# 1 Key Information

This Plan of Management has been prepared by Shoalhaven City Council and provides direction as to the use and management of Community land categorised as General Community Use under the Local Government Act 1993. Crown land included in this Plan of Management is included in accordance with Section 3.23 of the Crown Land Management Act 2016 and Section 36 of the Local Government Act 1993.

The PoM outlines the way the land will be used and provides the framework for Council to follow in relation to the express authorisation of leases and licence on the land.

This PoM is a generic document covering most of the community land and open space within the Shoalhaven City Council local government area (LGA) categorised as general community use.

**Date Adopted:** 04/10/2024

**Reviewed By:** Paul Donnelly

**Resolution No:** N/A

**Adopted By:** Kevin Norwood

**Revision No:** 5

**Review Due Date:** 04/10/2029

**Minute No:** 21.339

# 2 Introduction

Shoalhaven City Council is located on the south coast of New South Wales, the regional centre of Nowra-Bomaderry is located approximately 160km south of Sydney. The population is mostly concentrated along the coast. Major centres include Nowra-Bomaderry, Milton-Ulladulla, Huskisson-Vincentia, St Georges Basin, Culburra Beach and Sussex inlet.

As Shoalhaven City Council has an area of over 4600 square kilometres, it contains significant areas of National Park, State Forest, Bushland and beaches and lakes, with strong natural amenity. The area is a popular among new residents, holiday makers and day trippers.

Shoalhaven City Council has a large amount of Crown land, with over 170 Crown reserves, with approximately 120 of those being Council managed. Crown land in the Shoalhaven is varied in its use and in the purpose for which the land was reserved, however the reserve purposes typically found in the Shoalhaven are:

- Public Recreation
- Access
- Community Purpose
- Bush Fire Brigade
- Study/Preservation of Native Flora
- Cemetery
- Public Recreation & Showground
- Local Government Purposes
- Wharf Facility
- Museum
- Public Recreation & War Memorial
- Parking
- Camping
- Public Recreation & Racecourse
- Environmental Protection

As required under the Crown Land Management Act 2016, the categorisation of Crown land managed by Shoalhaven City Council was prepared so that the categorisation most closely relates to the reserve purpose.

## 2.1 Purpose of the plan of management

---

The Local Government Act 1993 (LG Act) requires a plan of management (PoM) to be prepared for all public land that is classified as 'community land' under that Act.

The Crown Land Management Act 2016 (the CLM Act) authorises local councils (council managers) appointed to manage dedicated or reserved Crown land to manage that land as if it were public land under the Local Government Act 1993 (LG Act). A PoM is required for all council-managed Crown reserves on community land.

The purpose of this generic PoM (General Community Use) is to:

- Contribute to the council's broader strategic goals and vision as set out in the Community Strategic Plan.
- Ensure compliance with the Local Government Act 1993 and the Crown Land Management Act 2016.
- Provide clarity in the future development, use and management of the community land.
- Ensure consistent management that supports a unified approach to meeting the varied needs of the community.

Further information about the legislative context of Crown Reserve plans of management can be found in Appendix 3 of this document.

## 2.2 Process of preparing this plan of management

Figure 1 Illustrates the process followed by council in preparing this PoM.

