

Dear Resident,

Cleary Bros have been engaged by Shoalhaven City Council to undertake the milling and re-sheet of St Vincent and South St Ulladulla. The works also require the widening of South St between Camden and Rundle Street. CB will commence asphalt works on night shift from Monday 18th March for approx. 2 weeks leading up to Easter.

During these works we will be detouring the work area and re-opening each morning at 5am. Traffic control will be present on site to help with the detour.

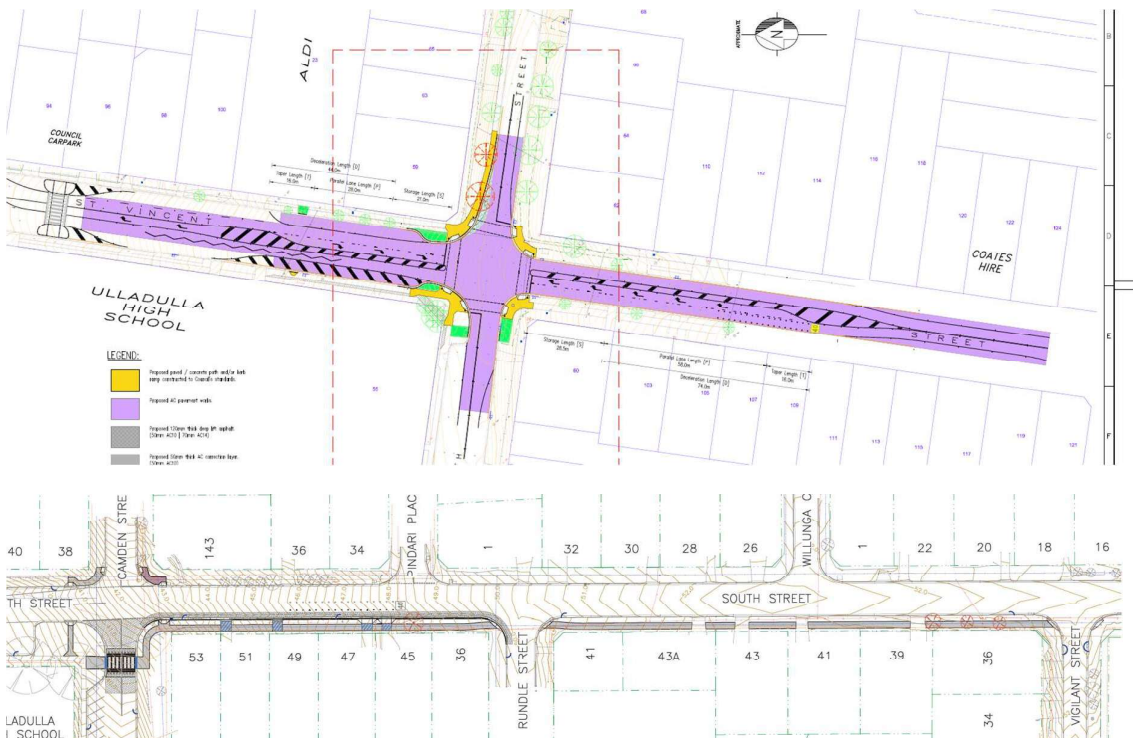

Figure 2 – Shoulder widening & Footpath works

Our Site supervisor Jade Skaife (0410 661 443) is available to discuss any immediate issues on site or alternatively my details are below for any concerns you may have.

Please feel free to contact me should you have any other queries.

Regards,

Matt Winchester
