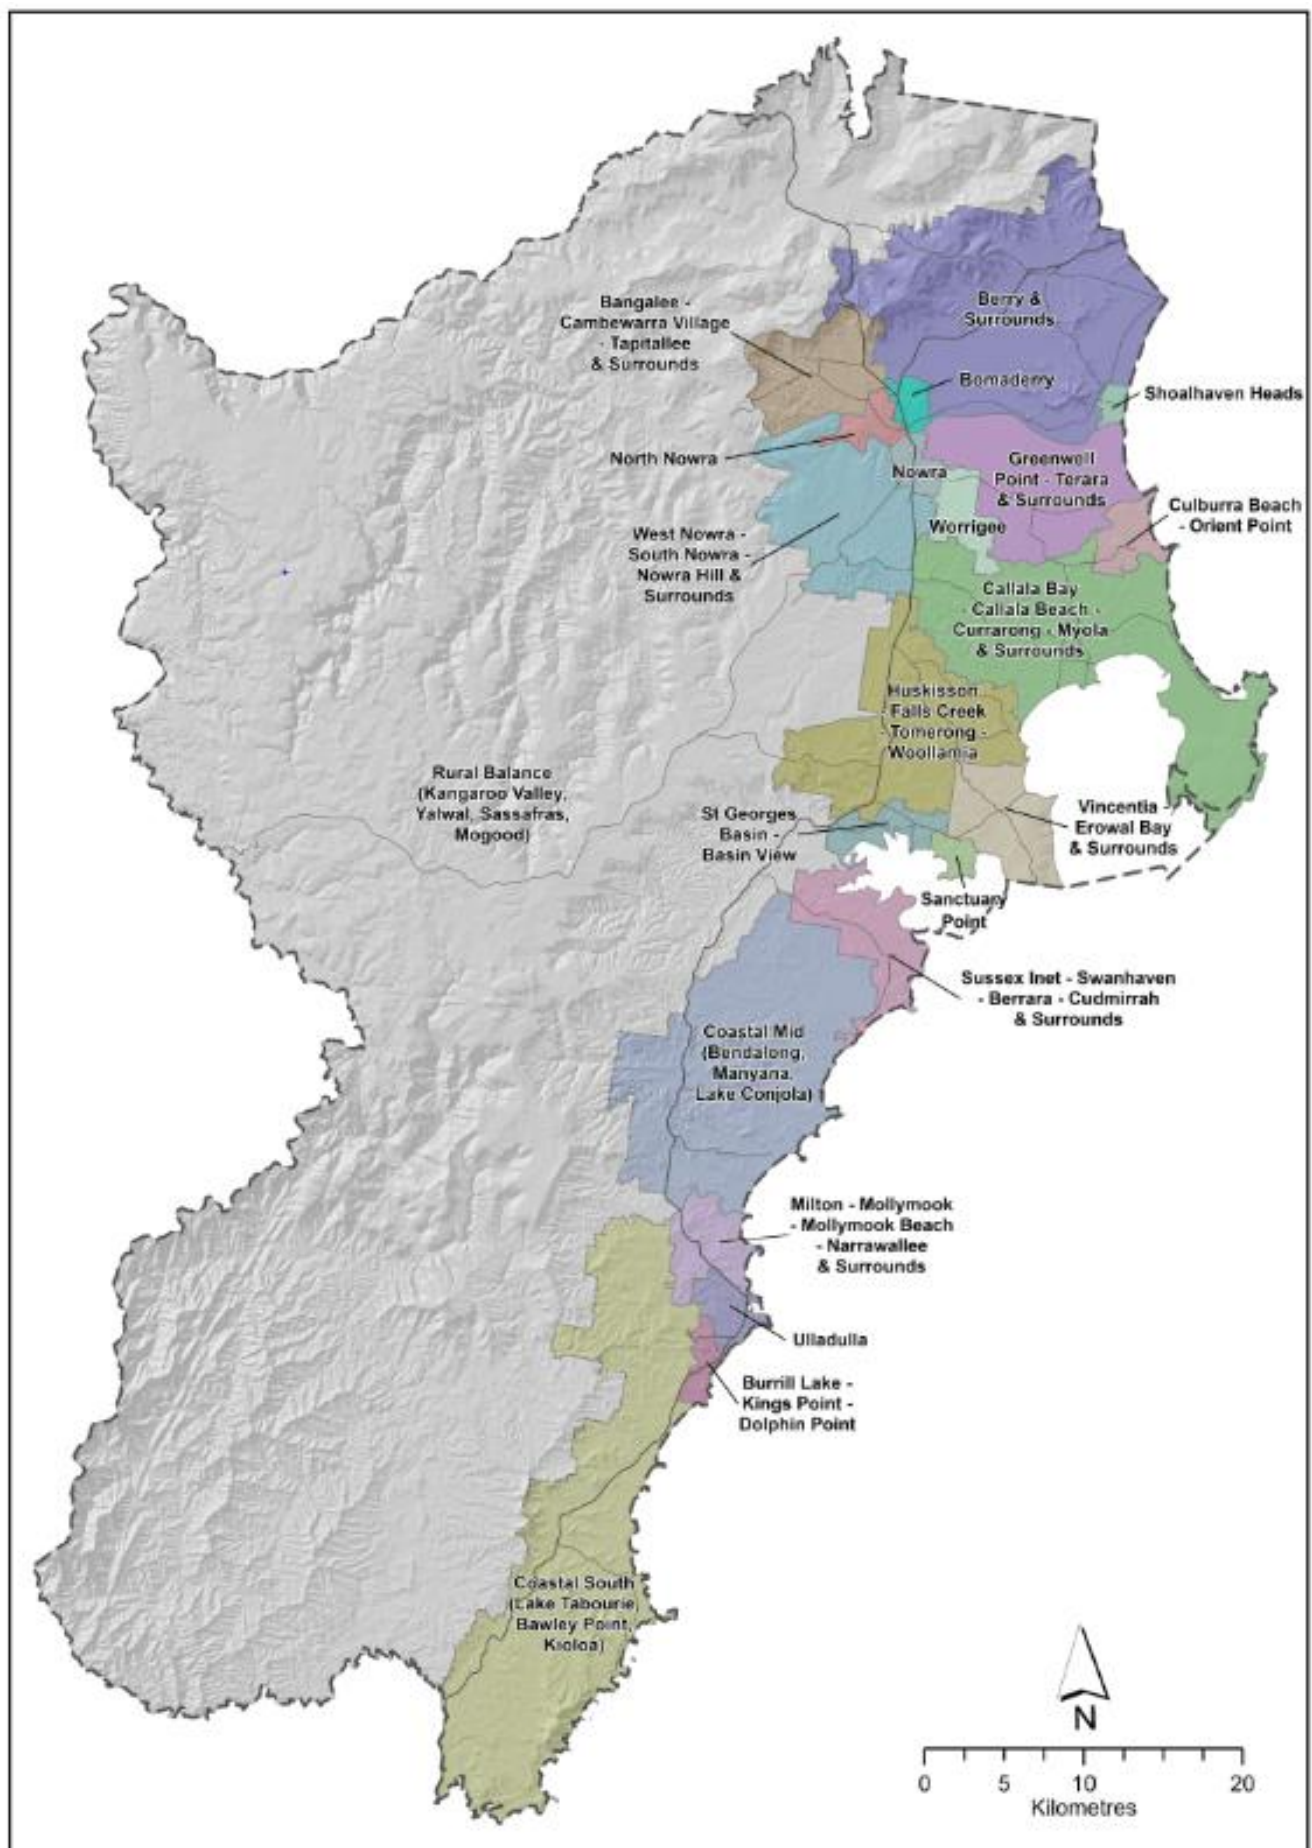

Figure 1: Shoalhaven City Council Community Infrastructure Audit Planning Districts

Figure 2: Shoalhaven City Council Community Infrastructure Audit Planning Areas

2.4 Non-Council Assets

The Community Infrastructure Audit has given consideration to non-council assets that provide community and open space amenity. Non-council assets include National Parks, schools, sports facilities and meeting rooms. It is important for Council to have good understanding of the alternative public and private facilities that support the Shoalhaven more broadly. This will enable staff and others to contextualise future open space and community facility analysis and CISP recommendations.

An index of non-council assets is provided in Appendix 2. This index is indicative only and is not intended to be comprehensive.

2.5 Exclusions

The Community Infrastructure Audit excludes assets that are not readily available for community recreational use, such as Council's Holiday Haven Caravan Parks and some other commercially focused assets.

2.6 Methodology

2.6.1 Asset Data

Asset data was obtained from Council's asset management system in June 2024. This data includes component assets, facility area allocation, condition, average remaining life, location and asset type allocation. The asset management system was also used to extract other asset data such as area sizes, alignment to sporting types, drainage and shade information. The resulting asset database includes 9,184 assets aligned to 637 parent facilities. These parent facilities have been catalogued and are shown in Appendix 1.

2.6.2 Condition Ratings

Aggregated condition scores have been provided for parent facilities using Institute of Public Works Engineering Australasia (IPWEA) derived ratings. These scores range from 1 to 5, with each score representing a different level of condition as follows:

1. Very Good Condition: No visible defects, only normal maintenance required.
2. Good Condition: Minor defects only, minor maintenance required.
3. Fair Condition: Significant defects are evident, maintenance required to prevent further deterioration
4. Poor Condition: Asset is functioning but with significant defects, substantial maintenance required.
5. Very Poor Condition: Asset is unserviceable, renewal or major upgrade required.

Aggregated condition scores combine individual condition assessments of multiple component assets into a single, overall score.

2.6.3 Utilisation Data

Utilisation data was drawn from a range of Council sources including online booking system data, Events bookings data (for activities with 200+ attendees), door counter data, and point of sale information. Not all data sources are applicable to all themes, a summary of the utilisation data, and the associated asset coverage, is provided in Appendix 3.

2.6.4 People Movement Data

Assessing the utilisation of open space and community facilities can be challenging, particularly when in-scope sites may be accessed outside of booking systems, or where data may not be comprehensive. To assist with bridging information gaps, additional utilisation data was gathered through the collection of People Movement Data (PMD) (metadata) for 55 custom geofenced area locations.