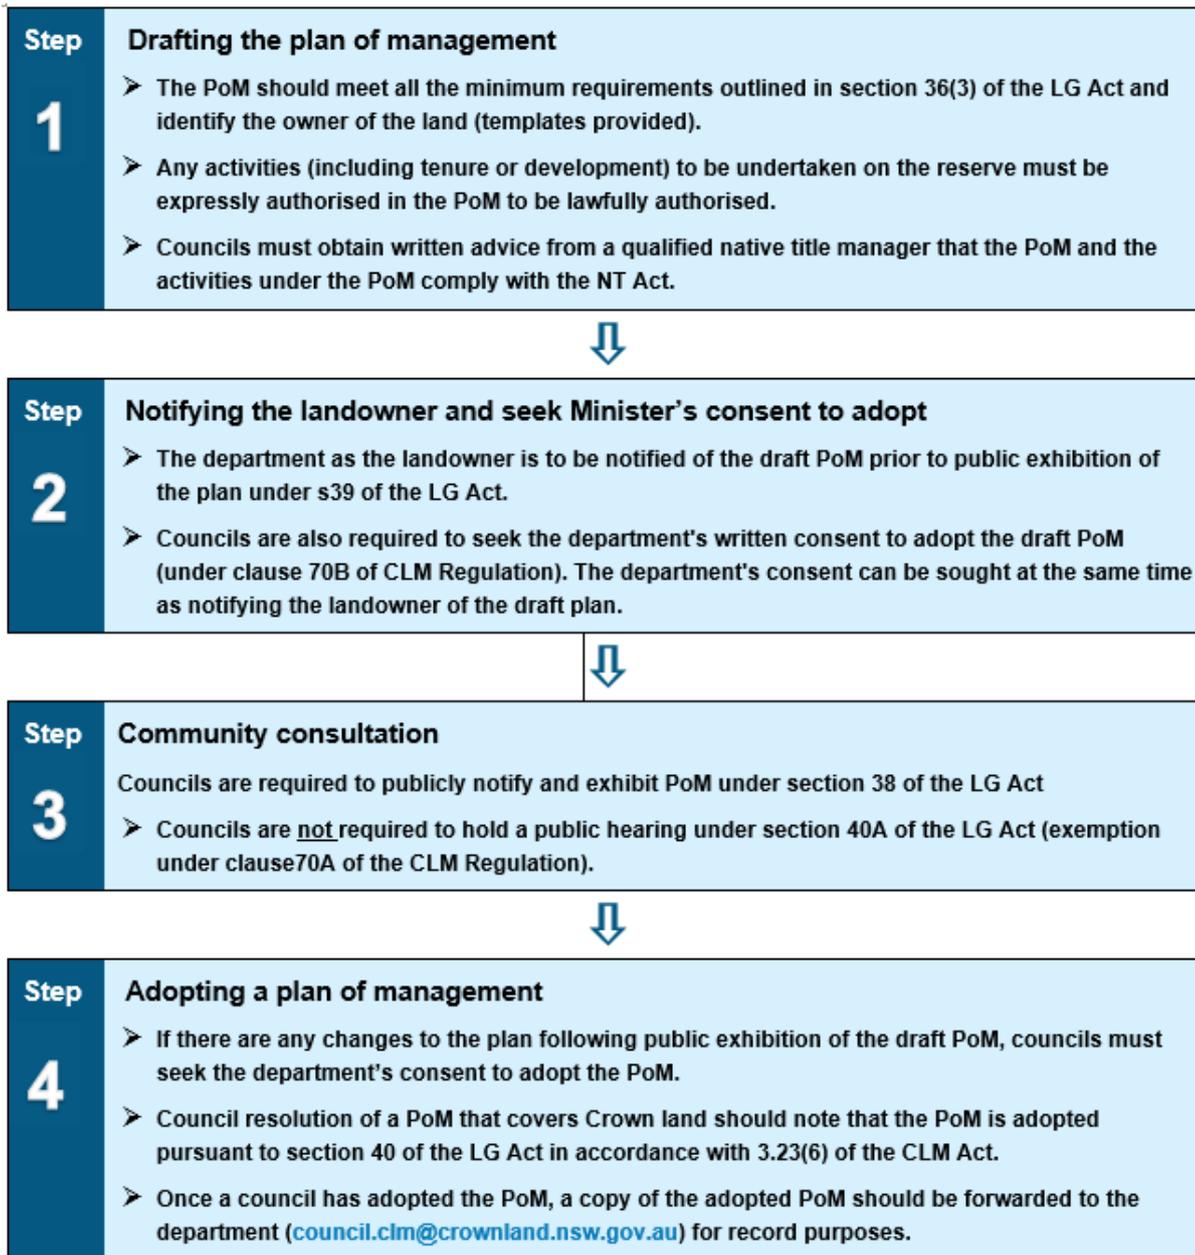

Figure 1: process for preparing a Plan of Management for council-managed Crown Reserves.

## 2.3 Change and review of this plan of management

---

This Plan of Management will be reviewed within five years, from the date of its adoption. The plan will be reviewed in relation to the performance targets which are outlined in this plan and in relation to the accuracy of reserves included in Appendix 1.

This Plan of Management may also be reviewed if directed by Council, or if there is significant change in legislation.

## 2.4 Community Consultation

---

This PoM was placed on public exhibition from 17/06/2024 to 15/07/2024, in accordance with the requirements of section 38 of the Local Government Act 1993 (LG Act). A total of 5 submissions were received. Council considered these submissions before adopting the PoM.

In accordance with section 39 of the LG Act, prior to being placed on public exhibition, the draft PoM was referred to the Department of Planning, Industry and Environment – Crown Lands, as representative of the state of NSW, which is the owner of the Reserve. Council has included in the plan any provisions that have been required by Department of Planning, Industry and Environment – Crown Lands.

### 2.4.1 Summary of Preliminary Engagement Activity

An additional preliminary engagement activity was conducted from 27 October through 20 November 2020. The purpose of this engagement activity was to understand the community's identified values and challenges, regarding land classified as General Community Use.

The engagement activity was run via the online platform 'Get Involved'. A notification was sent to the following stakeholders:

- All Community Consultative Bodies
- Management Committees
- Leasee/Licensees from the Tenancy Register
- Aboriginal Advisory
- Youth Advisory
- Event Operators
- ParkCare Groups
- Chambers of Commerce
- Other identified interest groups

A total of 28 survey responses were received during the engagement period.

The survey questions were:

|    |   |
|----|---|
| 1. | Name:   |
| 2. | Email Address:  |
| 3. | Suburb, Village or Town:  |
| 4. | Gender:   |
| 5. | Age Group:  |
| 6. | What do you value or like most about General Community Use reserves in the Shoalhaven, and why are these reserves important to you?   |
| 7. | Which General Community Use reserves in the Shoalhaven do you visit and how often?  |
| 8. | What facilities or areas do you visit most often, and what do you typically do there?   |
| 9. | What do you see as the main uses or challenges requiring attention in the future use, development, and management of General Community Use reserves in Shoalhaven (if any)? |

|     |  |
|-----|--|
| 10. | How do you think these issues/challenges should be addressed?  |
| 11. | What other changes, improvements or new directions would you like to see happen at General Community Use reserves in the Shoalhaven? |
| 12. | Would you like to make any other comments, ideas, or suggestions in relation to General Community Use Reserves in the Shoalhaven?    |

## 2.4.2. Preliminary Engagement Activity Results

The respondents from the community engagement activity provided a valuable insight into how the community would like to see general community use land managed.

The survey highlighted what the community values in these spaces:

- Natural spaces
- Spending time with family in a friendly space.
- Community connectivity.
- Attractive destinations

The results suggested potential management concerns:

- Accessibility
- Illegal dumping
- Waste management
- Protection of native plant species
- Maintenance

The community offered ways in which Council can manage these concerns:

- **Improving local infrastructure.**
- Maintenance improvements and additional staff.
- Focus on disability inclusion.
- More avenues of communication to the public.

The information garnered from this activity will assist Council with developing future Plans of Management.

# 3 Land Description

This PoM applies to Crown Land within the Shoalhaven Local Government area which has been categorised as General Community Use. Crown reserves with multiple categories assigned will appear in multiple PoMs.

The community land that is covered by this document is listed in Appendix 1. The land covered by this document is defined by real property identifiers (lots and deposited plans) and reserve numbers (for Crown land only).

Some open spaces are not covered by this plan of management, generally because they need site-specific plans of management to be prepared. Contact the council or refer to the council's website for information about other public land not listed in Appendix 1.

Maps are provided in Appendix 2.

## 3.1 Owner of the Land

---

The land includes council-owned land, and land owned by the Crown which managed by the council as Crown land manager under the Crown Land Management Act 2016. The owner of the land is identified in Appendix 1.

# 4 Basis of Management

Shoalhaven City Council intends to manage its community land to meet:

- assigned categorisation of community land
- the LG Act guidelines and core objectives for community land set out in Table 1
- restrictions on management of Crown land community land
- the council's strategic objectives and priorities
- development and use of the land outlined in Section 6 of the LG Act.

## 4.1 Categorisation of the land

---

All community land is required to be categorised as one or more of the following categories. Where the land is owned by the Crown, the category assigned should align with the purpose for which the land is dedicated or reserved.

The LG Act defines five categories of community land:

- **Park** – for areas primarily used for passive recreation.
- **Sportsground** – for areas where the primary use is for active recreation involving organised sports or the playing of outdoor games.
- **General community use** – for all areas where the primary purpose relates to public recreation and the physical, cultural, social, and intellectual welfare or development of members of the public. This includes venues such as community halls, scout and guide halls, and libraries.
- **Cultural significance** – for areas with Aboriginal, aesthetic, archaeological, historical, technical, research or social significance.
- **Natural area** – for all areas that play an important role in the area's ecology. This category is further subdivided into bushland, escarpment, foreshore, watercourse and wetland categories.

The categorisation of the land is identified in Appendix 1, as well as shown by maps in Appendix 2.

## 4.2 Guidelines and core objectives for management of Community Land

---

The management of community land is governed by the categorisation of the land, its purpose and the core objectives of the relevant category of community land. Council may then apply more specific management objectives to community land, though these must be compatible with the core objectives for the land.

