

# Barrier Road works closure— Postponed for one week

After hearing from residents at the meeting last night, we have postponed the repair works on landslip near 130 Burrier Road for one week to consider what other access concessions can be included in the program and to allow residents further time to make suitable arrangements.

The works had been intended to begin at 6pm Thursday 24 August and will now be postponed until Sunday 3 September. An updated schedule will be considered, specifically with a view to adjustments to the Sunday start time and providing some vehicular access within the 12-hour road closure schedule, in addition to the 24/7 shuttle service.

Next week we will communicate the updated schedule and get back to you with answers to the questions asked last night.

If you have any questions, reach out to Community Engagement Consultant for Symal, Coral Reynolds: Ph 0477 248 500.
