

**St Georges Basin - Sussex Inlet, Swan Lake and Berrara Creek
Coastal Management Program
Stage 3 Management Actions - Ecological Environment
St Georges Basin**

Review and document ecological values of area, review Council Development Control Plan (DCP) and Local Environment Plan (LEP) in light of potential future development pressures and cumulative impacts, where necessary update DCP and/or LEP controls

E31

Review Council Local Environment Plan (LEP) and Development Control Plan (DCP) to ensure that wildlife corridors and connectivity between conservation areas is maintained

E30

Implement weed control and other restoration measures in line with the SE Bushfire affected coastal waterways recovery plan

E32

Interpretative signage detailing the Aboriginal connection and information on the oystercatcher breeding season. Restrict landings on the islands during the breeding season and excluding dogs to protect the birds

E29

Community education, implementation and enforcement of Council's Tree and Vegetation Vandalism Policy, replanting of targeted areas, better protection of significant ecological zones and maintaining no-mow zones, wildlife corridors and habitats.

E05

Community education, implementation and enforcement of Council's Tree and Vegetation Vandalism Policy, replanting of targeted areas, better protection of significant ecological zones and maintaining no-mow zones, wildlife corridors and habitats.

E07

Community education, implementation and enforcement of Council's Tree and Vegetation Vandalism Policy, replanting of targeted areas, better protection of significant ecological zones and maintaining no-mow zones, wildlife corridors and habitats.

E06

St Georges Basin

Instructions

1. Zoom in to the map to view potential management action
2. Click on an icon to provide comments on the potential action at each location. This will open a web page where you can leave comments on the action and make suggestions.
3. Once you have submitted your response, close the browser window and return to this pdf map to review more management actions. Click on "Back to Get Involved Page" within the web form to return to the Get Involved Page.
4. Once you have reviewed and commented on the management actions, you can return to the Get Involved page by using this link:
