## Application for Reclaimed Water Allocation

This Application must be completed and submitted to Shoalhaven City Council (SCC) before a reclaimed water allocation can be determined and an Agreement for supply of reclaimed water can be entered into. Submission of this Application does not bind Shoalhaven City Council or the undersigned landowner/farmer to supply or utilise reclaimed water.

### 1 Property Description

- 1) DP and Lot number: .....
- 2) Property owner: .....
- 3) Name of person responsible for managing the reclaimed water: .....
- 4) Contact phone number(s) (business hours): .....
- 5) Contact email address: .....
- 6) Property address to be irrigated: .....

### 2 Proposed Use of Reclaimed Water

- |   |          |  |
|---|----------|--|
| 1) Irrigation   | Yes / No | (If yes, please proceed to Section 3, 5 - 8) |
| 2) Yard Wash Down   | Yes / No | (If yes, please proceed to Section 4 - 8)    |
| 3) Stock Drinking Water   | Yes / No | (If yes, please proceed to Section 4 - 8)    |
| 4) Other proposed use of reclaimed water (please nominate): ..... |          |  |

### 3 Irrigation

#### 3.1 Land Area Proposed to be Irrigated

	Maximum Irrigation Area / Washdown Area Considered for Irrigation <sup>(1)</sup>	Initial Area Proposed for Irrigation / Washdown <sup>(2)</sup>
Area (ha)		

**Notes:**

(1): Scheme reclaimed water supply may increase with time.

(2): Depending on the total irrigation area / washdown area applied for by all interested parties, SCC, after consultation with interested parties, may impose an upper limit to the total area that can irrigated / used for washdown on any property.

**Comments:** .....

.....

.....

.....

.....

#### 3.2 Map of Proposed Irrigation Area

A scale map of the proposed irrigation area must be attached to this application. The map must show:

- 1) Where the proposed irrigation area is in relation to the whole property;
- 2) The location of the existing town water connection to the property;
- 3) The proposed location of the balance pond/tank;
- 4) The location of public roads and any residential dwellings within 50 metres of the proposed irrigation area; and
- 5) the location of existing (permanent) irrigation drains, dams, or natural water courses within 50 metres of the irrigation area.

Please attach map to **Attachment 1: Proposed Irrigation / Washdown Area Map** section below.

## 4 Yard Washdown and Stock Drinking Water

### 4.1 Stock Details

	Total Property	Total Number that would be Allowed to Consume Reclaimed Water
Number of Milking Cows <sup>(1)</sup>		
Number of Dry Cows <sup>(1)</sup>		
Number of Calves / Heifers <sup>(1)</sup>		

**Notes:**

(1): This information will enable SCC to calculate a reclaimed water allocation for yard wash down and stock drinking water. These allocations would be in addition to those for irrigation water.

**Comments:** .....

.....

.....

### 4.2 Map of Proposed Yard Washdown / Stock Drinking Water

A scale map of the proposed yard washdown area must be attached to this application. The map must show:

- 1) Where the proposed wash down / stocking drinking area is in relation to the whole property;
- 2) The location of the existing town water connection to the property;
- 3) The proposed location of a balance pond/tank (if applicable);
- 4) The location of public roads and any residential dwellings within 50 metres of the proposed yard washdown area; and
- 5) the location of existing (permanent) irrigation drains, dams, or natural water courses within 50 metres of the irrigation area.

Please attach map to **Attachment 1: Proposed Irrigation / Washdown Area Map** section below

## 5 Soil Assessment Results

If any soil assessment surveys have been undertaken to evaluate the suitability of the property for reclaimed water irrigation, then these should be attached to **Attachment 2: Soil Assessment** section of this document below.

**Please Note:** this information will enable SCC to calculate a reclaimed water allocation for yard wash down or any other permissible activities. These allocations would be in addition to those for irrigation water.

## 6 Balance Pond / Tank

The preferred location of the balance pond / tank should be included in this application. SCC will assist the landholder in assessing the suitability of the soils of this and/or alternative sites for the purposes of storing reclaimed water. Suitable fill materials may be made available from scheme construction activities.

Development consent may be required from SCC prior to construction of the balance pond / tank.

## 7 Signatures

Please sign and date this Expression of Interest (EOI) form / Application.
