COMPANY HISTORY

Founded in 2004 it has been the Essence Group's commitment to quality and high level of customer service that has seen this company grow.

OVERVIEW OF SERVICES

Essence Group offers high quality customer focused product development. Quality control is key to all product development within Essence Group. Before raw materials are received, rigorous quality assurance is conducted by Essence Group prior to the ingredients being approved for use in our products. Essence Group has a temperature controlled warehouse system that ensures that each product is of the highest quality standard right through to dispatch.

FUTURE PLANS & DEVELOPMENT

With the complexities of an ever-changing global market, Essence Group aims to continue to be a leader in nutritional innovation and we believe that purity within a pristine environment will always deliver the highest quality nutrition for our customers and their customers. Future plans and development consist of building our reputation and customer base through consistently delivering high quality Fast Moving Consumer Goods to our customers.

KEY COMPETENCIES

Essence Group's global accreditation includes:

- HACCP
- Australian Certified Organic
- NSW Food Licence
- AQIS Export Dairy Licence

Essence Group is also HALAL and Kosher certified.
