Executive Summary

This report provides an overview of Council's essential regulatory functions aimed at ensuring community safety, health, and environmental sustainability. Council is committed to regulating the key objectives in:

- public health and safety
- environmental protection
- overseeing land use and built development
- monitoring and enforcing parking safety
- animal management
- illegal dumping

To strengthen community confidence, Council prioritises transparency in all compliance matters in line with our Compliance & Enforcement Policy. We commit to providing a comprehensive half-yearly overview that details our regulatory activities, enforcement actions, and community engagement efforts.

This report highlights successes, challenges, and areas for improvement, ensuring that our elected Council and community has access to clear and accurate information regarding regulatory compliance. By promoting an open dialogue and actively involving the community in these processes, Council aims to build trust and accountability, whilst reinforcing to enforcement across the Local Government Area.

Penalty Notices and Warnings

A combined total of 4,644 penalty notices were issued by the compliance disciplines during the reporting period (Table 1). These penalties have a face value of \$1,050,987 and based on historical figures; it is anticipated that Council will receive approximately 70% of this ticketed figure. A total of 58 warnings were issued during the period.

Table 1: Penalties and warnings issued for February to July 2025

Compliance discipline	Number Issued	Total Amount	% of total amount	Warnings Issued
Compliance	13	\$34,500	0.28%	14
Compliance Swimming Pools	15	\$6,820	0.32%	0
Environmental Health	2	\$9,000	0.04%	2
Fire Safety	3	\$12,000	0.06%	0
Rangers – Animal management	668	\$253,100	14.38%	27
Rangers – Environmental	22	\$12,846	0.47%	8
Rangers – Parking	3,921	\$722,721	84.45%	7
Total	4,644	\$1,050,987	100.00%	58

Compliance – Development and Pools

Twenty-eight penalty notices were issued by Compliance during the reporting period including thirteen development related penalties:

- (a) Culburra Beach (\$1,500): One penalty notice was issued to the owner of a property who constructed tiered retaining walls on a foreshore property without development consent in circumstances where this was required.
- (b) Woollamia (\$1,500): One penalty notice was issued to a property owner who constructed a pergola attached to the side of their house and went right out to the fence causing storm water issued for the neighbours.
- (c) South Nowra (\$6,000): One penalty notice was issued to a skip bin company that used a commercial property for the storage of waste constituting a change of use of a commercial property without consent.
- (d) Worrigee (\$1,500): One penalty notice was issued to a person who took responsibility for constructing an in-ground swimming pool without development consent.
- (e) Berry (\$6,000): One penalty notice was issued for prohibited development to a company offering a rural premises owned by the company as a function centre without development consent.
- (f) Narrawallee (\$1,500): One penalty notice was issued to a property owner for development not in accordance with consent when the property owner excavated to the boundary for a retaining wall that was approved 3m away from the boundary which then undermined and forced the removal of mature trees on adjoining properties.
- (g) Bomaderry (\$3,000): One penalty notice was issued to a company which changed the use of a commercial property without development consent when this was required. The company benefitted from the use of the land without having to comply with standard conditions that would have been applied to protect adjoining properties and the environment.
- (h) Berry (\$3,000): One penalty notice was issued for development without consent to a company who was responsible for the building works involved in converting a garage into a detached studio for the purpose of Air BNB.
- (i) Sussex Inlet (\$1,500): One penalty notice was issued for development without consent to a property owner who constructed a swimming pool without development consent.
- (j) Nowra (\$1,500): One penalty notice was issued for development without consent to a property owner who constructed a first-floor deck without development consent.
- (k) Nowra (\$1,500): One penalty notice was issued for development without consent to a property owner who installed an above ground swimming pool without consent and without a complaint child resistant barrier.

- (l) Ulladulla (\$1,500): One penalty notice was issued for development without consent to a property owner who installed an above ground swim spa pool without consent and without a compliant child resistant barrier.
- (m) Callala Beach (\$1,500): One penalty notice was issued for development without consent to a property owner who attached a cool room to the side of dwelling extending to the boundary fence and altering the approved dwelling without consent.

Fifteen penalty notices were issued in relation to swimming pool compliance during the reporting period for offences including swimming pools not being registered, not having a warning notice, failing to maintain a child resistant barrier, failing to comply with a written direction and swimming pools without a complying barrier (figure 1).