People Movement Data is anonymised geospatial data collected from smartphones. When a user installs an app, they are often asked to share their location data with the app publisher and partners. Users can opt in to location sharing (or choose not to opt in). When they opt in, their phone collects and shares data with publisher companies and partners. This data set consists of anonymised, time-stamped latitude and longitude pairs that represent a point in time, and on earth, to a very high degree of accuracy.

Council's project team selected 55 custom geofenced area locations with data collected for January – December 2023. The data set is summarised in Appendix 4.

2.6.5 Lease, Licence Holders and Management Committee Surveys

To supplement and enhance the understanding of utilisation data for community facilities which are managed externally, a survey was sent to lease and licence holders and Management Committees operating Council-owned community facilities. The survey asked respondents to provide facility utilisation data as well as seeking information on their degree of satisfaction. The locations and responses received are summarised in Appendix 5. A comprehensive [Management Committee, Lease & Licence Holder Survey Responses Report](#) has been published separately for this engagement activity.

2.6.6 Community and Stakeholder Surveys

There is strong community interest in the provision of community infrastructure across the Shoalhaven LGA. It is anticipated that community engagement associated with the review of the CISP will occur in early – mid 2025. The revised draft CISP will also be placed on public exhibition.

As an input to the Audit report, interested members of the community were invited to participate in a sample survey for 25 sites across the Shoalhaven LGA. The 25 sites were identified as facilities where more information was required to inform future analysis and recommendations in the revised CISP.

Known stakeholders for the 25 sites were also invited to participate in a separate survey via direct email. These stakeholders included community and sporting groups who regularly hire these facilities through Council's booking systems.

The 25 selected sites, and responses received, are summarised in Appendix 6. A comprehensive [Community Survey Responses Report](#) and [Stakeholder Survey Responses Report](#), including more information on the selection of the 25 sites, have been published separately for these engagement activities.

2.7 How to Read this Document

The Audit report is broadly divided into 3 sections:

1. Shoalhaven Local Government Area Information
2. Community Facilities by Typology
3. Shoalhaven Villages

2.7.1 Shoalhaven Local Government Area Information

This section provides an overview of the number /hectares of open space and community facility provision across the Shoalhaven LGA, with contextual population and demographic data.

2.7.2 Community Facilities by Typology

This section provides LGA-scale information on facilities by Theme. Refer to this section for information on all open space and community facilities across the Shoalhaven LGA relating to the 5 Audit Themes:

- Aquatics & Indoor Sports
- Sports Fields & Courts
- Open Space
- Cultural & Entertainment Facilities, and
- Community Buildings

Where parent facilities have child or component assets that align with multiple Themes, the parent facility is listed separately under each. For example, Nowra Showground is listed under 3 Themes: Sports Fields & Courts, Open Space, and Community Buildings.