The guidelines for categorisation of community land are set out in the Local Government (General) Regulation 2021. The core objectives for each category are set out in the LG Act. The guidelines and core objectives for the General Community Use category is set out below in Table 1.

**Table 1: Guidelines and Core Objectives for Community Land (General Community Use)**

| Guidelines – from the Local Government (General) Regulation 2021   | Core objectives – from the Local Government Act 1993  |
|--|---|
| <p><b>Clause 106 – General Community Use:</b></p> <p>Land that may be made available for use for any purpose for which community land may be used, and does not satisfy the definition of natural area, sportsground, park or area of cultural significance.</p> | <p><b>Category General Community Use (Section 36I):</b></p> <ul style="list-style-type: none"> <li>• to promote, encourage and provide for the use of the land</li> <li>• to provide facilities on the land, to meet the current and future needs of the local community and of the wider public:               <ul style="list-style-type: none"> <li>(a) in relation to public recreation and the physical, cultural, social and intellectual welfare or development of individual members of the public, and</li> <li>(b) in relation to purposes for which a lease, licence or other estate may be granted in respect of the land (other than the provision of public utilities and works associated with or ancillary to public utilities).</li> </ul> </li> </ul> |

## 4.3 Restrictions on management of Crown Land

Council is the Crown land manager of the Crown reserves described in this plan of management in accordance with the legislation and conditions imposed by the Minister administering the *Crown Land Management Act 2016*. The use of the land described in this plan of management must:

- Be consistent with the purpose for which the land was dedicated or reserved.
- Consider native title rights and interests and be consistent with the provisions of the Commonwealth Native Title Act 1993.
- Consider the inchoate interests of Aboriginal people where an undetermined Aboriginal Land Claim exists.
- Consider and not be in conflict with any interests and rights granted under the Crown Land Management Act 2016.
- Consider any interests held on title.

A Coastal Management Program (CMP) is under preparation by Council and any future development in coastal areas will have regard to the CMP and the objects of the *Coastal Management Act 2016*.

## 4.4 Council’s strategic objectives and priorities

Shoalhaven City Council, in consultation with the community, has developed the following strategies and plans to identify the priorities and aspirations of the community and the delivery of a vision for the future. They have a direct influence on the objectives, uses and management approach covered by PoMs.

### Community Strategic Plan

Shoalhaven City Council, in consultation with the community, has developed a community strategic plan identifying key themes that summarise important community priorities. The Shoalhaven Community Strategic Plan (CSP) is known as *Shoalhaven 2032*, and is the roadmap devised by our community for the future of Shoalhaven City.

There are four themes identified within Shoalhaven 2032. These themes are:

- Theme 1 – Resilient, safe, accessible, and inclusive communities.
- Theme 2 – Sustainable, liveable environments.
- Theme 3 – Thriving local economies that meet community needs.

- Theme 4 –Effective, responsible & authentic leadership.

Shoalhaven 2032 has a direct influence on the objectives, uses and management approach covered by this PoM. The land covered by this PoM shall therefore be managed in accordance with the key themes outline in Shoalhaven 2032.

### **Delivery Program Operational Plan**

Shoalhaven City Council's Delivery Program and Operational Plan Resourcing Strategy outlines Council's annual delivery plan. It is prepared by Council in collaboration with and on behalf of residents, businesses, all levels of government and local agencies, to help build and maintain a vibrant and sustainable future for the local community. The Delivery Program and Operation Plan Resourcing Strategy can be found online on Councils website.

# 5 Development and Use

## 5.1 Permissible Uses / Future Uses

The types of uses which may occur on community land categorised as General Community Use, and the forms of development generally associated with those uses, are set out in Table 2. Additionally, development proposals must align with the permitted use associated with the gazetted reserve purpose (for each parcel of land to which this Plan of Management applies). The facilities on community land may change over time, reflecting the needs of the community.

The anticipated uses and associated development identified in the table are intended to provide a general guide. The terminology used is not intended to impose an exact meaning. For example, a reference to ‘football’ includes any variations of that game.

**Table 2: Permissible use and development of community land categorised as General Community Use by council.**

| Purpose/Use, such as...   | Development to facilitate uses, such as...   |
|---|--|
| <p>Providing a location for, and supporting, the gathering of groups for a range of social, cultural or recreational purposes.</p> <p>Providing multi-purpose buildings (for example, community halls and centres) with specialised community uses such as:</p> <ul style="list-style-type: none"> <li>• casual or informal recreation</li> <li>• meetings (including for social, recreational, educational or cultural purposes)</li> <li>• functions</li> <li>• concerts, including all musical genres</li> <li>• performances (including film and stage)</li> <li>• workshops</li> <li>• leisure or training classes</li> <li>• childcare (for example, before and after school care, vacation care)</li> <li>• designated group use (e.g. scout and girl guide use)</li> <li>• educational centres, including libraries, information and resource centres</li> <li>• entertainment facilities</li> <li>• active cemeteries</li> <li>• caravan parks and camping grounds.</li> <li>• utility easements</li> <li>• events, festivals, parades, markets, fairs, exhibitions and similar events and gatherings.</li> <li>• filming and photographic projects</li> </ul> | <p>Development for the purposes of social, community, cultural and recreational activities, such as libraries, childcare centres, youth services, aged services, men’s sheds, health services, sports.</p> <p>Development includes:</p> <ul style="list-style-type: none"> <li>• provision of buildings or other amenity areas to facilitate use and enjoyment by the community</li> <li>• development (particularly within buildings) for the purposes of addressing the needs of a particular group (for example, a stage)</li> <li>• landscaping and finishes, improving access, amenity and the visual character of the general community area</li> <li>• water-saving initiatives such as rain gardens</li> <li>• energy-saving initiatives such as solar lights and solar panels</li> <li>• car parking and loading areas</li> <li>• advertising structures and signage (such as A-frames and banners) that: <ul style="list-style-type: none"> <li>○ relate to approved uses/activities</li> <li>○ are discreet and temporary</li> <li>○ are approved by the council</li> </ul> </li> <li>• locational, directional and regulatory signage.</li> <li>• cemeteries</li> <li>• drainage reserves</li> <li>• pathways/shared pathways/cycleways</li> </ul> |

## 5.2 Express Authorisation of Lease and Licences and Other Estates

---

Under section 46(1)(b) of the LG Act, leases, licences and other estates formalise the use of community land. A lease, licence or other estate may be granted to organisations and persons, community groups, sports clubs and associations, non-government organisations, charities, community welfare services, non-profit organisations and government authorities.