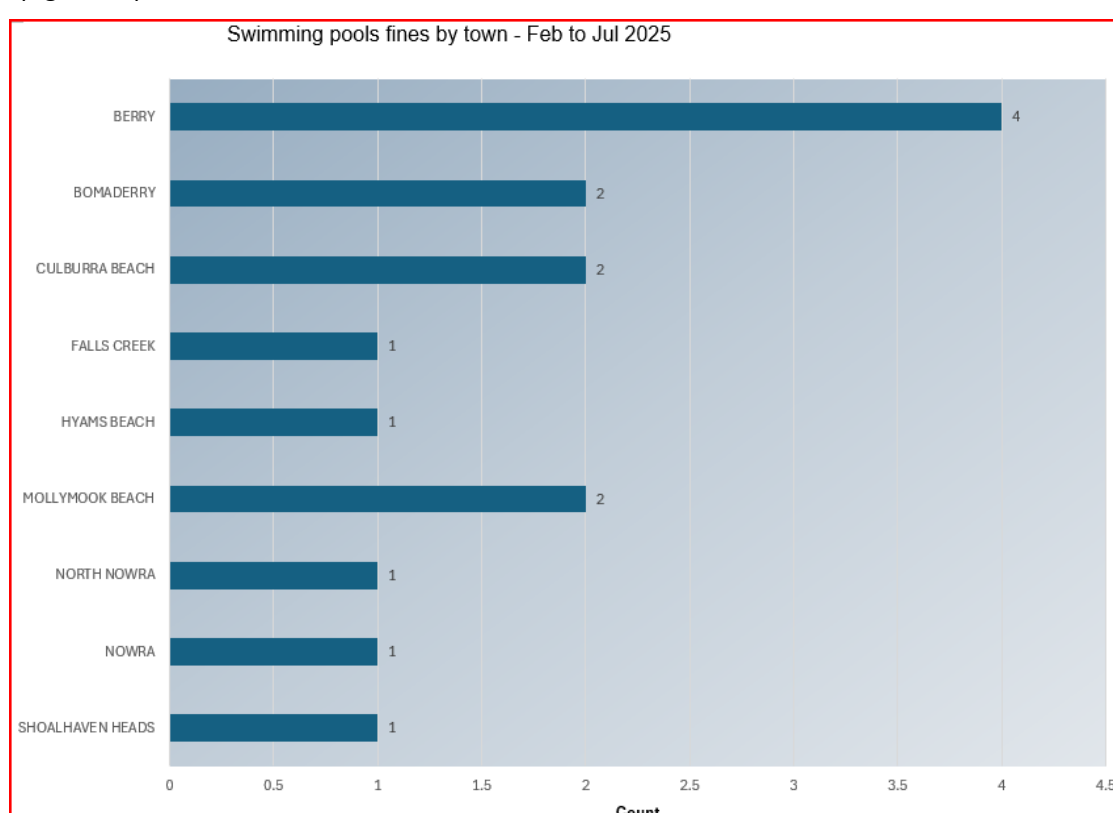

Figure 1: Swimming pools related penalty notices by town for the period

Fire Safety

Three Fire Safety penalty notices were issued during the reporting period:

- (a) Ulladulla (\$4,000): One penalty notice issued to a building owner for failing to submit an annual fire safety statement since February 2017.
- (b) Bomaderry (\$4,000): One penalty notice issued to a building owner for failing to submit an annual fire safety statement 178 weeks overdue.
- (c) Nowra (\$4,000): One penalty notice issued to a building owner for failing to submit an annual fire safety statement 196 weeks overdue.

Environmental Health

Two penalty notices and two warnings were issued by Environmental Health during the reporting period:

- (a) Huskisson (\$3,000): One penalty notice was issued to a building company (Corporation) for development not in accordance with development consent class 1a or 10 building for sediment and erosion concerns. One warning notice was also issued to the building company for Pollute Waters. Which would have equated to \$30,000 if issued as penalty notice.
- (b) Huskisson (\$0): One warning notice was issued to a building company (Corporation) for Pollute Waters. Which would have equated to \$30,000 if issued as penalty notice.
- (c) South Nowra (\$6,000): One penalty notice was issued to a building company (Corporation) for development not in accordance with development consent - any other case for sediment and erosion concerns on a class 8 development.

	
Huskisson – No sediment controls installed during development	South Nowra – No sediment controls installed during development

Examples of Environmental Health offences

Compliance and Environmental Services Court Elected Penalties

The following matters were court elected during the reporting period.

Compliance Officers attended Nowra Local Court for:

- to defend a development without consent (Class 1a or 10 building) penalty notice. The penalty was issued for the construction of a first-floor deck without development consent. The Magistrate upheld a \$1,500 penalty and awarded Council \$350 towards costs.
- to defend a development without consent (any other case) penalty notice for the operation of a commercial gym from a garage. The offender pleaded guilty and the penalty was dismissed under section 10(1) (a).
- to defend a development not in accordance with consent penalty notice for the operation of a service station otherwise than in accordance with the consent conditions contributing to amenity disturbance. The defendant attended without legal representation and the matter was deferred until September 2025.

Environmental Health Officers attended Nowra Local Court for:

- one mention for Pollute Waters *Protection of the Environment Operations Act* 1997. A guilty plea was entered and on sentencing the penalty amount of \$15,000 was reduced to \$5,000.