2.7.3 Shoalhaven Villages

This section provides Village / District-scale information on open space and community facilities. Refer to this section to find information on all open space and community facilities provided in the 22 Districts.

The information in this section is ordered by Planning Area, with Village / Districts arranged alphabetically within each Planning Area as follows:

- Planning Area 1
 - Bangalee – Cambewarra Village – Tapitallee & Surrounds
 - Berry & Surrounds
 - Bomaderry
 - Greenwell Point – Terara & Surrounds
 - North Nowra
 - Nowra
 - Shoalhaven Heads

- West Nowra – Soth Nowra – Nowra Hill & Surrounds
- Worrigee
- Planning Area 2
 - Callala Bay – Callala Beach – Currarong – Myola & Surrounds
 - Culburra Beach – Orient Point
- Planning Area 3
 - Huskisson – Falls Creek – Tomerong – Woollamia
 - Sanctuary Point
 - St Georges Basin – Basin View
 - Vincentia – Erowal Bay & Surrounds (includes Hyams Beach)
- Planning Area 4
 - Coastal Mid (includes Bendalong, Manyana, Lake Conjola)
 - Sussex Inlet – Swanhaven – Berrara – Cudmirrah & Surrounds
- Planning Area 5
 - Burrill Lake – Kings Point – Dolphin Point
 - Coastal South (includes Lake Tabourie, Bawley Point, Kioloa)
 - Milton – Mollymook – Mollymook Beach – Narrawallee & Surrounds
 - Ulladulla
- Remaining (This District is not aligned with Planning Areas)
 - Rural Balance (includes Kangaroo Valley, Yalwal, Sassafras, Mogood)