The lease or licence must be for uses consistent with the reserve purpose(s), the assigned categorisation and zoning of the land, be in the best interests of the community as a whole, and enable, wherever possible, shared use of community land.

Any lease or licence proposal will be individually assessed and considered, including the community benefit, compatibility with this PoM and the capacity of the community land itself and the local area to support the activity.

A lease is normally issued where exclusive control of all or part of an area by a user is proposed. In all other instances a licence or short-term licence or hire agreement will be issued.

### 5.2.1 Leases and Licences Authorised by the Plan of Management

This plan of management expressly authorises the issue of leases, licences and other estates over the land covered by the plan of management, in accordance with section 46(1)(b) of the LG Act, provided that:

- the purpose is consistent with the purpose for which it was dedicated or reserved
- the purpose is consistent with the core objectives for the category of the land
- the lease, licence or other estate is for a permitted purpose listed in the Local Government Act 1993 or the Local Government (General) Regulation 2021
- the issue of the lease, licence or other estate and the provisions of the lease, licence or other estate can be validated by the provisions of the Native Title Act 1993 (Cth)
- where the land is subject to a claim under the Aboriginal Land Rights Act 1983 the issue of any lease, licence or other estate will not prevent the land from being transferred in the event the claim is granted
- the lease, licence or other estate is granted and notified in accordance with the provisions of the Local Government Act 1993 or the Local Government (General) Regulation 2021
- the issue of the lease, licence or other estate will not materially harm the use of the land for any of the purposes for which it was dedicated or reserved.

Table 3 further identifies the purposes for which leases and licences may be issued over the reserves identified in this plan of management.

**Table 3. Purposes for which a lease/licence may be granted.**

| Community land covered           | Purpose for which tenure may be granted   |
|----------------------------------|---|
| <b>Leases</b>                    |   |
| General Community Use            | <ul style="list-style-type: none"> <li>• childcare or vacation care</li> <li>• health or medical practitioners associated with the relevant facility (e.g. nutrition, physiotherapy)</li> <li>• educational purposes, including libraries, education classes, workshops</li> <li>• cultural purposes, including concerts, dramatic productions and galleries</li> <li>• recreational purposes, including fitness classes, dance classes and games</li> <li>• sporting uses developed/operated by a private operator</li> <li>• kiosk, café and refreshment purposes</li> <li>• commercial retail uses associated with the facility (e.g. sale or hire of sports goods)</li> <li>• engaging in a trade or business for any of the purposes listed above</li> </ul> |
| <b>Licences</b>                  |   |
| General Community Use            | <ul style="list-style-type: none"> <li>• social purposes (including childcare, vacation care)</li> <li>• educational purposes, including libraries, education classes, workshops</li> <li>• recreational purposes, including fitness classes, dance classes</li> <li>• café/kiosk areas</li> <li>• delivery of a public address</li> <li>• commercial photographic sessions</li> <li>• events, festivals, parades, markets, fairs, exhibitions and similar events and gatherings.</li> <li>• picnics and private celebrations such as weddings and family gatherings</li> <li>• filming sessions</li> <li>• the agistment of stock.</li> </ul>  |
| <b>Other estates</b>             |   |
| All community land and buildings | This PoM allows the council to grant 'an estate' over community land for the provision of public utilities and works associated with or ancillary to public utilities and provision of services, or connections for premises adjoining the community land to a facility of the council or public utility provider on the community land in accordance with the LG Act.  |

## 5.2.2 Short-term Licences

This PoM expressly authorises Council to issue short-term licences (for up to 12 months) under s2.20 of the Crown Land Management Act for the prescribed purposes listed in Clause 31 of the Crown Land Management Regulation 2018.

Short-term licences granted under s2.20 of the CLM Act are authorised for the following prescribed purposes:

- a) access through a reserve,
- b) advertising,
- c) camping using a tent, caravan or otherwise,
- d) catering,
- e) community, training or education,
- f) emergency occupation,
- g) entertainment,
- h) environmental protection, conservation or restoration or environmental studies,
- i) equestrian events,
- j) events, festivals, parades, markets, fairs, exhibitions or similar events and gatherings,

- k) filming (as defined in the Local Government Act 1993),
- l) functions,
- m) grazing,
- n) hiring of equipment,
- o) holiday accommodation,
- p) meetings,
- q) military exercises,
- r) mooring of boats to wharves or other structures,
- s) sales,
- t) shows,
- u) site investigations,
- v) sporting and organised recreational activities,
- w) stabling of horses,
- x) storage.

Fees for short-term casual bookings will be charged in accordance with the council's adopted fees and charges at the time.

### 5.2.3. Native Title and Aboriginal Land Rights Considerations in Relation to Leases, Licences and Other Estates

When planning to grant a lease or licence on Crown reserves, the council must comply with the requirements of the Commonwealth *Native Title Act 1993* (NT Act) and have regard for any existing claims made on the land under the NSW *Aboriginal Land Rights Act 1983* (ALR Act).