Ranger Services

Rangers - Animal Management

Companion Animals Act review

The Office of Local Government commenced a review of the Companion Animals Act 1998 in February 2025 inviting submissions. Council submitted feedback and will continue to participate in the process as opportunities arise.

Penalty Notices

There was a total of 80 dog related penalty notices issued for the period (not including registration offences). Figure 2 provides information on the penalty notices issued by town for the period.

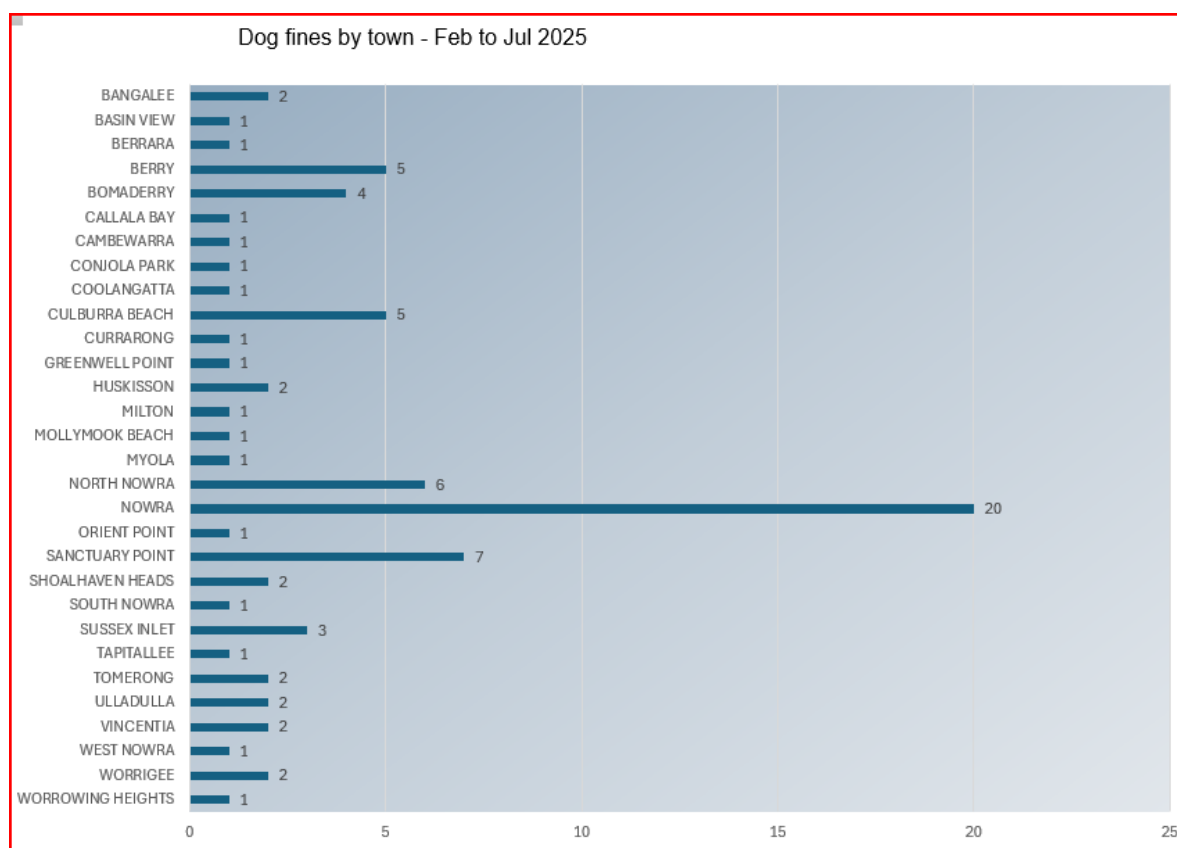

Figure 2: Dog related penalty notices by town for the period

Dog attacks: Rangers received and attended 118 reports of dogs attacking during the reporting period. Of these reports, 100 investigations have been completed with 34 penalty notices issued (i.e., $34 \times \$1,320 = \$44,880$). A further 18 matters remain under investigation.

Although the penalty is high, dog attacks remain a major risk. Whilst there is more awareness in the community, there may still be several unreported dog attacks.

Rangers continue to apply Council's resolution of 21 April 2020 (MIN20.264) for zero tolerance and issue penalty notices for all substantiated dog attacks.

As a result of dog attack investigations, declarations or orders may be issued to dog owners (Table 2). Dog owners can apply to have a declaration revoked after 12 months. Council will assess the application and determine the outcome. Nuisance orders remain in force for six months.

Table 2 – Declarations and Orders for dogs in Shoalhaven LGA

Declared Dogs	Number
Dangerous Dog Declaration	17
Menacing Dog Declaration	86
Restricted Breed Dog Declaration	6
Nuisance Order	10
TOTAL	119

Registration non-compliance: 588 penalty notices were issued for non-compliance with the requirements for lifetime registration, microchipping and keeping details up to date on the Companion Animals Register.