2.7.4 Disclaimer

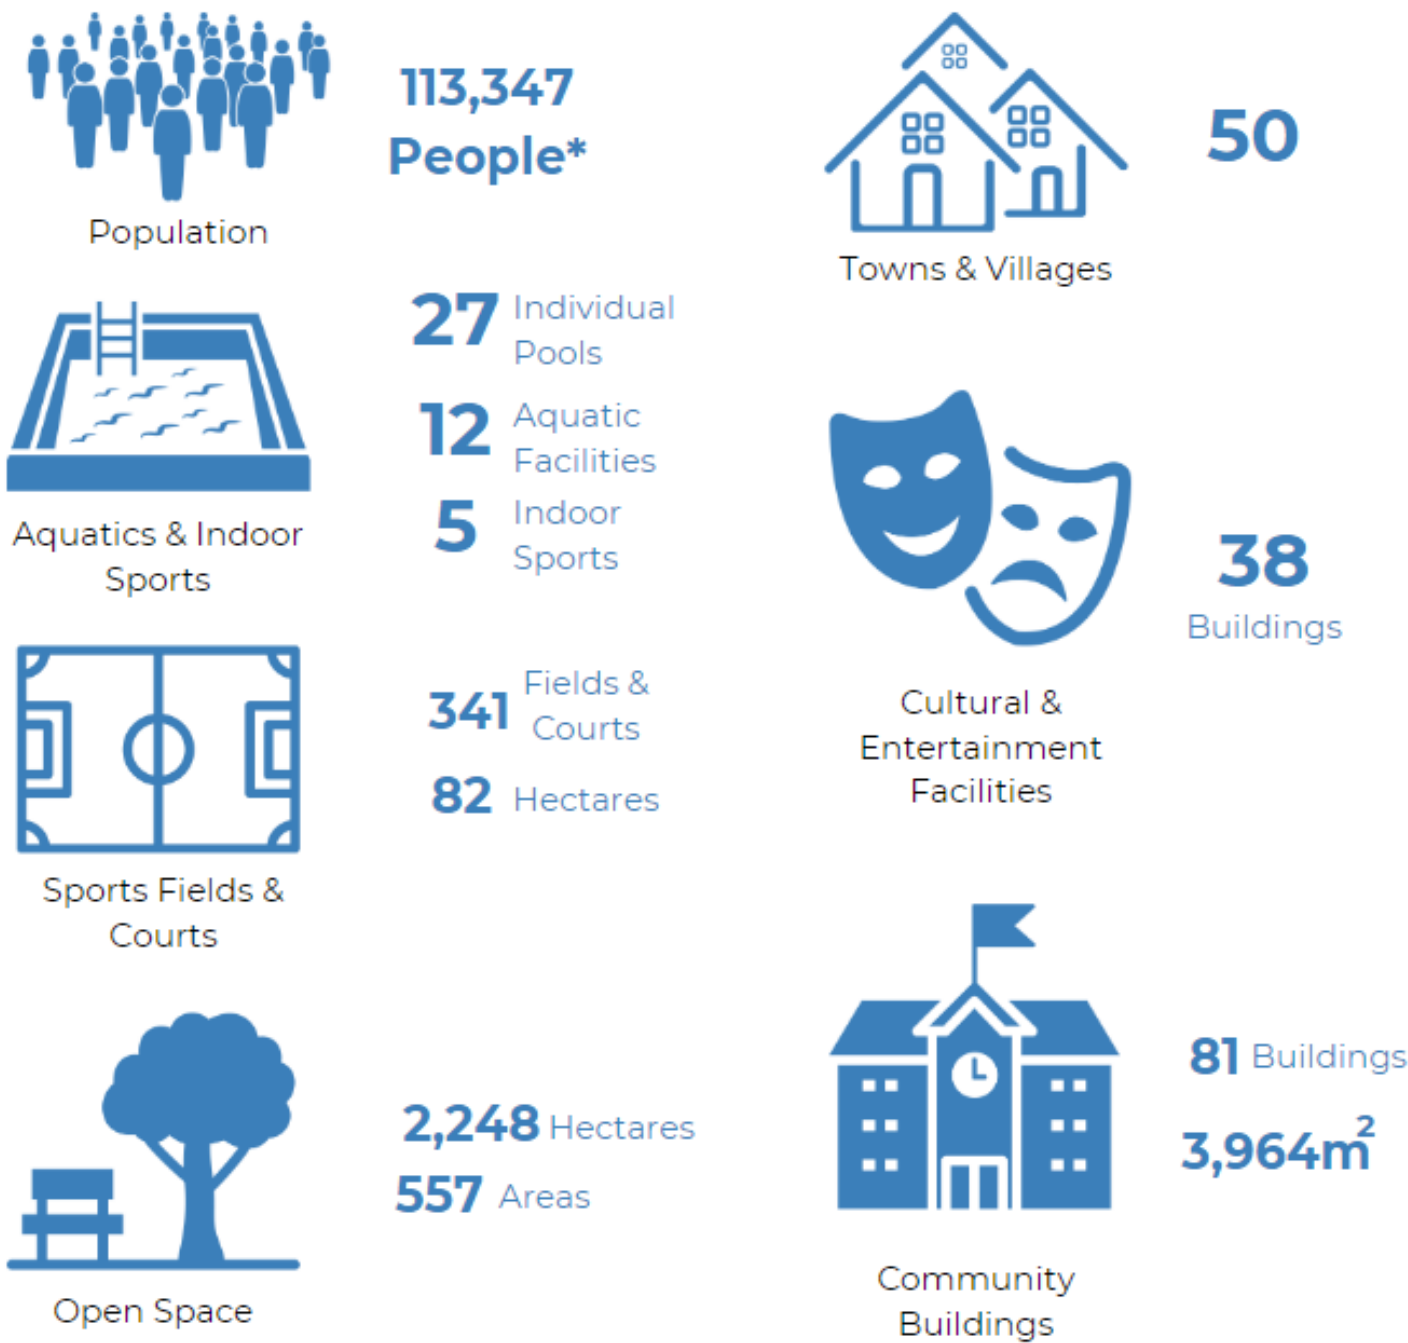

This Audit report has been undertaken as an input to the *Community Infrastructure Strategic Plan 2017-2036* (CISP) Review and is a working reference document.

While all due care has been taken to ensure that the content of the Audit report is accurate at the time of publication, errors may be present due to the large number of in-scope parent facilities.

3. SHOALHAVEN LOCAL GOVERNMENT AREA INFORMATION

3.1 Community Infrastructure & Open Space Overview

*Population and household forecasts, 2021 to 2025, prepared by .id (informed decisions), March 2023

3.2 Population and Demographics

3.2.1 Current and Projected Population Distribution

The Shoalhaven City Council population forecast for 2024 is 113,347 and is forecast to grow to 142,936 by 2051¹.

