### COMMUNICATION CHARGES

Fees and charges shown in this section are provided as a reference and indicate the maximum amount that may be levied for commercial use on Council's prime sites.

Council has a range of communication sites that provides coverage over different geographic and demographic areas of the Shoalhaven, each with its own set of site use fees. Discounted rates may apply for non-profit groups.

Due to the various types of equipment used and the range of Council's fees and charges that may be applied, potential clients are required to write to Council with details of their communication site requirements including: desired coverage area, equipment specifications, commercial or concessional application, antennae and power requirements. A quotation will then be prepared by Council's Radio Administrator.

Council reviews the Fees and Charges annually and usually obtains an independent Market Evaluation each five years.

When applications are lodged via the NSW Department of Planning, Industry and Environment digital portal, applicants may be charged additional fees directly.

Non Profit Organisations

Policy Note: EXEMPTION FROM PAYMENT OF FEES

Council's policy exempts certain organisations from the payment of fees associated with Development Applications and Sewage Management Facilities subject to the following exemption criteria –

(a) The applicant is a non-profit organisation which is either -

- Registered charity and evidence of registration as a charity has been provided to Council;
- A local community or sporting group which is recorded in Council's Community Services Directory; or
- Schools and Council projects of a "Community" nature.

(b) The Development proposal does not involve an ongoing commercial or business type venture such as a nursing home or childcare centre.

© The sum of all of the fees associated with either a development application or construction certificate application does not exceed \$1,500 or, in the case of a proposal requiring both development consent and construction certificate, the total of all fees does not exceed \$2,000.

Organisations who meet the exemption criteria are required to pay upfront any amount above the fee waiver thresholds above. The organisation can apply for reimbursement of the amount paid. The application should include a written request outlining the grounds for waiving the fees and will be referred to Council's Works & Finance Committee for consideration on merit.

Organisations which do NOT meet the exemption criteria must pay the scheduled fees upon lodgement of an application. If a refund of the fees is sought, a written request outlining the grounds for waiving the fees must be referred to Council's Works & Finance Committee for consideration on merit. Any donations determined by the Committee will be paid out of the 'unallocated donations' budget.