Animals – other: 46 penalty notices were issued for other dog offences such as dog not under effective control and fail to comply with control order.

Rangers – Environmental

A total of 22 penalty notices were issued for Rangers – Environmental matters. This includes camping, littering, unattended vehicles and fail to comply penalties.

Rangers – Parking

Decision to opt-out of lower parking fines

At Council's Ordinary meeting on 29 April 2025, it was recommended that Council rescind MIN19.150 and 'opt-out' of the 25% reduced penalty notice charges for overtime carparking, overtime street parking and not stand vehicle within marked space as offered by the State Government in 2019. CL25.138.

Fines amendment parking fines

On 1 July 2025 the *Fines Amendment (Parking Fines) Act 2024* came into effect which required changes to the way parking fines are issued in NSW. Under the Print & Post agreement, Revenue NSW issues fines on Council's behalf. To meet requirements, Council has updated the windscreen notifications issued since April 2024 which informs the driver that a fine has been issued.

A total of 3,921 parking tickets were issued in the period. The breakdown of the tickets issued by town is provided in Figure 3.

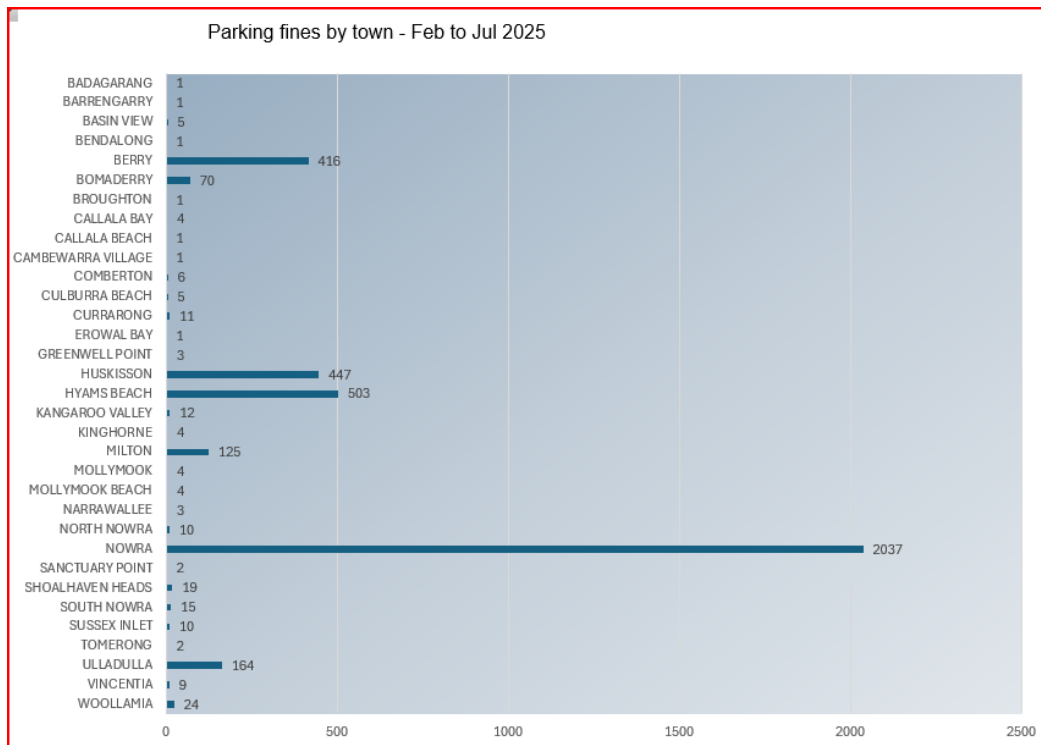

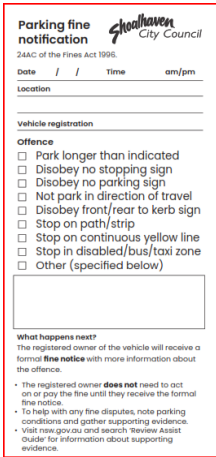

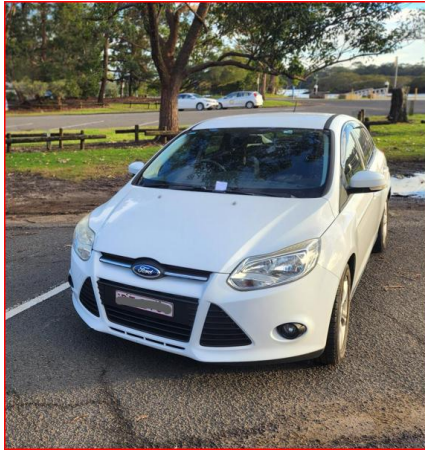

Figure 3: Parking penalty notices issued by town

	
Parking fine notification placed on vehicle	Bus Zone – Bomaderry – Fine issued
	

No Stopping, School Zone, Culburra – Fine issued	Not parked rear to kerb - Hyams Beach – Fine issued
	
Not park in direction of travel, Hyams Beach – Fine issued	No Parking, Woollamia Boat Ramp - Fine issued

Examples of Ranger Services parking offences

Customer Requests

Compliance

Compliance received 248 Customer Requests in the reporting period (Table 3).

