

Shuttle service and planning

Plan ahead during the day

If you need to travel during the night works, it's important to get your car past the landslip before the road is closed. Make sure you:

- Drive your car to the designated parking spot (see map) between 6am and 5pm.
- Park your car and call the shuttle on 0417 653 758 to take you back home.
- When you're ready to go out, call the shuttle to pick you up and take you to your car.

Travelling during night works

Your car must be parked past the slip if you need to drive during the road closure.

- For pick up, call the shuttle service on 0417 653 758.
- The shuttle will take you to the landslip where you will be escorted safely through the work site.
- A shuttle on the other side will take you to your car.
- For your return trip, park your car and call the shuttle to take you home.