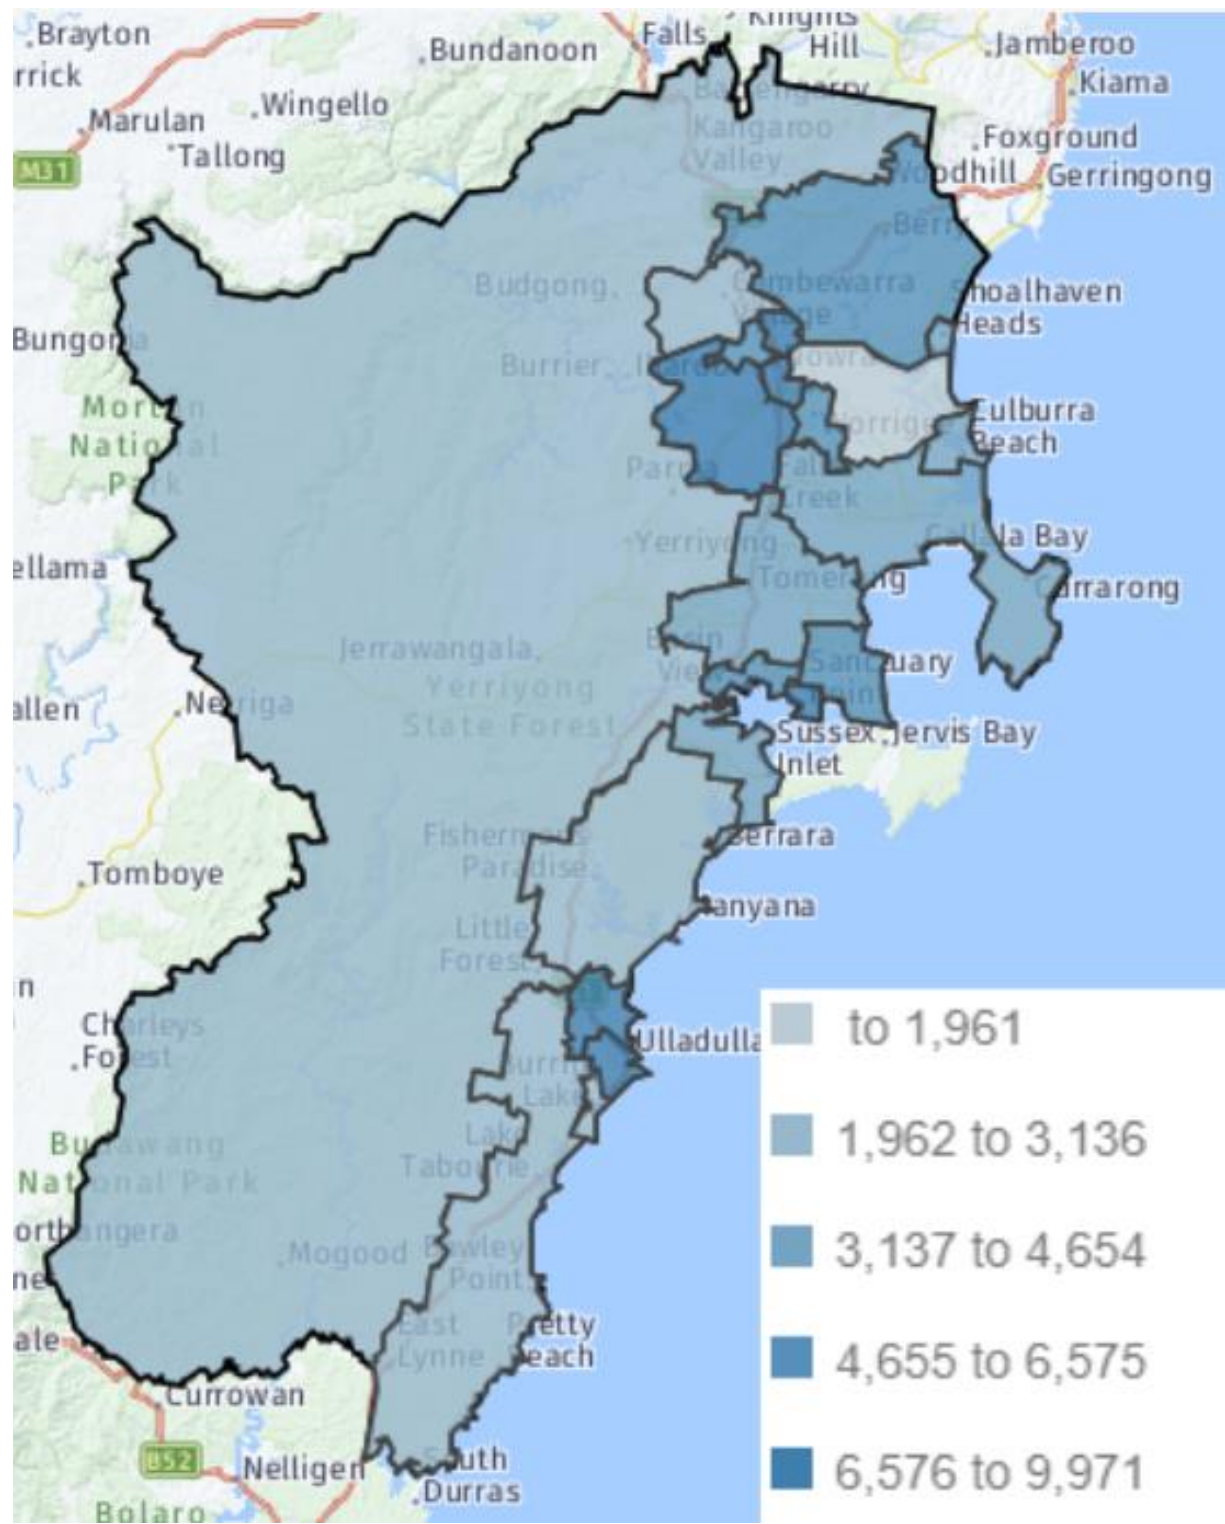

Figure 3: Shoalhaven current population (2024)

Worrigee	5,547	6,533	+986	+17.8

3.2.2 SEIFA Index

The Socio-Economic Indexes for Areas (SEIFA) are developed by the Australia Bureau of Statistics (ABS) and rank areas according to relative advantage and disadvantage. The SEIFA Index of Relative Socio-Economic Advantage and Disadvantage (ISRAD) has been utilised in this Audit report to provide additional context alongside current and projected population data.

The ISRAD considers indicators of advantage and disadvantage such as employment, income, education, and dwelling size to assign areas a SEIFA Index score. A high score on the ISRAD indicates both a lack of disadvantage and a high level of advantage. Areas with an Index above 1,000 are above the Australian average. Index figures below 1,000 indicate areas with a higher level of relative disadvantage / lack of advantage.

SEIFA Index percentiles indicate the approximate position of an area compared to other Australia's suburbs and localities. A higher number indicates a higher socio-economic status. For example, a percentile of 78 means that about 78% of Australia's suburbs have a lower SEIFA Index score than this area (indicating they are more disadvantaged), while 22% have a higher score.