Table 3: Customer requests by type received

Type of customer requests received	Number Received	Percentage of total (%)
Development Concerns	165	66.5%
Stormwater Complaints	49	19.8%
Swimming Pool Inspections	34	13.7%
TOTALS	248	100%

The following additional comments are made:

(a) Development concerns: This represents the highest percentage of customer requests and includes development without consent, development not in accordance with consent and land safety issues such as landslides and fire damaged dwellings.

The requests received were from all areas of the Shoalhaven LGA, with the Southern area representing the highest total with 46 or 27.8% of the total requests received.

(b) Stormwater: Compliance receives a high number of complaints following extreme weather events. These complaints are often in towns without street drainage infrastructure and require officers to liaise with the customers to acknowledge their concern but often to advise that Council is not able to implement actions.

The requests received were from all areas of the Shoalhaven LGA, with the Southern Shoalhaven contributing to 19 requests or 38.7%. This is the lowest number for some time and is due to staffs efforts towards educating the public.

(c) Swimming pool compliance: This includes concerns raised by members of the public, referrals from private certifiers and Council's proactive inspection obligations. Council's Compliance team continues to enforce swimming pool legislation in accordance with the Council resolution (MIN22.946) to take a zero-tolerance approach to swimming pool breaches and have attended a high volume of unauthorised pools during the quarter.

Zero warnings were issued for swimming pool offences in the reporting period.

Compliance continues to streamline processes internally with the intent of reducing office-based time and increase the number of pools being inspected each quarter. For the half-yearly reporting period Council conducted 186 separate inspections.

Fire Safety

Council has an obligation to ensure commercial buildings are safe for occupants in the event of a fire, ensuring both egress requirements comply, and statutory fire safety measures are not only installed, but functioning as required.

In this regard, Fire Safety staff are reviewing and taking enforcement action against building owners whereby the submission of annual fire safety statements are several years overdue.

Fire Safety received 106 enquires through Request Management with an additional high volume received directly by staff. This includes requests for fire safety schedules, enquiries about building audits and concerns from the public.

A total of 422 annual fire safety statements were received during the reporting period and staff continue to follow-up on those due but not submitted.

Fire Safety staff are also part of Council Fire Safety Service Review in collaboration with Corporate Performance, Reporting and Corporate Information Systems and City Development Business Support with the aim to improve customer service and efficiency.

Environmental Health

Environmental Health received 837 Customer Requests in the reporting period (Table 4).

Table 4: Environmental Health customer requests by type

Category of customer requests	Number Received	% of total requests
Air, Land & Water Pollution (inc. Sediment & Erosion)	119	14.22%
Contaminated land enquiries	6	0.71%
Noise Pollution	23	2.75%

Proactive – Environmental Inspections	303	36.20%
Public Health	378	45.17%
Short Term Rental Accommodation (STRA)	8	0.95%
TOTAL	837	100%

The following provides a breakdown of the aspects of the customer requests that Environmental Health received:

- (a) Air, Land and Water Pollution (inc. Sediment & Erosion): This category represents one of the highest percentages of customer requests received by Environmental Health and includes backyard burning, odour and smoke; pollution to waters and sediment and erosion pollution from building sites.
- (b) Contaminated Land enquiries: Environmental Health administers the Potentially Contaminated Land (PCL) layer in GIS and provides advice internally and guidance to members of the public.
- (c) Noise Pollution: Noise disturbances from prescribed articles such as air conditioners and pool pumps as well as musical instruments, poultry, and licensed establishments.
- (d) Proactive – Environmental Inspections: This category represents the proactive inspections undertaken for sediment and erosion controls and underground petroleum storage systems.
- (e) Public Health enquiries: This category includes food premises, on-site septic systems, overgrown properties and hoarding and squalor. Complaints about overgrown properties take up a lot of resources at this time of the year.
- (f) Short Term Rental Accommodation (STRA): While STRA's are administered by NSW Fair Trading, Environmental Health will respond to complaints with letters outlining responsibility of owners and provide advice to customers.

Ranger Services - Animal Management

A total of 871 animal management complaints were received for the quarter (Figure 4).