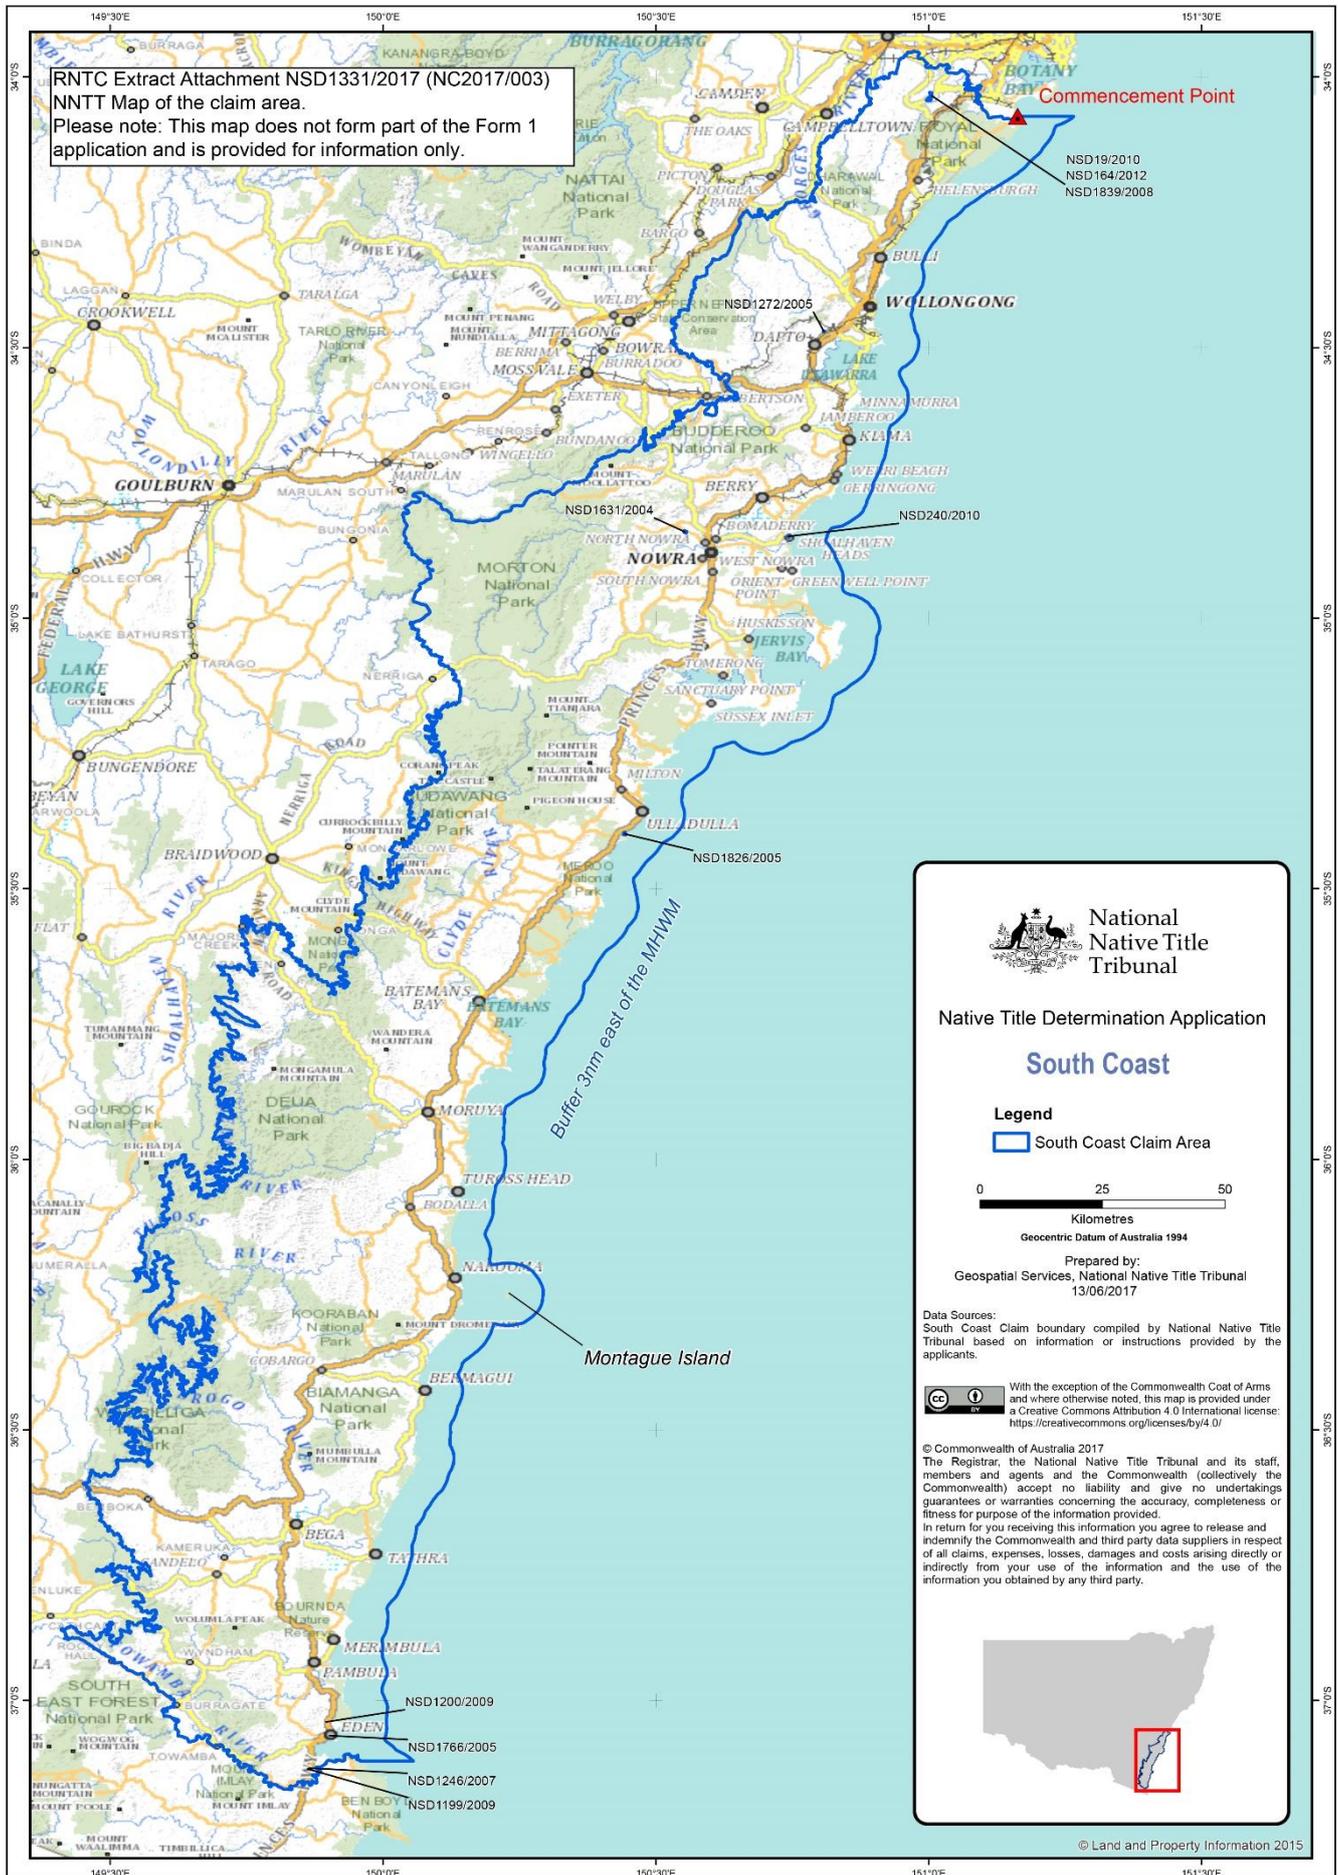

It is the role of the council's engaged or employed Native Title Manager to advise if the proposed activities and dealings are valid under the NT Act (see Appendix 4 for more information).

At the time of publication, the following native title claim(s) were registered over land to which this Plan of Management Applies:

1. Has there been a Native Title claim registered under the Native Title Act 1993: yes (further details below):
  - a. Native title claimants: South Coast People;
    - i. Native Title Tribunal file number: NC2017003;
    - ii. Federal Court file number: NSD1331/2017;
    - iii. Date filed: 03/08/2017;
  - b. The area the claim covers in relation to the LGA is illustrated in Figure 2 (over page).
  - c. Determination: pending.
  - d. Further information about the determined outcome per Crown reserve will be published in a schedule to be included as an addendum to a future revision of this Plan of Management.

Council will follow all procedural steps as required under the Native Title Act 1993, when relying upon a particular Subdivision to validate any future acts authorised in this PoM.

Figure 2: Map of Native Title Determination Claim (South Coast People, NC2017003)

## 5.3 Action Plan

Section 36 of the LG Act requires that a plan of management for community land details:

- The objectives and performance targets of the plan with respect to the land.
- The means by which the council proposes to achieve the plan's objectives and performance targets.
- The manner in which the council proposes to assess its performance with respect to the plan's objectives and performance targets.

Table 4 sets out key objectives and performance targets for management of the land.

**Table 4. Objectives and performance targets, means of achieving them and assessing achievement.**

| Management Issues                                  | Objectives and Performance Targets  | Means of Achievement of Objectives  | Manner of Assessment of Performance   |
|--|---|---|---|
| Use  | To ensure that General Community Use land is used for appropriate purposes, and in the case of Crown Land, in line with the Reserve Purpose | General Community Use is used for purposes consistent with its Core Objectives. These uses may include Scout and Guide Halls, neighbourhood centres, libraries, cultural centres, childcare centres, educational, cultural and social functions, utility easements and drainage reserves. | General Community Use land is not used for inappropriate purposes   |
| Provision of facilities                            | Consider the future need of the community when planning facilities in areas categorised as General Community Use.                           | Population trends are considered when planning for facilities on General Community Use land in order to meet the future need of the community.<br><br>Where possible, facilities are multipurpose and adaptable to ensure a variety of possible future use.                               | During the planning process of facilities located on General Community Us Land, future uses are considered and implemented. |
| Maintenance  | To ensure all General Community Use land is maintained according to the specifications detailed in Council's Service Level Agreement        | Undertake maintenance as per the relevant Asset Management Plan   | Number of submissions received in relation to maintenance of the site   |
| Impacts on adjoining residents                     | To minimise negative impacts of use on adjoining residents  | Investigate potential impacts and prepare mitigating plans in conjunction with residents and user groups as required  | Submissions and complaints received from residents adjoining land covered by this Plan of Management are recorded           |
| Erosion, drainage and maintenance of water quality | To develop riparian buffers along   | Develop a prioritised list of sites for the establishment of riparian buffers.  | Prioritised list is developed.  |

| Management Issues     | Objectives and Performance Targets  | Means of Achievement of Objectives   | Manner of Assessment of Performance   |
|-----------------------|---|--|---|
|                       | watercourses to stabilise banks and reduce erosion  |  |   |
| Rubbish dumping       | To reduce the incidence of dumping on Crown land  | Develop a strategy aimed at reducing the amount of illegal dumping which occurs on General Community Use land  | A strategy to reduce dumping is developed and implemented.  |
| Environmental impacts | To ensure the maintenance and use of land does not negatively impact on the natural environment or biodiversity | Undertake regeneration work where required to improve the land.<br><br>Where required, revegetate land using native species  | Complaints received regarding maintenance needs are responded to appropriately.<br><br>Where possible, native species are favoured.   |
| Accessibility         | To ensure General Community Use land is accessible  | Where possible, facilities on General Community Use Land are centrally located, close to essential services and transport options.<br><br>Facilities will aim to be affordable and welcoming | During the planning process of General Community Use land, these factors will be considered.<br><br>Complaints received from community members regarding accessibility are recorded |
| Access                | Facilities on General Community Use land are easily accessed and well known in the community.                   | Information on Facilities are available online and are advertised on Council's social media.   | Information on Facilities is kept up to date online.  |

# Appendices

## Appendix 1 Land Covered by this Plan of Management

### 1.1 Crown Land

Table shows all land information details for the reserves, however the PoM applies to the General Community Use only.

# Appendix 3 Plan of Management Legislative Framework

---

The primary legislation that impacts on how community land is managed or used is briefly described below. You can find further information regarding these acts at [www.legislation.nsw.gov.au](http://www.legislation.nsw.gov.au).

## 3.1 Local Government Act 1993

Section 35 of the LG Act provides that community land can only be **used** in accordance with:

- the plan of management applying to that area of community land, and
- any law permitting the use of the land for a specified purpose or otherwise regulating the use of the land, and
- the provisions of Division 2 of Chapter 6 of the Act.

Section 36 of the Act provides that a plan of management for community land must identify the following:

- a) the category of the land,
- b) the objectives and performance **targets** of the plan with respect to the land,
- c) the means by which the council proposes to **achieve** the plan's objectives and performance targets,
- d) the manner in which the council proposes to **assess its performance** with respect to the plan's objectives and performance targets,

and may require the prior approval of the council to the carrying out of any specified activity on the land.

A plan of management that applies to just one area of community land:

- e) must include a description of:
  - (i) the condition of the land, and of any buildings or other improvements on the land, as at the date of adoption of the plan of management, and
  - (ii) the use of the land and any such buildings or improvements as at that date, and
- f) must:
  - (i) specify the purposes for which the land, and any such buildings or improvements, will be permitted to be used, and
  - (ii) specify the purposes for which any further development of the land will be permitted, whether under lease or licence or otherwise, and
  - (iii) describe the scale and intensity of any such permitted use or development.

Land is to be categorised as one or more of the following:

- a) a natural area
- b) a sportsground
- c) a park
- d) an area of cultural significance
- e) general community use.

Land that is categorised as a natural area is to be further categorised as one or more of the following:

- a) bushland
- b) wetland
- c) escarpment
- d) watercourse
- e) foreshore
- f) a category prescribed by the regulations.

Additionally, under section 36 of the *Local Government Act 1993* (LG Act), a site-specific PoM must be made for land declared:

- as critical habitat, or directly affected by a threat abatement plan or a recovery plan under threatened species laws (sections 36A(2) and 36B(3))
- by council to contain significant natural features (section 36C(2))
- by council to be of cultural significance (section 36D(2)).

### 3.1.1 Classification of public land

The LG Act requires classification of public land into either 'community' or 'operational' land (Section 26). The classification is generally made for council-owned public land by the council's Local Environmental Plan (LEP) or in some circumstances by a resolution of the council (Section 27).

Crown reserves managed by council as Crown land manager have been classified as community land upon commencement of the *Crown Land Management Act 2016* (the CLM Act). Councils may manage these Crown reserves as operational land if written consent is obtained from the minister administering the CLM Act.