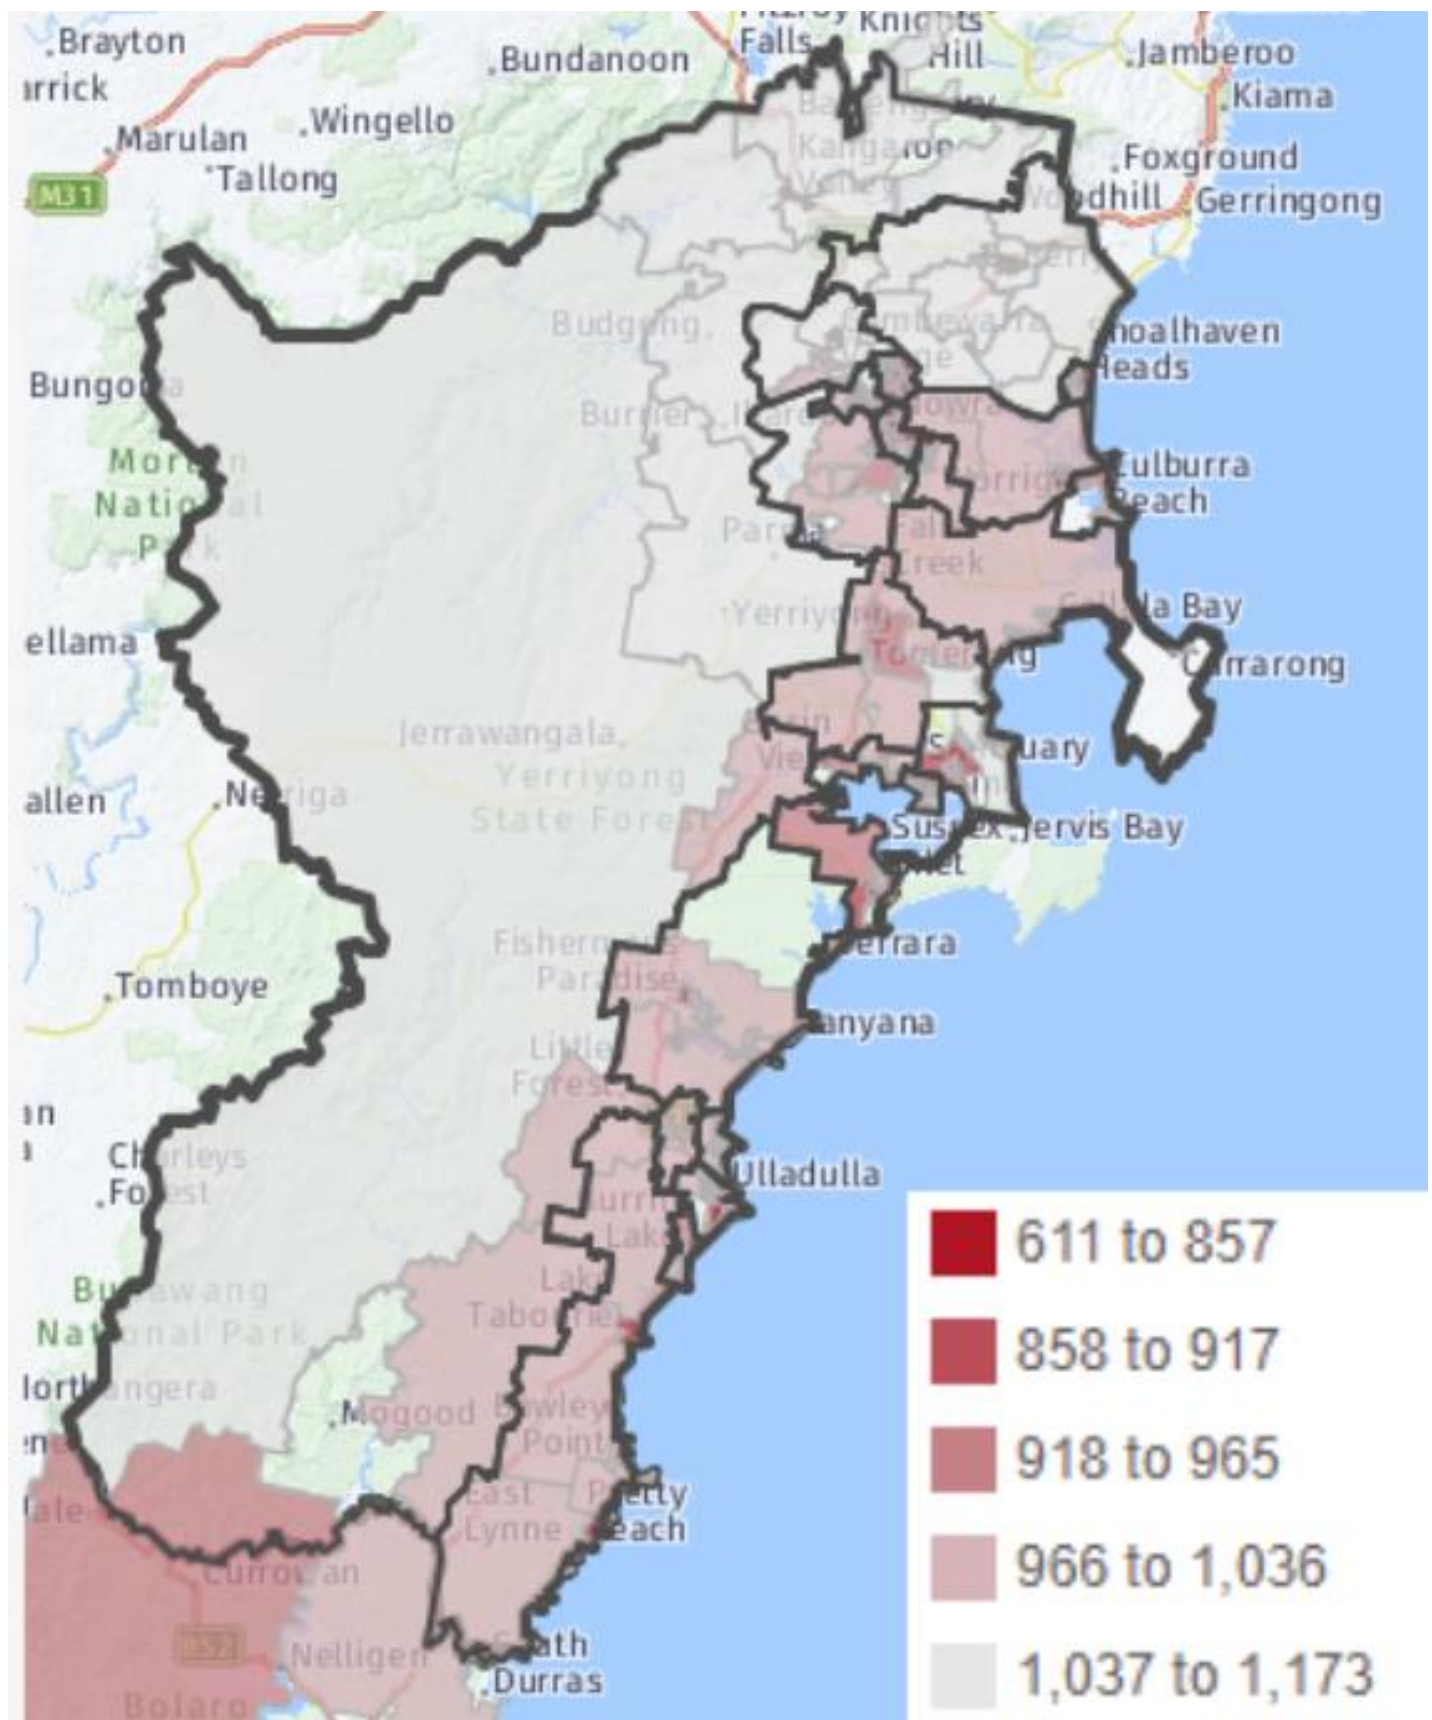

² Population and household forecasts, 2021 to 2051, prepared by .id (informed decisions), March 2023

For more information on ISRAD and all other SEIFA indexes, please see Australian Bureau of Statistics 2021, Socio-Economic Indexes for Areas (SEIFA 2021).

Table 1b: Index of Relative Socio-economic Advantage and Disadvantage: Shoalhaven City Council's small areas and benchmark areas³

⁷ Due to the methodology used for the data extraction, aquatic facilities have been included in the Sports Fields & Courts theme for this table.

⁸ Condition is measured using a 1-5 grading system being: 1 – Very Good, 2 – Good, 3 – Fair, 4 – Poor, 5 – Very Poor.

⁹ Where facilities are listed as having a management committee, lessee, or licensee, this may refer to governance arrangements for parts of the facility only. All data is accurate as of the last data transfer on 16 July 2024, however errors may still be present.

4.2.10 Sports Fields & Courts Community Satisfaction

The community and selected stakeholders were invited to participate in a survey for 25 sites across the Shoalhaven area. The selected sites, and responses received, are summarised in Appendix 5. A Community Engagement Summary Report has been published as an accompaniment to this report.

Number of Sites Surveyed: 7

Number of Responses: 426

Table 5: Sports Fields & Courts Community Satisfaction

Question	Response	%
How Satisfied are you with this facility?	Extremely satisfied	3%
	Satisfied	10%
	Somewhat satisfied	18%
	Neutral	10%
	Somewhat unsatisfied	20%
	Unsatisfied	19%
	Extremely unsatisfied	19%
Which aspects of the facility have contributed to this satisfaction rating?	Access	13%
	Capacity / availability	11%
	Cost	3%
	Location	6%
	Quality of facility / maintenance	29%
	Range of facilities at site / services	23%
	Safety	11%
	Other	4%
What type(s) of activities do you or other household members undertake at this facility?	Active recreation - organised	50%
	Active recreation - non organised	26%
	Passive recreation	12%
	Community education / meetings	3%
	Community events	2%
	Community participation activities	2%
	Social events	4%
	None / not applicable	1%

4.5.8 Community Buildings Condition and Remaining Life

Condition is measured using a 1-5 grading system being: 1 – Very Good, 2 – Good, 3 – Fair, 4 – Poor, 5 – Very Poor.²⁴