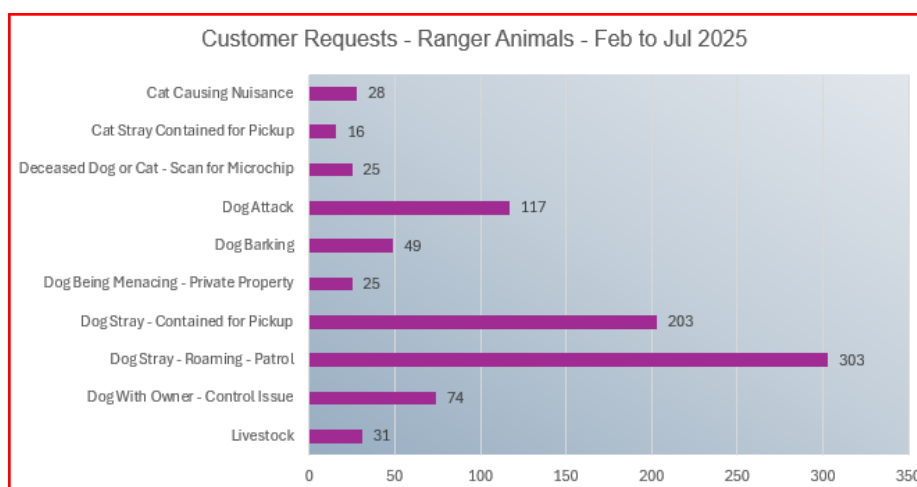

Figure 4: Customer requests for animal management issues

Ranger Services - Environmental and Parking

Rangers attended 1,781 environmental and parking complaints (Figure 5).

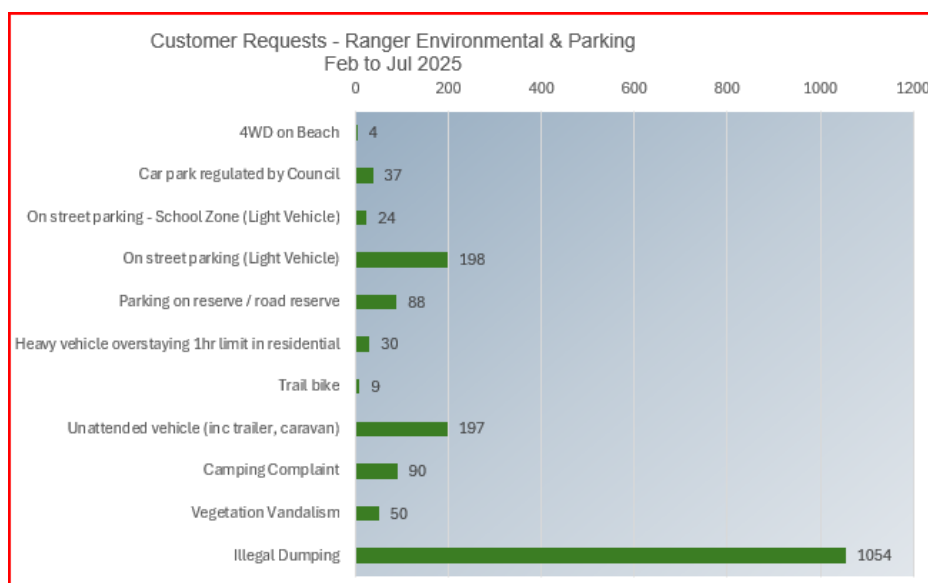

Figure 5: Customer requests for environmental and parking issues

The following provides a breakdown of the aspects of the customer requests that Ranger Services received:

- (a) Vegetation Vandalism: Ranger Services received 50 reports of vegetation vandalism and three are still under investigation. Rangers continue surveillance of these vandalised areas in accordance with Council's Vegetation Vandalism Prevention Policy.
- (b) Proactive Beach Patrols: Ranger Services completed 1,145 beach patrols during this quarter. A number of dog owners were spoken to during this period with Rangers identifying 603 compliant dogs and 124 non-compliant dogs. Enforcement action and education is undertaken when offences are detected.
- (c) Proactive Patrols – Other: Ranger Services completed 1,224 patrols with categories including Asset Inspection (RID), Asset Protection, Camping, CBD Foot Patrol, Illegal Dumping, Parking, Schools, Shopping Trolley, Unauthorised Signage, Vegetation Vandalism.

Assisting other agencies – Wildlife Rescue	Unauthorised camping, Currarong. Fine issued	
		
Unauthorised camping, Yalwal. Fine issued	Stolen vehicle, Nowra	
		
A dumped, burnt out vehicle being dealt with by Police, reported to Council as unattended vehicle – Pyree Lane, Pyree	Unauthorised camping – Moona Moona Creek reserve, Huskisson – Fine issued	
		
Several trees vandalised and now removed by Council, near BMX track, Basin View. Offenders unknown		

Examples of incidents investigated by Ranger Services

Ranger Services - Report Illegal Dumping (RID)

Illegal Dumping: 1,054 incidents were reported to RID Online including 137 duplicate jobs which often are re-reported if the rubbish remains in situ for some time. Of this figure, 85 incidents remain open pending further investigation. Strategies to reduce and prevent illegal dumping includes collaboration with other public land managers and Local Aboriginal Land Councils in the Shoalhaven.

