Services greater than 50mm, Fire Services & Non-Standard arrangements require a quote.

Additional Services

| | |
|---|----------|
| Lower 20mm service into a pit at time of application | \$62.00 |
| Lower 20mm service into a pit at time of application with metal lid | \$130.00 |
| Lower existing 20mm meter, into a pit | \$260.00 |
| Lower existing 20mm meter, into a pit with metal lid | \$320.00 |
| Raise/lower/relocate 20mm meter up to 1 metre | \$195.00 |
| Relocate existing 20mm meter more than 1 metre | \$890.00 |

What is the difference between a Short Service and a Long Service?

A **short service** is when the water main is located on your side of the street, and a **long service** is when the water main is located on the opposite side of the street. In some developments conduits for long services may already be in place and in this instance, should you wish to relocate the service line, you will be charged the full installation of a new service.
