Dear Sir/Madam

Huskisson/Vincentia Sewer Pumping Station (SPS) 7, Rising Main and Gravity Main upgrades - Notification of Works

Shoalhaven Water (SW) has engaged a Contractor for the works associated with the Huskisson/Vincentia SPS 7, Rising Main and Gravity Main upgrades. The upgrades are necessary to allow for increased wastewater flows to ensure efficient operation and reduce the risk of wastewater overflows into the environment.

Accordingly, Council wishes to inform residents that construction works may be commencing in your area. The works will be undertaken at the Western end of Montague Street, McNamara Court and Berry Street, Vincentia.

Residents living in proximity to the works may experience a temporary increase in truck movements, noise generation and works in road reserves. All contractors and council staff will observe safe speed limits, implement appropriate traffic control management plans and limit works to approved acceptable hours of works.

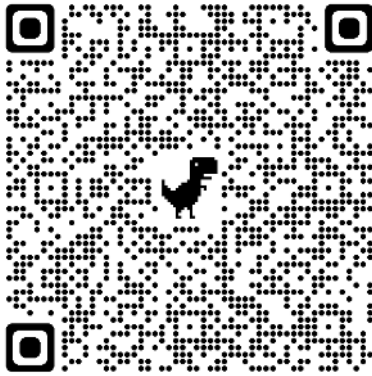

Shoalhaven Water recognise that the nature of the works may impose some local impact in your area and will work with the Contractor to keep these impacts to a minimum.

Council notes it is not expected that the nature of the works will interrupt any residential supply service.

It is anticipated that the duration of the work is estimated to occur across one year, with works onsite to commence in January 2024.

Regular updates regarding this project can be found via the QR code at the end of this letter or via the following link, <https://www.shoalhaven.nsw.gov.au/Projects-Engagement/Major-Projects-Works/HuskissonVincentia-SPS-7-Rising-Main-and-Gravity-Main-Upgrades>.

If you need further information about this matter, please contact Nadeen Saraya, Shoalhaven Water on 1300 293 111. Please quote Council's reference 75268E (D24/7594).

Yours faithfully