The estimated cost to Council for the removal of the waste reported for the reporting period is \$100,171.00 with a total clean-up cost for all land managers of \$132,662.05.

Table 5: Waste types and weight for the period (from RID online)

Waste Types	Incidents	Incident %	Weight (tonnes)
Asbestos	13	1.7%	1.38
Commercial & Industrial	35	4.5%	49.11
Construction & Demolition	47	6.0%	64.85
Electronic Waste	23	2.9%	1.53
Household Waste	448	57.5%	101.93
Liquid Waste	1	0.1%	0.07
Mulch & Green Waste	53	6.8%	26.57
Other	54	6.9%	2.31
Scrap Metal	14	1.8%	3.89
Soil and Excavated Material	3	0.4%	30.08
Tyres	57	7.3%	6.61
Vehicles & Car Parts	32	4.1%	22.39
Duplicates	137		0
TOTAL	917	100	310.72

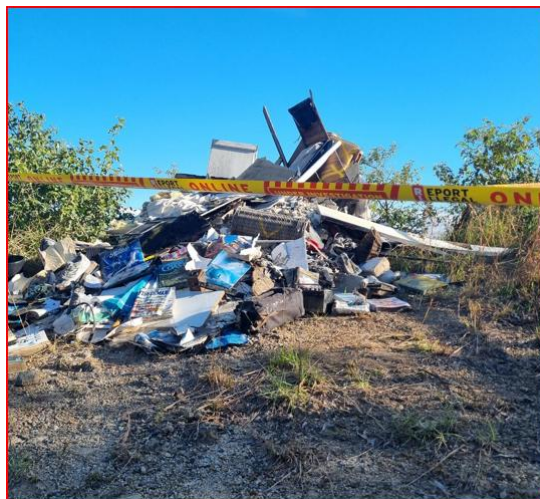

Depot Road, West Nowra (Household waste) Offender fined \$1,000

Knapp Avenue, Nowra (Household waste) Offender fined \$1,000

West Nowra Recycling Centre (Steroids) Offender fined \$1,000

Back Forest Road, Back Forest (Demolition waste – more than 2 tonnes) Offenders to be fined \$30,000 during August

Back Forest Road, Bolong (Demolition waste – more than 2 tonnes) Offenders to be fined \$30,000 during August 2025	Sand Track, Gerroa Road, Berry (Demolition waste) Offenders to be fined \$30,000 during August
	
Warramunga Street, Nowra (Household waste) Offender fined \$1,000	Waxflower Road, Barringella (Household waste) Offender fined \$1,000

Examples of sites where dumped waste has been identified

Ranger Services Animal Shelter

The animal shelter continues to achieve positive outcomes while facing ongoing challenges in providing optimal care.

- **85% of stray cats** entering the shelter are **not microchipped**.
- **Non-microchipped dogs** have increased from **30% to 45%**.
- **Reclaim rates have dropped**: cats are now at **7%**, and dogs at **43%**.

Although cats are legally allowed to roam in NSW, roaming cats continue to cause issues on private properties. Many owners let un-desexed cats roam, leading to a surge in kittens during warmer months. Of the 160 stray cats and kittens taken in, 90 were kittens and 70 were adult cats.

The shelter is receiving multiple daily calls to surrender dogs, mostly due to homelessness. As a result, the surrender waitlist has grown to 14, with the longest wait currently at 17 weeks.

Data related to the Animal Shelter activities is presented in Tables 6, 7 and 8.

Table 6: Figures relating to the Animal Shelter

Animal Shelter Facebook followers	26,500
Income	\$67,002
Contributions from community	\$1,312

Companion Animals Register

The numbers of companion animals per animal category is presented in Table 8. This information is reliant on pet owners keeping their information current on the Register.

Table 8: Companion animals in Shoalhaven LGA

Animal category	Total animals in Shoalhaven		
	ID Only	Registered	Total
Cats	4,227	14,303	18,530
Dogs	15,014	52,644	67,658
Total	19,241	66,947	86,188

Incoming Companion Animal forms

Forms from the public are processed at the Animal Shelter. Pet owners can manage their own data via NSW Pet Registry, but the option exists to utilise Council for this service. Council is required to update the information within seven days of receipt. The number of forms entered onto the NSW Companion Animals Register by the Animal Shelter staff this quarter are listed in Table 9.

Table 9: Companion animal forms processed by Council

Function	Number
Change of owner	1,489
Change of address or details	130
Permanent identification	426
Lifetime Registration	1,073
Total	3,118

A total of 1,166 registrations totalling \$76,482 were received via Council (Appendix 5).