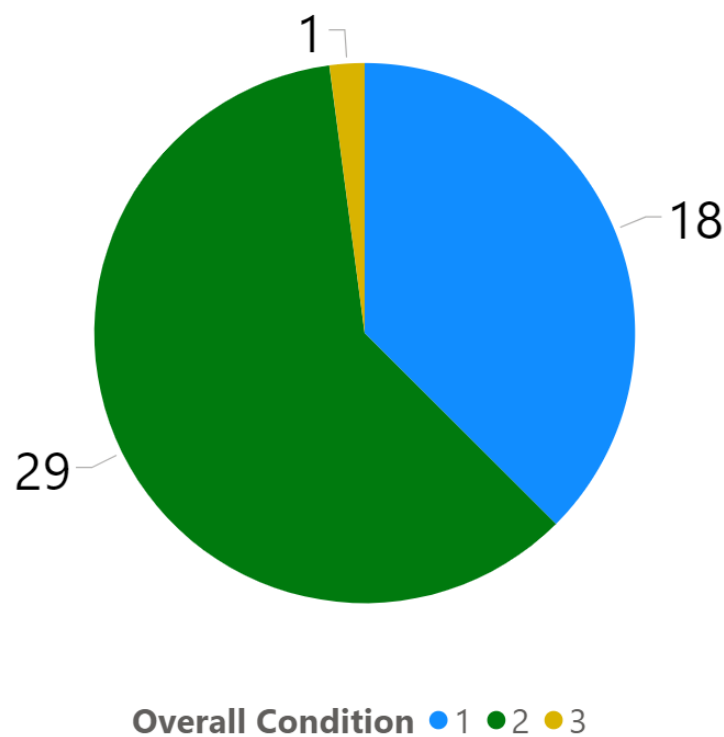

Figure 63: Community Buildings Condition

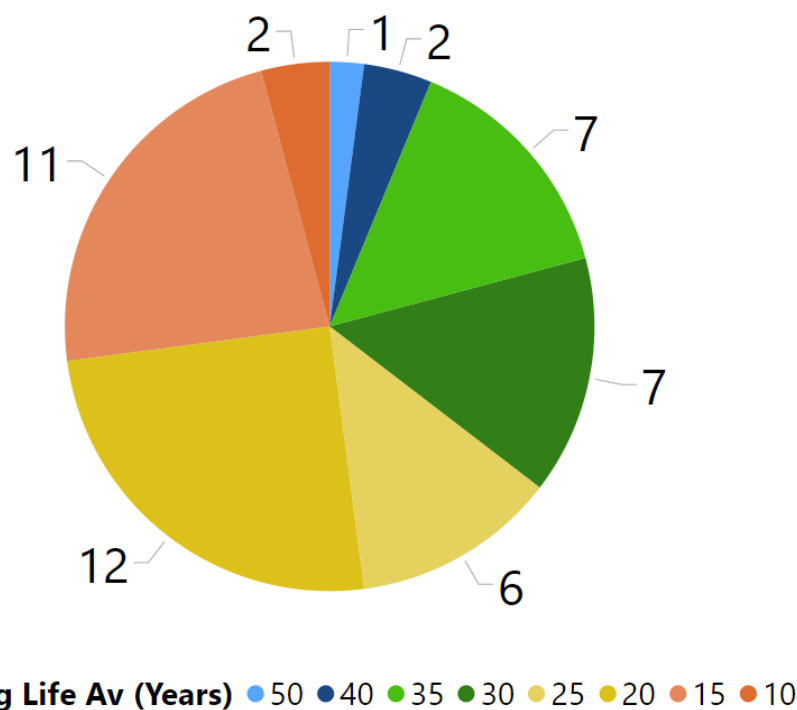

Figure 64: Community Buildings Remaining Life

²⁴ IPWEA, 2015, IIMM, Sec 2.5.4.

4.5.9 Community Buildings Community Satisfaction

The community and selected stakeholders were invited to participate in a survey for 25 sites across the Shoalhaven area. The selected sites, and responses received, are summarised in Appendix 5. A Community Engagement Summary Report has been published as an accompaniment to this report.

Number of Sites Surveyed: 6

Number of Responses: 70

Table 11: Community Buildings Community Satisfaction

Question	Response	Responses	%
How Satisfied are you with this facility?	Extremely satisfied	32	46%
	Satisfied	20	29%
	Somewhat satisfied	8	11%
	Neutral	3	4%
	Somewhat unsatisfied	3	4%
	Unsatisfied	1	1%
	Extremely unsatisfied	3	4%
Which aspects of the facility have contributed to this satisfaction rating?	Access	44	18%

Visitation may be to the precinct that the building is situated in and may not indicate use of the community building itself.

5. SHOALHAVEN VILLAGES

5.1 Shoalhaven Villages

This section of the Audit report provides information on open space and community facilities at the Village / District-scale.

5.1.1 Key Terms

Each chapter of this section includes an asset table showing the range of **Component Assets** within each Village / District. Component Assets are individual assets within an area or building precinct and include the following types:

Table 12: Glossary of Key Terms

Asset Groups	Component Assets	Description
Aquatics	Pool	Swimming pools including sea pools
	Splash Play Area	Zero depth water play areas
Areas	Open Space Area	Open space area that may also contain other assets within its boundaries
Buildings	CIVC Cultural Facility	Museums, libraries, art galleries
	CIVC Public Amenity	Public toilets
	CMCL Entertainment	Nowra players, Milton theatre, Sussex inlet theatre
	CMCL Retail & Business Facility	Commercial retail & business facilities
	CMTY Ancillary Sports	Entrance gates, announcer booths, showground pavilions, site sheds, spectator shelters. more minor structures
	CMTY Aquatics & Indoor Sports	Aquatic buildings & all indoor sports
	CMTY Clubhouse & Sport Amenity	Change rooms, club houses, sports amenities
	CMTY Meeting Place	Public halls & community centres
	CMTY Social Group Facility	Potters, men's sheds, scouts, girl guides, community gardens
	CMTY Social Support Facility	Youth centres, surf life saving
Drainage & Irrigation	Drainage	Infrastructure to remove excess water
	Irrigation	Infrastructure to provide water to plants
Foreshore	Fish Cleaning Station	A location to clean fish
	Watercraft Launching	Boat ramps and paddle craft launching ramps
	Watercraft Mooring	Jetties wharfs and pontoons
Furniture	Barbeque	A public BBQ facility for cooking
	Bicycle Fitting	A location to park and secure bicycles
	General Furniture	Other furniture
	Seating	Public seating
	Sign	Signs
	Table	Public tables with seating
Off-Leash Area	Off-Leash Area 24h	Area where dogs can be off-leash all the time
	Off-Leash Area Restricted Times	Area where dogs can be off-leash sometimes
Pathways	Beach Access	Pathway providing access to a beach
	Bushwalk	Pathway providing a track through natural areas
Play & Fitness	Fitness Equipment	Public fitness equipment
	Play Equipment	Playground equipment, swings etc.
Shade	Artificial/Infrastructure Shade	Shade provided by a structure within the area
	Tree Canopy Over	Shade provided by trees over the area
	Significant Tree Canopy Adjacent	Shade provided by trees near the area

Asset Groups	Component Assets	Description
Sporting	Sporting Area	Sports Fields and Courts
	Sporting Equipment	Goalposts, grandstands, scoreboards, cricket nets etc.
	Sports Lighting	High power lighting specific to sports fields
Structures	Platform	Flat, stable, engineered area
	Public Art & Memorials	Public art & memorials managed as council assets
	Shelter	Shelter structures such as structures over BBQs, tables etc.
Utilities	Outdoor Lighting	Public lighting
	Water Access Point	Drinking water fountain and bottle refilling stations

5.1.2 Non-Council Assets

The Community Infrastructure Audit has considered council and non-council assets that provide community and open space amenity. This includes non-council assets such as National Parks, boat ramps, schools, sports facilities and meeting rooms. It is important for Council to have good understanding of the alternative public and private facilities that support the Shoalhaven more broadly. This will enable staff and others to contextualise future open space analysis and CISP recommendations.

The non-council assets identified are shown in each village map and in an associated table. Non-Council assets are identified using the same component asset descriptions as for council assets. The Complete Index of Non-Council Assets is shown in Appendix 2.

This Index of Non-Council Assets is indicative only and is not intended to be comprehensive.

5.1.3 How to Read

The Village / District information in this section is ordered by Planning Area. The 5 Planning Areas are legacy groupings used by Council. More information and a map of the Planning Areas is provided in Section 2.3.1 of this report.

Village / Districts have been ordered alphabetically within each Planning Area as follows:

- Planning Area 1
 - Bangalee – Cambewarra Village – Tapitallee & Surrounds
 - Berry & Surrounds
 - Bomaderry
 - Greenwell Point – Terara & Surrounds
 - North Nowra
 - Nowra
 - Shoalhaven Heads
 - West Nowra – Soth Nowra – Nowra Hill & Surrounds
 - Worrigee
- Planning Area 2
 - Callala Bay – Callala Beach – Currarong – Myola & Surrounds
 - Culburra Beach – Orient Point
- Planning Area 3

- Huskisson – Falls Creek – Tomerong – Woollamia
- Sanctuary Point
- St Georges Basin – Basin View
- Vincentia – Erowal Bay & Surrounds (includes Hyams Beach)
- Planning Area 4

APPENDIX 3 – Utilisation Data Tables

12.3.1 Utilisation Data Summary

Utilisation data has been obtained from a variety of sources that apply differently across the themes. A summary of the utilisation data presented in this document is shown alongside the applicability for each theme. The **bolded** figures indicate sufficient utilisation data for presentation

Table 80: Utilisation Data Summary

CIA Theme	Bookable Data	Events Data	Door Counters & Point of Sale Data	People Movement Data	Lease Holders & Management Committees Surveys	Community Stakeholder Surveys
Aquatics & Indoor Sports	2	0	11	8	1	4
Community Buildings	9	2	0	19	20	6
Cultural & Entertainment Facilities	2	2	6	0	10	0
Open Space	21	34	0	55	3	8
Sports Fields & Courts	27	5	0	34	20	7

The following sections provide a summary of each set of utilisation data presented in this document.

12.3.2 Bookable Booking Data

This data includes a combination of bookings managed through Council's Bookable system, including private functions, community events, tourism events and general site bookings for clubs, community groups and sporting clubs. Data is for the 2023 calendar year.

Table 81: Bookable Booking Data

CIA Theme	Facility Name	Booked Asset	Number of Bookings	Average Hours Booked Per Week

	Shoalhaven Regional Gallery	42,856

12.4 APPENDIX 4 - People Movement Data

Geofences

Assessing visitation accurately can be a challenging activity given the various size of community facilities and open space. To overcome this, this report has utilised People Movement Data (PMD) in the form of geospatial data from smartphones. When a user installs an app, they are often asked to share their location data with the company which provides the app and other companies who are partners with the app publisher. Users can opt in to location sharing (or choose not to opt in). When they opt in, then their phone collects data and shares it with the publisher companies. This data set consists of anonymised, time-stamped latitude and longitude pairs that represent a point in time, and on earth, to a very high degree of accuracy.

Shoalhaven council selected 55 custom geofenced area locations with data collected for Jan – Dec 2023

Table 84: People Movement Data Geofences

Planning Area	Town/Village	GPS Geofence	Observations

12.5 APPENDIX 5 – Lease & Licence Holders and Management Committee Survey Responses

To supplement and enhance the understanding of utilisation data for community facilities which are managed externally, a survey was sent to 100 lease and licence holders and 27 Management Committees operating Council community facilities. The survey asked respondents to provide facility utilisation data as well as seeking some information on their degree of satisfaction. A Management Committee, Lease & Licence Holders Engagement Summary Report has been published as an accompaniment to this report.

12.6 APPENDIX 6 - Community & Stakeholder Survey Responses

There is strong community interest in the provision of community infrastructure across the Shoalhaven LGA. It is anticipated that community engagement for the review of the CISP will occur in early 2025, including community and stakeholder workshops and an online survey. The revised draft CISP will also be placed on public exhibition.

The community was invited to participate in a survey for 25 sites across the Shoalhaven area. The 25 selected sites were identified as facilities where more information is required to inform future analysis and recommendations in the revised CISP. Known stakeholders for the 25 sites were also invited to participate in a separate survey via direct email. These stakeholders include community and sporting groups who regularly hire these facilities through Council's booking systems. A Community Engagement Summary Report has been published as an accompaniment to this report.

Table 86: Community & Stakeholder Survey Responses

SEIFA	Village	Survey Facility	Stakeholder Survey Responses	Community Survey Responses
907.7	Bomaderry	SCaRP	17	50
951.7	Burrill Lake - Kings Point - Dolphin Point	Lions Park, Burrill Lake (South)	1	153
