The Draft Planning Agreement is a voluntary agreement under which Development Contributions (as defined in clause 1.1 of the Draft Planning Agreement) are made by the Developer for various public purposes (as defined in s7.4(3) of the Act).

The objective of the Draft Planning Agreement is to require the dedication of land to the Council for a public reserve, the preparation of an environmental management plan for the land to be dedicated, the carrying out of management and monitoring actions prior to the dedication of the land and for the 2 years after dedication, and the payment of monetary contributions to the Council to be applied towards the Council's management of the dedicated land.

The Development Contributions are provided in connection with the development of Stage 2A of the land.

Assessment of the Merits of the Draft Planning Agreement

How the Draft Planning Agreement Promotes the Public Interest

The dedication of the public reserve under this Deed will ensure this land will be secured for environmental conservation purposes and help promote the health of the adjacent coastal wetland and waterway.

The carrying out of management actions in accordance with an approved environmental management plan will mitigate the direct and indirect impacts of the subdivision works, improve the ecological condition of the land and ensure future maintenance costs are minimised.

Specific objectives include:

- extend the public foreshore reserve in Fishermans Paradise,
- improve the ecological condition and function of the Dedication Land,
- protect the ecological integrity of the wetland reserve, which is classified as an Endangered Ecological Community,
- help secure the long-term health of the adjacent coastal wetland and waterway.

The Draft Planning Agreement will also require the payment of monetary contributions by the Developer to the Council towards the management of the dedicated land by the Council after it is dedicated to the Council.

The Draft Planning Agreement:

- promotes good design and amenity of the built environment,
- provides increased opportunity for public involvement and participation in environmental planning and assessment of the Development.

The Draft Planning Agreement promotes the public interest by promoting the objects of the Act as set out in s1.3(g) and (j) of the Act.

The Draft Planning Agreement promotes the guiding principles for local government as set out in s8A of the *Local Government Act 1993* by:

- providing a means for the lands to be managed so that current and future local community needs, in the form of public amenity, can be met, and
- providing a means for Council to work with the Developer to secure the public amenity through establishment and management of landscaping,
- providing a means that allows the wider community to make submissions to the Council in relation to this Agreement.