A total of 60 additional fees for non desexed dogs were received via Council (Appendix 6)

Education

Compliance

The compliance team has undertaken the following education measures in the first half of 2025.

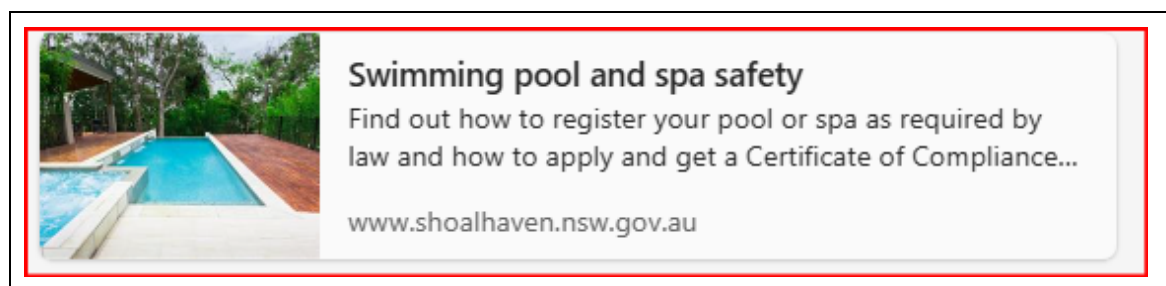

Stormwater

The compliance team is developing an educational program on stormwater controls and individual owner responsibilities. This proactive approach to complaints has reduced unqualified requests through direct communication and public education.

Swimming Pools

Promotion of swimming pool barrier safety continues, providing advice and guidance to the public. This is especially important to swimming pool owners with the upcoming adoption of a new Australian Standard for child resistant swimming pool barriers (AS1926.1:2024)

The swimming pool compliance video has been available on Council's website since March 2025. It has been viewed 362 times and has received a further 142 views on Vimeo. [Swimming pool and spa safety | Shoalhaven City Council](#)

Environmental Health

Webinar Presentation

Our Environmental Health Officer – Soil and Water presented a webinar for Stormwater NSW around the balance between education and enforcement, and the importance of collaboration, networking and building better relationships in the erosion and sediment field. This was well attended with over 160 participants across the state.

Ranger Services

The following education and promotion was carried out by Ranger Services:

Responsible dog ownership project & digital engagement summary

Videos providing education to pet owners are available on Council's website, Facebook and Instagram.

Council Website

- Dedicated Page Launch Date: 27 March 2025
- Total Page Views (since launch): 1,266
- Views in 2025 (from 1 Jan to 26 Aug): 343

Social Media (Facebook & Instagram)

- Video Reach: Over 8,000 users
- Engagements (likes, shares, comments): Approximately 4,000
- Facebook Link: Council Website – [Responsible-dog-ownership](#)

Cinema Outreach

- Venue: Huskisson Pictures
- Video Screening Period: Until 14 June 2025

Key Insights

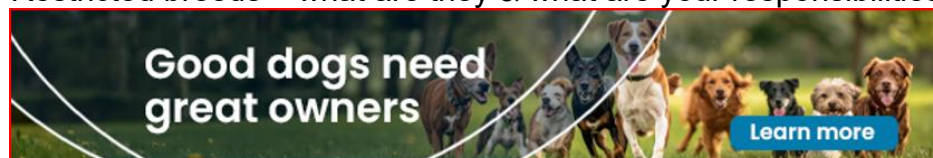

- Strong engagement on social media indicates high community interest and interaction.
- Continued visibility through Huskisson Pictures helped reinforce messaging in a local setting.
- Website traffic shows consistent interest, with a notable number of views since the page's official launch.

Animal Shelter

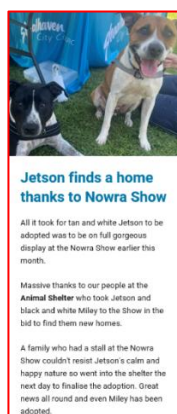

The animal shelter posted 30 “Did you know” posts on Facebook with topics including:

- Dog behaviour traits
- Barking dogs
- Updating microchip details
- Dog and cat statistics comparisons – microchipped & reclaimed
- Indoor cats – how to keep them happy
- Name tags – available at the shelter

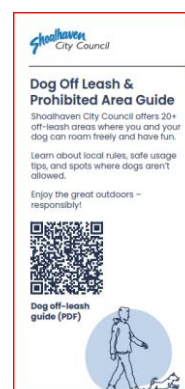

Restricted breeds – what are they & what are your responsibilities

Banner on Council emails - June 2025

Staff Newsletter - March 2025

Cost-effective handouts for residents and visitors with QR code to enable viewing of the dog access guide - August 2025