Classification of land has a direct effect on the council's ability to dispose of or alienate land by sale, leasing, licensing or some other means. Under the LG Act, community land must not be sold (except for scheduled purposes), exchanged or otherwise disposed of by the council, and the land must be used and managed in accordance with an adopted PoM. In addition, community land is subject to strict controls relating to leases and licences (sections 45, 46, 46A and 47) of the LG Act.

By comparison, no such restrictions apply to operational land that is owned by councils. For example, operational land can be sold, disposed, exchanged or leased including exclusive use over the land, unencumbered by the requirements which control the use and management of community land. Crown reserves managed by council as operational land may generally be dealt with as other operational land but may not be sold or otherwise disposed of without the written consent of the minister administering the CLM Act.

Operational land would usually include land held as a temporary asset or an investment, land which facilitates the council carrying out its functions or land which may not be open to the general public (for example, a works depot).

The classification or reclassification of council-owned public land will generally be achieved by a Local Environmental Plan (LEP) or by a resolution of council in accordance with sections 31, 32 and 33 of the LG Act. If land is not classified by resolution within a three-month period from acquisition it automatically becomes community land, regardless of whether it satisfies the objectives for community land as outlined in the LG Act.

For Crown land, Council cannot reclassify community land as operational land without consent of the minister administering the CLM Act.

## 3.2 Crown Land Management Act 2016

Crown reserves are land set aside on behalf of the community for a wide range of public purposes, including environmental and heritage protection, recreation and sport, open space, community halls, special events and government services.

Crown land is governed by the CLM Act, which provides a framework for the state government, local councils and members of the community to work together to provide care, control and management of Crown reserves.

Under the CLM Act, as Council Crown land managers, councils manage Crown land as if it were public land under the LG Act. However, it must still be managed in accordance with the purpose of the land and cannot be used for an activity incompatible with its purpose – for example, Crown land assigned the purpose of 'environmental protection' cannot be used in a way that compromises its environmental integrity.

Councils must also manage Crown land in accordance with the objects and principles of Crown land management outlined in the CLM Act. The objects and principles are the key values that guide Crown land management to benefit the community and to ensure that Crown land is managed for sustainable, multiple uses.

### Principles of Crown land management

- Environmental protection principles are to be observed in the management and administration of Crown land.
- The natural resources of Crown land (including water, soil, flora, fauna and scenic quality) will be conserved wherever possible.
- Public use and enjoyment of appropriate Crown land are to be encouraged.
- Where appropriate, multiple uses of Crown land should be encouraged.
- Where appropriate, Crown land should be used and managed in such a way that both the land and its resources are sustained.

- Crown land is to be occupied, used, sold, leased, licensed or otherwise dealt with in the best interests of the state of NSW, consistent with the above principles.

### **Crown land management compliance**

In addition to management and use of Crown reserves that is aligned with the reserve purpose(s), there are other influences over council management of Crown reserves. For example, Crown land managers may have conditions attached to any appointment instruments, or councils may have to comply with specific or general Crown land management rules that may be published in the NSW Government Gazette. Councils must also comply with any Crown land regulations that may be made.

### **3.3 Native Title Act 1993**

The Commonwealth *Native Title Act 1993* (NT Act) recognises and protects native title rights and interests. The objects of the NT Act are to:

- provide for the recognition and protection of native title
- establish ways in which future dealings affecting native title may proceed and to set standards for those dealings
- establish a mechanism for determining claims to native title
- provide for, or permit, the validation of past acts invalidated because of the existence of native title.

The NT Act may affect use of Crown land, particularly development and granting of tenure.

Specifically, the CLM Act makes it mandatory for council to engage or employ a native title manager. This role provides advice to council as to how the council's dealings and activities on Crown land can be valid or not valid in accordance with the NT Act.

Council must obtain the written advice from an accredited native title manager that Council complies with any applicable provisions of the native title legislation when:

- a) granting leases, licences, permits, forestry rights, easements or rights of way over the land
- b) mortgaging the land or allowing it to be mortgaged
- c) imposing, requiring or agreeing to covenants, conditions or other restrictions on use (or removing or releasing, or agreeing to remove or release, covenants, conditions or other restrictions on use) in connection with dealings involving the land
- d) approving (or submitting for approval) a plan of management for the land that authorises or permits any of the kinds of dealings referred to in (a), (b) or (c).

### **3.4 Council plans and policies relating to this plan of management**

Council has developed plans and policies that are concerned to some extent with the management of community land. These documents have been considered when preparing this PoM.

Land included in this Plan of Management is zoned under the Shoalhaven Local Environmental Plan 2014 (SLEP). The Local Environmental Plan sets out the objectives for each zone, as well as the activities, developments and structures which are permissible with or without development consent, and those which are prohibited within the Zone.

## 3.5 Other state and Commonwealth legislation

### 3.5.1 NSW state legislation

#### ***Environmental Planning and Assessment Act 1979***

The *Environmental Planning and Assessment Act 1979* (EP&A Act) provides the framework for planning and development across NSW and guides environmental planning instruments which provide a basis for development control.

The EP&A Act ensures that effects on the natural environment, along with social and economic factors, are considered by the council when granting approval for or undertaking works, developments or activities.

This Act is also the enabling legislation for planning policies which may have a direct influence on open space management. On a state-wide level there are State Environmental Planning Policies (SEPPs). On a regional level there are Regional Environmental Plans (REPs). On a local level there are Local Environmental Plans (LEPs) as well as Development Control Plans (DCPs).

#### ***Aboriginal Land Rights Act 1983***

The *Aboriginal Land Rights Act 1983* (ALR Act) is important legislation that recognises the rights of Aboriginal people in NSW. It recognises the need of Aboriginal people for land and acknowledges that land for Aboriginal people in the past was progressively reduced without compensation. Crown land meeting certain criteria may be granted to an Aboriginal Land Council. This Act may affect dealings with Crown land that is potentially claimable.

#### ***National Parks and Wildlife Act 1974***

Statutory responsibilities on the council arising from this Act specifically relate to the protection of sites of pre- and post-European contact archaeological significance. This Act may affect community land categorised as cultural significance, natural area or park.

#### ***Biodiversity Conservation Act 2016***

This Act covers conservation of threatened species, populations and ecological communities, the protection of native flora and fauna. This Act primarily relates to community land categorised as natural area. However, other categories may also be affected.

The *Threatened Species Conservation Act 1995* has been repealed and superseded by the *Biodiversity Conservation Act 2016*. However, references to the former legislation remain in the LG Act and are therefore retained in this guideline.

The Department of Planning, Industry and Environment's Energy, Environment and Science division advises that recovery plans and threat abatement plans made under the *Threatened Species Conservation Act 1995* were repealed on the commencement of the *Biodiversity Conservation Act* in 2017. These plans have not been preserved by any savings and transitional arrangement under the Biodiversity Conservation Act or LG Act, meaning pre-existing plans have no legal effect.

For this reason, requirements relating to recovery plans and threat abatement plans for local councils preparing plans of management under section 36B of the LG Act are now redundant. Councils will be advised if future amendments are made to the LG Act to enable these mechanisms.

Certain weeds are also declared noxious under this Act, which prescribes categories to which the weeds are assigned, and these control categories identify the course of action which needs to be carried out on the weeds. A weed may be declared noxious in part or all of the state.

#### ***Fisheries Management Act 1994***

The *Fisheries Management Act 1994* (FM Act) includes provisions for the management of state fisheries, including the conservation of fish habitats, threatened species, populations and ecological communities of fish and marine vegetation and management of the riparian zone, waterways and threatened marine/freshwater aquatic species. This relates to community land categorised as natural area (foreshore, watercourse or wetland).

Where an area of community land is declared to be critical habitat, or if that area is affected by a recovery plan or threat abatement plan under Part 7A of the FM Act, a site-specific plan of management will need to be undertaken.

### ***Rural Fires Act 1997***

This Act contains provisions for bushfire risk management and the establishment of a Bushfire Management Committee. It also includes direction on development in bushfire prone lands.

### ***Water Management Act 2000***

This Act is based on the concept of ecologically sustainable development, and its objective is to provide for the sustainable and integrated management of the water sources of the state for the benefit of both present and future generations. The Act recognises:

- the fundamental health of our rivers and groundwater systems and associated wetlands, floodplains, estuaries has to be protected
- the management of water must be integrated with other natural resources such as vegetation, native fauna, soils and land
- to be properly effective, water management must be a shared responsibility between the government and the community
- water management decisions must involve consideration of environmental, social, economic, cultural and heritage aspects
- social and economic benefits to the state will result from the sustainable and efficient use of water.

### ***Heritage Act 1977***

This Act contains provisions for the conservation of items of heritage and may relate to community land categorised as cultural significance or natural area.

### ***Coastal Management Act 2016***

The *Coastal Management Act 2016* aims to protect and sustainably manage the NSW coastline by integrating environmental, social, and economic considerations, addressing climate change impacts, involving the community in decision-making, ensuring consistency in planning, and promoting sustainable development.

## **3.5.2 Commonwealth legislation**

### ***Environmental Protection and Biodiversity Conservation Management Act 1999***

This Act enables the Australian Government to join with the states and territories in providing a national scheme of environment and heritage protection and biodiversity conservation. It incorporates threatened species on a national level and with relevance to Matters of National Environmental Significance.

### ***Telecommunications Act 1997***

This Act provides for telecommunication facilities being permitted on community land without authorisation in a PoM.

## **3.5.3 State Environmental Planning Policies**

### **State Environmental Planning Policy no. 19 – Bushland in urban areas**

This planning policy deals with bushland in urban areas, so is applicable to PoMs for community land categorised as Natural Area– Bushland.

### **State Environmental Planning Policy (Transport & Infrastructure) 2021**

This planning policy lists development allowed with consent or without consent on community land.

### **State Environmental Planning Policy (Sydney Drinking Water Catchment) 2011**

This aims to protect quality of surface water and the ecosystems that depend on it and requires that any development would have a neutral or beneficial effect on water quality.

### **State Environmental Planning Policy (Vegetation in Non-Rural Areas) 2017**

This policy deals with clearing of native vegetation in urban areas and land zoned for environmental protection.

## **State Environmental Planning Policy (Hazard and Resilience) 2021**

This policy aims to enhance resilience to natural hazards and climate change in NSW by guiding development in hazard-prone areas, mitigating risks, and promoting adaptive planning practices.

### **3.5.4 Other relevant legislation, policies and plans**

*Aboriginal Land Rights Act 1983*

*Biodiversity Conservation Act 2016*

*Biosecurity Act 2015*

*Companion Animals Act 1998*

*Disability Discrimination Act 1992*

*Environmental Planning and Assessment Act 1979*

*Environmental Protection and Biodiversity Conservation Management Act 1999 (Cth)*

*Fisheries Management Act 1994*

*Heritage Act 1977*

*Local Land Services Act 2013*

*Pesticides Act 1999*

*Protection of the Environment Operations Act 1997*

*Retail Leases Act 1994*

*Rural Fires Act 1997*

*Soil Conservation Act 1938*

*Telecommunications Act 1997 (Cth)*

*Water Management Act 2000*

NSW Invasive Species Plan 2008-2015

National Local Government Biodiversity Strategy

NSW Biodiversity Strategy

Australian Natural Heritage Charter

## Appendix 4 Aboriginal Interests in Crown Land

---

Crown land has significant spiritual, social, cultural and economic importance to the Aboriginal peoples of NSW. The CLM Act recognises and supports Aboriginal rights, interests and involvement in Crown land.

The management of Crown land can be impacted by the *Native Title Act 1993* (Cth) and the *Aboriginal Land Rights Act 1983* (NSW).

### 4.1 Native Title

Native title describes the rights and interests that Aboriginal and Torres Strait Islander people have in land and waters according to their traditional law and customs. Native title is governed by the Commonwealth *Native Title Act 1993* (NT Act).

Native title does not transfer the land to the native title holder, but recognises the right to land and water by providing access to the land and, if applicable, compensation for any loss, diminution, impairment or other effect of the act on their native title rights and interests.

All Crown land in NSW can be subject to a native title claim under the NT Act. A native title claim does not generally affect Crown land where native title has been extinguished or it is considered excluded land.

When preparing a PoM, Council is required to employ or engage a qualified native title manager to provide advice and validate acts (developments and tenures) over the reserve, in line with the NT Act. The most effective way to validate acts under the NT Act is to ensure all activities align with the reserve purpose.

If native title rights are found to exist on Crown land, council Crown land managers may be liable to pay compensation for acts that impact on native title rights and interests. This compensation liability arises for local councils whether or not the act was validated under the NT Act.

For further information about native title and the future acts framework see the [Crown lands website](#).

### 4.2 Aboriginal Land Rights

The *Aboriginal Land Rights Act 1983* (ALR Act) seeks to compensate Aboriginal peoples for past dispossession, dislocation and removal of land in NSW (who may or may not also be native title holders).

Aboriginal land claims may be placed on any Crown land in NSW. The Department of Planning, Industry and Environment is responsible for investigating claims as defined in the ALR Act. If a claim is established, the land is transferred to the Aboriginal Land Council as freehold land.

At the time of preparing this plan of management, reserves may be affected by an undetermined Aboriginal land claims. Council has considered the claim(s) in the development of this plan of management.
