

**St Georges Basin - Sussex Inlet, Swan Lake and Berrara Creek
Coastal Management Program
Stage 3 Management Actions - Inundation and Sea Level Rise
Sussex Inlet**

Community education on risk of not following evacuation orders, community education to enhance understanding of inundation risk, works to raise key evacuation routes above inundation levels

107

Community education on risk of not following evacuation orders, community education to enhance understanding of inundation risk, works to raise key evacuation routes above inundation levels

111

Implement learnings from previous storm events to make roads more resilient against increased inundation frequency, e.g. investigate more resilient pavement design, repair methodology

119

Investigate potential to raise local roads and provide drainage channels/culverts for tidal inundation

105

Community education on risk of not following evacuation orders, community education to enhance understanding of inundation risk, works to raise key evacuation routes above inundation levels

108

Investigate impact of raised groundwater levels on building foundations, review development controls for floor levels for residential buildings

104

Upgrade of materials for park furniture/playgrounds to improve resilience against inundation

118

Sussex Inlet

Investigate tidal and coastal inundation risk to two low-lying caravan parks on Crown Land in St Georges Basin and work with low-lying caravan parks to update their emergency response plans to prepare for and respond to coastal hazards (short term)

106

Instructions

1. Zoom in to the map to view potential management action
2. Click on an icon to provide comments on the potential action at each location. This will open a web page where you can leave comments on the action and make suggestions.
3. Once you have submitted your response, close the browser window and return to this pdf map to review more management actions. Click on "Back to Get Involved Page" within the web form to return to the Get Involved Page.
4. Once you have reviewed and commented on the management actions, you can return to the Get Involved page by using this link:
